JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FIFTY-FOURTH DAY, WEDNESDAY, APRIL 10, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

“He that doeth the will of God abideth forever.” (John 2:17)

God of grace and God of glory, pour Your power upon us as we seek You in prayer. In dark days we have no light but Yours; in times of trouble, no refuge but in You; in periods of perplexity, no strength but the strength You bestow upon the believing heart. To You do we commit ourselves and our citizens, praying that in weakness we may be made strong, in restlessness may we find rest in You, and when confused we may have an understanding of Your awesome presence.

Grant to us the courage to walk in the way of Your commandments, the confidence to do Your will, and the consciousness that You are with us every moment of every day. So may we live as we pray and as we pray so may we live here in the People’s House.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-third day was approved as printed by the following vote:

Further amend said bill, Page 24, Section 454.1050, Line 49, by inserting after said section and line the following:

"456.950. 1. As used in this section, "qualified spousal trust" means a trust:

- (1) The settlors of which are married to each other at the time of the creation of the trust; and
- (2) The terms of which provide that during the joint lives of the settlors **or the life of the sole surviving settlor** all property transferred to, or held by, the trustee are:
 - (a) Held and administered in one trust for the benefit of both settlors, **which may be** revocable by either settlor or both settlors while either or both are alive, **and by one settlor after the death or incapacity of the other**, and each settlor having the right to receive distributions of income or principal, whether mandatory or within the discretion of the trustee, from the entire trust for the joint lives of the settlors and for the survivor's life; or
 - (b) Held and administered in two **or more** separate shares of one trust for the benefit of each **or both** of the settlors, with the trust revocable by each settlor with respect to that settlor's separate share of that trust without the participation or consent of the other settlor, and each settlor having the right to receive distributions of income or principal, whether mandatory or within the discretion of the trustee, from that settlor's separate share for that settlor's life; or

(c) Held and administered under the terms and conditions contained in paragraphs (a) and (b) of this subdivision.

2. A qualified spousal trust may contain any other trust terms that are not inconsistent with the provisions of this section, including, without limitation, a discretionary power to distribute trust property to a person in addition to a settlor.

3. All property at any time held in a qualified spousal trust, without regard to how such property was titled prior to it being so held^[5]:

(1) Shall have the same immunity from the claims of a separate creditor of either settlor as if such property were held outside the trust by the settlors as tenants by the entirety, unless otherwise provided in writing by the settlor or settlors who transferred such property to the trust, and such property shall be treated for that purpose, including without limitation, federal and state bankruptcy laws, as tenants by entirety property~~[-Property held in a qualified spousal trust];~~

(2) **With the exception of any written financial obligations, written guarantees, or secured or unsecured transactions executed by the settlors and held in a qualified spousal trust, shall continue to be immune and exempt from attachment during the life of the surviving settlor to the extent the property was held in a qualified spousal trust prior to the death of the first settlor and remains in a qualified spousal trust. This includes any property appreciation; and**

(3) Shall cease to receive immunity from the claims of creditors upon the dissolution of marriage of the settlors by a court.

4. As used in this section, "property" means any interest in any type of property held in a qualified spousal trust, the income thereon, and any property into which such interest, proceeds, or income may be converted.

5. Upon the death of each settlor, all property held by the trustee of the qualified spousal trust shall be distributed as directed by the then current terms of the governing instrument of such trust. Upon the death of the first settlor to die, if immediately prior to death the predeceased settlor's interest in the qualified spousal trust was then held **or deemed to be held** in such settlor's separate share, the property held in such settlor's separate share may pass into an irrevocable trust for the benefit of the surviving settlor **or other beneficiary** upon such terms as the governing instrument shall direct, including without limitation a spendthrift provision as provided in section 456.5-502. **Property may be held in or transferred to a settlor's joint or separate share of a trust:**

- (1) **By designation under the current terms of the governing instrument of such trust;**
- (2) **According to the specific titling of property or other designation that refers to such joint or separate share of such trust; or**
- (3) **By designation to the trustee as the owner as provided in section 456.1-113.**

6. The respective rights of settlors who are married to each other in any property for purposes of a dissolution of the settlors' marriage shall not be affected or changed by reason of the transfer of that property to, or its subsequent administration as an asset of, a qualified spousal trust during the marriage of the settlors, unless both settlors expressly agree otherwise in writing.

7. No transfer to a qualified spousal trust shall avoid or defeat the Missouri uniform fraudulent transfer act in chapter 428.

8. This section shall apply to all trusts which fulfill the criteria set forth in this section for a qualified spousal trust regardless of whether such trust was created before, on, or after August 28, 2011."; and

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FIFTY-FIFTH DAY, THURSDAY, APRIL 11, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

“Lord, who shall abide in Thy tabernacle? Who shall dwell in Thy holy hill? He that walketh uprightly and worketh righteousness, and speaketh the truth in his heart.” (Psalm 15:1-2)

O God, our Creator, who is never far from any one of us, for in You we live and move and have our being, help us to be aware of Your power, to walk in the way of our faith and to receive Your love, which daily is freely offered to us. Give to us such a regard for truth, such a desire for guidance, and such a readiness to love that we may go beyond all doubts and discouragements and center our minds on You alone.

There are times when we do not know what to do, yet something must be done. Help us to pray – not will it help me only but will it be a benefit to others and to our State; not is it for my good but it is for the good of everyone; not is it expedient but is it right. O God, help us to do what is right in our beloved Missouri.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fourth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FIFTIETH DAY, WEDNESDAY, APRIL 3, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Mitch Boggs.

Let us pray.

As we gather to do the people's business today, may we recall the awe that we felt the first time we entered this beautiful building. Help us to not be driven by personal pride, but to work hard to pass legislation that makes a better state for all of us. Be with our families back home and help us to realize that our work here is based on relationships, not personalities. Thank You for the opportunity to serve the citizens of the great state of Missouri.

And the House says, "Amen."

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-ninth day was approved as corrected by the following vote:

ESCORT COMMITTEE

The Speaker appointed the following escort committee to escort Bill S.C. Huang, the Director General of the Taipei Economic and Cultural Office in Denver, Colorado, to the House Chamber: Representatives Davidson, Wilson, McGaugh, Justus, Strickler, Anderson, Banderman, Steinhoff, Schwadron, Waller, Hausman and Weber.

The Sergeant-at-Arms announced the approach of Bill S.C. Huang, the Director General of the Taipei Economic and Cultural Office in Denver, Colorado. The Director General was duly escorted to the House Chamber and the Speaker's dais, where he delivered the following message to the House.

ADDRESS BY BILL S.C. HUANG DIRECTOR GENERAL OF THE TAIPEI ECONOMIC AND CULTURAL OFFICE

Hon. Speaker of the House of Representatives, Hon. Members of the House, ladies and gentlemen, good morning! Thank you for inviting me and my team here today. It is a great honor for me to address the esteemed Legislature of the “Show Me State,” and share with you what Taiwan has to show for, namely the mutually beneficial relations between Taiwan and the United States, in particular the great state of Missouri.

The United States and Taiwan both cherish universal values of democracy, liberty, respect for human rights and the rule of law. Taiwan is a young democracy, but a mature one at that. In January 2024, Taiwan successfully completed its eighth direct Presidential election, as well as the 11th Legislative election, once again reaching a milestone in its democracy.

Over the past decades, Taiwan has become a dependable and indispensable part of key global supply chains. Taiwan is 1/5 the size of Missouri but it accounts for more than 90 percent of the most advanced manufacturing, and 60 percent of the global production of microchips. Taiwan is also a leading player in the world's information and communications technology industry, as well as a major supplier of goods across a whole industrial spectrum. With a population of only 23.5 million, it was the world's 21st largest economy in 2023. In the International Institute for Management Development's (IMD's) World Competitiveness Ranking, Taiwan has risen for five straight years, ranking sixth overall in 2023. And in the Heritage Foundation's recent Index of Economic Freedom, Taiwan has ranked fourth in the world for the second year in a row. It is fair to say that across various metrics, Taiwan has been proved to be a resilient and reliable stakeholder of global economy in the post-COVID era.

My Office has long enjoyed strong bonds and connections with Missouri. Founded in Kansas City, Missouri in 1985, it was originally Taiwan's Consulate General equivalent in the Great Plains and Rocky Mountains' eastern foothills. The office relocated to Denver, Colorado in 2015, and was rechristened "Taipei Economic and Cultural Office in Denver." The service area of my office includes Missouri, Colorado, Kansas, Nebraska, South and North Dakotas. In addition to consular and expatriate services, we are charged mainly with the mission to promote bilateral cooperation in trade, investment, culture, education and tourism between Taiwan and the 6 states in the region. Modern history between Taiwan and Missouri goes way back. On June 7, 1950, two days after the out-break of the Korean War, then U.S. President Harry Truman, a native son of Lamar Missouri, ordered the 7th fleet to cruise the Taiwan Strait. For the next 30 years, U.S. security commitment and military presence helped secured peace and stability across the Taiwan Strait. Over the years, missionary visits, student exchanges and international business have brought us closer together. Taiwan has enjoyed a sister-state relationship with Missouri since 1980. Since 1978, Kansas City, Missouri has been a sister city of Tainan City, now a tech-hub for the semiconductor and other high-tech sectors in southern Taiwan. I am also privileged to have witnessed your esteemed Legislature pass the Joint Resolution supporting Taiwan earlier today. Thank you for the staunch support of the people and the government of Taiwan!

Missouri and Taiwan have long enjoyed mutually beneficial trade relations with great potential for further growth. In 2023, Missouri has imported products valued at USD 580 million from Taiwan, mostly intermediary goods such as precision machinery, fabricated metal products, transportation equipment, computer and electronic products to facilitate local manufacturing operations, while Taiwan imported from Missouri chemicals, processed foods, computer and electronic products, etc. By the way, Missouri also sold Taiwan lots of rice, a staple food of the Taiwanese. I also would like to mention that the joint venture between Global Foundries and Taiwan's Global Wafers in O'Fallon, Missouri, marks not only a milestone in the development of Missouri's semiconductor sector, but also showcases what Taiwan and Missouri can do together to stabilize global supply chains and create high-quality jobs for the people.

Year 2024 marks the 45th anniversary of the "Taiwan Relations Act" (TRA). Since 1979, TRA has provided a framework for the economic, cultural, educational and even security relations between our two peoples to thrive in lieu of formal diplomatic relations. Over the past 45 years, the United States has remained Taiwan's second largest trading partner and third largest source of investment, and Taiwan has become the United States' eighth largest trading partner. Bilateral trade has grown from USD 9 billion in year 1979 to USD 160 billion in year 2022.

In the past few years, our trade relations have continued to grow significantly, on average by 20% even during the pandemic. Through the Taiwan-US Economic Prosperity Partnership Dialogue (EPPD) and the Taiwan-US Technology, Trade and Investment Cooperation Framework (TTIC), we have strengthened cooperation in supply chains and green transformation. Last month the "Memorandum of Understanding on International Development Cooperation" was also signed by both sides, enabling us to better coordinate aid and development loan operation and promote good governance and benign development models around the world, and to counteract authoritarian regime's global expansion via malicious development models such as China's "debt-trap" diplomacy.

An eye-catching development is the signing of the first batch of trade agreements under the "Taiwan-US 21st Century Trade Initiative" in June 2023. These agreements cover technical trade issues such as customs administration and trade facilitation, good regulatory practices, service trade, and domestic regulations. The goal of these agreements was to create more transparent regulatory procedures that can facilitate investments and economic opportunities in both markets. The second phase of negotiations is underway. Future agreements will build a more solid foundation for bilateral economic partnership on more sensitive regards, including labor, agriculture, and the environment.

We also look forward to achieving tangible results soon on the talk regarding “Avoidance of Double Taxation Agreement” (ADTA) between Taiwan and the United States. The signing of ADTA will help the U.S attract more investments from Taiwanese companies, and vice versa. Of 10 largest trading partners of the United States, Taiwan is the only county that has yet to conclude an ADTA with you. Your steadfast and continued support of these ongoing dialogues will surely help enhance growth of mutual trade and investment and create a win-win scenario for our next generation.

Taiwan has faced external threats for over 70 years. We wish to conduct healthy and orderly exchanges with China but under no preconditions. We also hope, in the spirit of peace, parity, democracy, and dialogue, to jointly seek a long-term, stable way forward for peaceful coexistence with China.

As conflicts between liberal democracy and authoritarianism re-emerged in many parts of the world, people of Taiwan will continue to defend democracy and protect peace.

Many friends in the U.S. questioned whether a peace-loving and comparatively smaller country like Taiwan can fend off unrelenting aggressions from China. Here I’ll give you a simple answer by quoting a world famous Missourian, Samuel Clemens, better known as Mark Twain: “It’s not the size of the dog in the fight, it’s the size of the fight in the dog (that counts).” Taiwan will never cower nor falter in the face of military intimidation, economic coercion, gray-zone tactics, international isolation and any other forms of bullying.

Like the Saint Louis born poet and civil rights activist Maya Angelou once said:

“You may write me down in history
With your bitter, twisted lies,
You may trod me in the very dirt
But still, like dust, I’ll rise.”

Not only will Taiwan rise, but it will also contribute to global public goods by actively seeking to participate in international organizations such as the World Health Organization, the International Civil Aviation Organization, INTERPOL and other UN-affiliated organizations. To achieve that goal, we need the continued support of the United States and other like-minded countries.

To maintain peace, goodwill is necessary, but strength is crucial. Taiwan has for years assiduously prepared itself for all-out civilian and defense mobilization, enhanced our counter-offensive and asymmetric warfare capabilities such as missile defense, as well as procured indigenous and foreign built defense platforms and systems such as building the first batch of indigenous defense submarines and unmanned aviation systems. It is nicknamed a “porcupine island” for good reasons. Last year, major international companies such as Google, Microsoft, Micron Technology and ASML announced major investment projects in Taiwan, demonstrating their confidence in Taiwan’s future.

Meanwhile, we also have to thank the United States for its security commitment and assistance, and major liberal democracies for their concern and unequivocal support for continued peace, stability and prosperity across the Taiwan Strait. At this “Munich moment,” free and democratic countries have been alerted to the expansion of autocracies, with Taiwan at the forefront defending the rules-based world order. The choice is obvious: either we hang together, or we hang separately.

As I mentioned earlier, on January 13th of this year, voters in Taiwan elected incumbent Vice President Lai Ching-te to be the next President, and former Representative to the United States, Ambassador Bi-Kim Hsiao to be the next Vice President. I am confident that Taiwan will continue to stay on the right course under the new administration. I expect much closer relations between Taiwan and the United States in the future. And I am sure that Taiwan and Missouri will continue to explore new areas of cooperation such as in the semiconductor, ag-tech, green energy, electronic vehicles and global logistics sectors. Let’s work together and thrive together! Thank you!

4. Notwithstanding any law to the contrary, nothing in this chapter nor any regulation promulgated by the department including, but not limited to, any regulation promulgated under sections 374.045, 380.021, 380.271, and 380.561, shall require or be construed to require any company operating under the provisions of this chapter to acquire or carry reinsurance greater than adequate reinsurance including, but not limited to, unlimited aggregate reinsurance. The written notice of hearing shall itemize the reasons why the director believes the proposed merger will prejudice the policyholders of the companies and it shall include a hearing date regarding the proposed merger no earlier than thirty days and no later than sixty days after the notice of hearing is received by the companies involved in the proposed merger.

6. (1) Notwithstanding the provisions of section 380.491, the department shall not charge a rate exceeding a reasonable fee. A reasonable fee is determined by the average market rate typically charged by third-party vendors for such services. All working papers, recorded information, documents, and copies thereof produced by, obtained by, or disclosed to the department or any other person in the course of an examination made under this chapter shall be given confidential treatment and are not subject to subpoena and shall not be made public by the department or to any other person, except as follows:

AMEND House Bill No. 2440, Page 1, Section A, Line 2, by inserting after said section and line the following:

"303.425. 1. (1) There is hereby created within the department of revenue the motor vehicle financial responsibility enforcement and compliance incentive program. The department of revenue may enter into contractual agreements with third-party vendors to facilitate the necessary technology and equipment, maintenance thereof, and associated program management services.

(2) The department of revenue or a third-party vendor shall utilize technology to compare vehicle registration information with the financial responsibility information accessible through the system. The department of revenue shall utilize this information to identify motorists who are in violation of the motor vehicle financial responsibility law. The department of revenue may offer offenders under this program the option of pretrial diversion as an alternative to statutory fines or reinstatement fees prescribed under the motor vehicle financial responsibility law as a method of encouraging compliance and discouraging recidivism.

(3) The department of revenue or third-party vendors shall not use any data collected from or technology associated with any automated motor vehicle financial responsibility enforcement system. For purposes of this subdivision, "motor vehicle financial responsibility enforcement system" means a device consisting of a camera or cameras and vehicle sensor or sensors installed to record motor vehicle financial responsibility violations.

(4) All fees paid to or collected by third-party vendors under sections 303.420 to 303.440 may come from violator diversion fees generated by the pretrial diversion option established under this section.

2. The department of revenue may authorize law enforcement agencies or third-party vendors to use technology to collect data for the investigation, detection, analysis, and enforcement of the motor vehicle financial responsibility law.

3. The department of revenue may authorize traffic enforcement officers or third-party vendors to administer the processing and issuance of notices of violation, the collection of fees for a violation of the motor vehicle financial responsibility law, or the referral of cases for prosecution, under the program.

4. Access to the system shall be restricted to qualified agencies and the third-party vendors with which the department of revenue contracts for purposes of the program, provided that any third-party vendor with which a contract is executed to provide necessary technology, equipment, or maintenance for the program shall be authorized as necessary to collaborate for required updates and maintenance of system software.

5. For purposes of the program, any data collected and matched to a corresponding vehicle insurance record as verified through the system, and any Missouri vehicle registration database, may be used to identify violations of the motor vehicle financial responsibility law. Such corresponding data shall constitute evidence of the violations.

6. Except as otherwise provided in this section, the department of revenue shall suspend, in accordance with section 303.041, the registration of any motor vehicle that is determined under the program to be in violation of the motor vehicle financial responsibility law.

7. The department of revenue shall send to an owner whose vehicle is identified under the program as being in violation of the motor vehicle financial responsibility law a notice that the vehicle's registration may be suspended unless the owner, within thirty days, provides proof of financial responsibility for the vehicle or proof, in a form specified by the department of revenue, that the owner has a pending criminal charge for a violation of the motor vehicle financial responsibility law. The notice shall include information on steps an individual may take to obtain proof of financial responsibility and a web address to a page on the department of revenue's website where information

on obtaining proof of financial responsibility shall be provided. If proof of financial responsibility or a pending criminal charge is not provided within the time allotted, the department of revenue shall provide a notice of suspension and suspend the vehicle's registration in accordance with section 303.041, or shall send a notice of vehicle registration suspension, clearly specifying the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the vehicle owner to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made, as well as informing the owner that the matter will be referred for prosecution if a satisfactory response is not received in the time allotted, informing the owner that the minimum penalty for the violation is three hundred dollars ~~and four license points~~, and offering the owner participation in a pretrial diversion option to preclude referral for prosecution and registration suspension under sections 303.420 to 303.440. The notice of vehicle registration suspension shall give a period of thirty-three days from mailing for the vehicle owner to respond, and shall be deemed received three days after mailing. If no request for a hearing or agreement to participate in the diversion option is received by the department of revenue prior to the date provided on the notice of vehicle registration suspension, the director shall suspend the vehicle's registration, effective immediately, and refer the case to the appropriate prosecuting attorney. If an agreement by the vehicle owner to participate in the diversion option is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then upon payment of a diversion participation fee not to exceed two hundred dollars, agreement to secure proof of financial responsibility within the time provided on the notice of suspension, and agreement that such financial responsibility shall be maintained for a minimum of two years, no points shall be assessed to the vehicle owner's driver's license under section 302.302 and the department of revenue shall not take further action against the vehicle owner under sections 303.420 to 303.440, subject to compliance with the terms of the pretrial diversion option. The department of revenue shall suspend the vehicle registration of, and shall refer the case to the appropriate prosecuting attorney for prosecution of, participating vehicle owners who violate the terms of the pretrial diversion option. If a request for hearing is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then for all purposes other than eligibility for participation in the diversion option, the effective date of the suspension shall be stayed until a final order is issued following the hearing. The department of revenue shall suspend the registration of vehicles determined under the final order to have violated the motor vehicle financial responsibility law, and shall refer the case to the appropriate prosecuting attorney for prosecution. Notices under this subsection shall be mailed to the vehicle owner at the last known address shown on the department of revenue's records. The department of revenue or its third-party vendor shall issue receipts for the collection of diversion participation fees. Except as otherwise provided in subsection 1 of this section, all such fees shall be deposited into the motor vehicle financial responsibility verification and enforcement fund established in section 303.422. A vehicle owner whose registration has been suspended under sections 303.420 to 303.440 may obtain reinstatement of the registration upon providing proof of financial responsibility and payment to the department of revenue of a nonrefundable reinstatement fee equal to the fee that would be applicable under subsection 2 of section 303.042 if the registration had been suspended under section 303.041.

8. Data collected or retained under the program shall not be used by any entity for purposes other than enforcement of the motor vehicle financial responsibility law. Data collected and stored by law enforcement under the program shall be considered evidence if noncompliance with the motor vehicle financial responsibility law is confirmed. The evidence, and an affidavit stating that the evidence and system have identified a particular vehicle as being in violation of the motor vehicle financial responsibility law, shall constitute probable cause for prosecution and shall be forwarded in accordance with subsection 7 of this section to the appropriate prosecuting attorney.

9. Owners of vehicles identified under the program as being in violation of the motor vehicle financial responsibility law shall be provided with options for disputing such claims which do not require appearance at any state or local court of law, or administrative facility. Any person who presents timely proof that he or she was in compliance with the motor vehicle financial responsibility law at the time of the alleged violation shall be entitled to dismissal of the charge with no assessment of fees or fines. Proof provided by a vehicle owner to the department of revenue that the vehicle was in compliance at the time of the suspected violation of the motor vehicle financial responsibility law shall be recorded in the system established by the department of revenue under section 303.430.

10. The collection of data pursuant to this section shall be done in a manner that prohibits any bias towards a specific community, race, gender, or socioeconomic status of vehicle owner.

11. Law enforcement agencies, third-party vendors, or other entities authorized to operate under the program shall not sell data collected or retained under the program for any purpose or share it for any purpose not expressly authorized in this section. All data shall be secured and any third-party vendor or other entity authorized to operate under the program may be liable for any data security breach.

12. The department of revenue shall not take action under sections 303.420 to 303.440 against vehicles registered as fleet vehicles under section 301.032, or against vehicles known to the department of revenue to be insured under a policy of commercial auto coverage, as such term is defined in subdivision (10) of subsection 2 of section 303.430.

13. Following one year after the implementation of the program, and every year thereafter **for a period of five years**, the department of revenue shall provide a report to the president pro tempore of the senate, the speaker of the house of representatives, the chairs of the house and senate committees with jurisdictions over insurance or transportation matters, and the chairs of the house budget and senate appropriations committees. The report shall include an evaluation of program operations, information as to the costs of the program incurred by the department of revenue, insurers, and the public, information as to the effectiveness of the program in reducing the number of uninsured motor vehicles, and anonymized demographic information including the race and zip code of vehicle owners identified under the program as being in violation of the motor vehicle financial responsibility law, and may include any additional information and recommendations for improvement of the program deemed appropriate by the department of revenue. The department of revenue may, by rule, require the state, counties, and municipalities to provide information in order to complete the report.

14. The department of revenue may promulgate rules as necessary for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.430. 1. The department of revenue shall establish and maintain a web-based system for the verification of motor vehicle financial responsibility, shall provide access to insurance reporting data and vehicle registration and financial responsibility data, and shall require motor vehicle insurers to establish functionality for the verification system, as provided in sections 303.420 to 303.440. The verification system, including any exceptions as provided for in sections 303.420 to 303.440 or in the implementation guide developed to support the program, shall supersede any existing verification system, and shall be the sole system used for the purpose of verifying financial responsibility required under this chapter.

2. The system established pursuant to subsection 1 of this section shall be subject to the following:

(1) The verification system shall transmit requests to insurers for verification of motor vehicle insurance coverage via web services established by the insurers through the internet in compliance with the specifications and standards of the Insurance Industry Committee on Motor Vehicle Administration, or "IICMVA". Insurance company systems shall respond to each request with a prescribed response upon evaluation of the data provided in the request. The system shall include appropriate protections to secure its data against unauthorized access, and the department of revenue shall maintain a historical record of the system data for a period of no more than twelve months from the date of all requests and responses. The system shall be used for verification of the financial responsibility required under this chapter. The system shall be accessible to authorized personnel of the department of revenue, the courts, law enforcement personnel, and other entities authorized by the state as permitted by state or federal privacy laws, and it shall be interfaced, wherever appropriate, with existing state systems. The system shall include information enabling the department of revenue to submit inquiries to insurers regarding motor vehicle insurance which are consistent with insurance industry and IICMVA recommendations, specifications, and standards by using the following data elements for greater matching accuracy: insurer National Association of Insurance Commissioners, or "NAIC", company code; vehicle identification number; policy number; verification date; or as otherwise described in the specifications and standards of the IICMVA. The department of revenue shall promulgate rules to offer insurers who insure one thousand or fewer vehicles within this state an alternative method for verifying motor vehicle insurance coverage in lieu of web services, and to provide for the verification of financial responsibility when financial responsibility is proven to the department to be maintained by means other than a policy of motor vehicle insurance. Insurers shall not be required to verify insurance coverage for vehicles registered in other jurisdictions;

(2) The verification system shall respond to each request within a time period established by the department of revenue. An insurer's system shall respond within the time period prescribed by the IICMVA's specifications and standards. Insurer systems shall be permitted reasonable system downtime for maintenance and other work with advance notice to the department of revenue. Insurers shall not be subject to enforcement fees or other sanctions under such circumstances, or when systems are not available because of emergency, outside attack, or other unexpected outages not planned by the insurer and reasonably outside its control;

(3) The system shall assist in identifying violations of the motor vehicle financial responsibility law in the most effective way possible. Responses to individual insurance verification requests shall have no bearing on whether insurance coverage is determined to be in force at the time of a claim. Claims shall be individually investigated to determine the existence of coverage. Nothing in sections 303.420 to 303.440 shall prohibit the department of revenue from contracting with a third-party vendor or vendors who have successfully implemented similar systems in other states to assist in establishing and maintaining this verification system;

(4) The department of revenue shall consult with representatives of the insurance industry and may consult with third-party vendors to determine the objectives, details, and deadlines related to the system by establishment of an advisory council. **Members of the advisory council shall serve in an advisory capacity in matters pertaining to the administration of sections 303.420 to 303.440, as the department of revenue may request. The advisory council shall expire one year after implementation of the program.** The advisory council shall consist of voting members comprised of:

(a) The director of the department of commerce and insurance, or his or her designee, who shall serve as chair;

(b) Two representatives of the department of revenue, to be appointed by the director of the department of revenue;

(c) One representative of the department of commerce and insurance, to be appointed by the director of the department of commerce and insurance;

(d) Three representatives of insurance companies, to be appointed by the director of the department of commerce and insurance;

(e) One representative from the Missouri Insurance Coalition;

(f) One representative chosen by the National Association of Mutual Insurance Companies;

(g) One representative chosen by the American Property and Casualty Insurance Association;

(h) One representative chosen by the Missouri Independent Agents Association; and

(i) Such other representatives as may be appointed by the director of the department of commerce and insurance;

(5) The department of revenue shall publish for comment, and then issue, a detailed implementation guide for its online verification system;

(6) The department of revenue and its third-party vendors, if any, shall each maintain a contact person for insurers during the establishment, implementation, and operation of the system;

(7) If the department of revenue has reason to believe a vehicle owner does not maintain financial responsibility as required under this chapter, it may also request an insurer to verify the existence of such financial responsibility in a form approved by the department of revenue. In addition, insurers shall cooperate with the department of revenue in establishing and maintaining the verification system established under this section, and shall provide motor vehicle insurance policy status information as provided in the rules promulgated by the department of revenue;

(8) Every property and casualty insurance company licensed to issue motor vehicle insurance or authorized to do business in this state shall comply with sections 303.420 to 303.440, and corresponding rules promulgated by the department of revenue, for the verification of such insurance for every vehicle insured by that company in this state;

(9) Insurers shall maintain a historical record of insurance data for a minimum period of six months from the date of policy inception or policy change for the purpose of historical verification inquiries;

(10) For the purposes of this section, "commercial auto coverage" shall mean any coverage provided to an insured, regardless of number of vehicles or entities covered, under a commercial coverage form and rated from a commercial manual approved by the department of commerce and insurance. Sections 303.420 to 303.440 shall not apply to vehicles insured under commercial auto coverage; however, insurers of such vehicles may participate on a voluntary basis, and vehicle owners may provide proof at or subsequent to the time of vehicle registration that a vehicle is insured under commercial auto coverage, which the department of revenue shall record in the system;

(11) Insurers shall provide commercial or fleet automobile customers with evidence reflecting that the vehicle is insured under a commercial or fleet automobile liability policy. Sufficient evidence shall include an insurance identification card clearly marked with a suitable identifier such as "commercial auto insurance identification card", "fleet auto insurance identification card", or other clear identification that the vehicle is insured under a fleet or commercial policy;

(12) Notwithstanding any provision of sections 303.420 to 303.440, insurers shall be immune from civil and administrative liability for good faith efforts to comply with the terms of sections 303.420 to 303.440;

(13) Nothing in this section shall prohibit an insurer from using the services of a third-party vendor for facilitating the verification system required under sections 303.420 to 303.440.

3. The department of revenue shall promulgate rules as necessary for the implementation of sections 303.420 to 303.440. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.440. The verification system established under section 303.430 shall be installed and fully operational ~~[on January 1, 2025]~~ **no later than December 31, 2027, or as soon as technologically possible following the development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles, to be funded by the motor vehicle administration technology fund as created in section 301.558,** following an appropriate testing or pilot period of not less than nine months. Until the successful completion of the testing or pilot period in the judgment of the director of the department of revenue, no enforcement action shall be taken based on the system, including but not limited to action taken under the program established under section 303.425."; and

(4) The refund is requested for a transaction that the licensee has not completed based on a reasonable belief or a reasonable basis to believe that a crime or violation of law, rule, or regulation has occurred, is occurring, or may occur; or

3. A licensee that maintains a bond in the maximum amount provided for in subsection 2 of this section shall not be required to calculate its average daily money transmission liability in this state for purposes of this section.

361.1005. 1. A licensee shall maintain at all times permissible investments that have a market value computed in accordance with United States generally accepted accounting principles of not less than the aggregate amount of all of its outstanding money transmission obligations.

2. Except for permissible investments enumerated in subsection 1 of section 361.1008, the director, with respect to any licensee, may by rule limit the extent to which a specific investment maintained by a licensee within a class of permissible investments may be considered a permissible investment if the specific investment represents undue risk to customers not reflected in the market value of investments.

3. Permissible investments, even if commingled with other assets of the licensee, are held in trust for the benefit of the purchasers and holders of the licensee's outstanding money transmission obligations in the event of insolvency, the filing of a petition by or against the licensee under the United States Bankruptcy Code, 11 U.S.C. of such purchasers and holders on a pro rata and equitable basis in accordance with statutes under which permissible investments are required to be held in this state, and other states, as applicable. Any statutory trust established under this subsection shall be terminated upon extinguishment of all of the licensee's outstanding money transmission obligations.

5. The director by rule or by order may allow other types of investments that the director determines are of sufficient liquidity and quality to be a permissible investment. The director is authorized to participate in efforts with other state regulators to determine that other types of investments are of sufficient liquidity and quality to be a permissible investment.

The letter of credit shall:

(a) Be issued by a federally insured depository financial institution, a foreign bank that is authorized under federal law to maintain a federal agency or federal branch office in a state or states, or a foreign bank that is authorized under state law to maintain a branch in a state that:

If the licensee is not able to do so, the director may draw on the letter of credit in an amount up to the amount necessary to meet the licensee's requirements to maintain permissible investments in accordance with subsection 1 of section 361.1005. Any such draw shall be offset against the licensee's outstanding money transmission obligations. The drawn funds shall be held in trust by the director or the director's designated agent, to the extent authorized by law, as agent for the benefit of the purchasers and holders of the licensee's outstanding money transmission obligations.

4. The director may designate an agent to serve on the director's behalf as beneficiary to a letter of credit so long as the agent and letter of credit meet requirements established by the director. The director's agent may serve as agent for multiple licensing authorities for a single irrevocable letter of credit if the proceeds of the drawable amount for the purposes of this subsection are assigned to the director.

5. The director is authorized to participate in multistate processes designed to facilitate the issuance and administration of letters of credit including, but not limited to, services provided by the NMLS, State Regulatory Registry LLC or other third parties.

(8) The licensee does not remove an authorized delegate after the director issues and serves upon the licensee a final order including a finding that the authorized delegate has violated sections 361.900 to 361.1035.

2. In determining whether a licensee is engaging in an unsafe or unsound practice, the director may consider the size and condition of the licensee's money transmission, the magnitude of the loss, the gravity of the violation of sections 361.900 to 361.1035, and the previous conduct of the person involved.

361.1014. 1. The director may issue an order suspending or revoking the designation of an authorized delegate, if the director finds that:

3. An authorized delegate may apply for relief from a suspension or revocation of designation as an authorized delegate according to procedures prescribed by the director.

361.1017. 1. If the director determines that a violation of sections 361.900 to 361.1035 or of a rule adopted or an order issued under sections 361.900 to 361.1035 by a licensee or authorized delegate is likely to cause immediate and irreparable harm to the licensee, its customers, or the public as a result of the violation, or cause insolvency or significant dissipation of assets of the licensee, the director may issue an order requiring the licensee or authorized delegate to cease and desist from the violation. The order becomes effective upon service to the licensee or authorized delegate.

2. The director may issue an order against a licensee to cease and desist from providing money transmission through an authorized delegate that is the subject of a separate order by the director.

3. An order to cease and desist remains effective and enforceable pending the completion of an administrative proceeding under chapter 536.

3. (1) A provider that consummates a commercial financing transaction shall disclose the terms of the commercial financing transaction as required by this section. The disclosures shall be provided at or before consummation of the transaction. The example shall be based on an accounts receivable total face amount owed of ten thousand dollars. Only one disclosure is required for each commercial financing facility, and a disclosure is not required as result of a modification, forbearance, or change to the facility. A new disclosure is not required each time accounts receivable are purchased under the facility.

4. The provisions of this section shall not apply to the following:

The operator of a self-service storage facility has a lien on all personal property stored within each leased space for rent, labor, or other charges, and for expenses reasonably incurred in sale of such personal property, as provided in sections 415.400 to 415.425. The lien established by this subsection shall have priority over all other liens except those liens that have been perfected and recorded on personal property. The rental agreement shall contain a statement, in bold type, advising the occupant of the existence of such lien and that property stored in the leased space may be sold to satisfy such lien if the occupant is in default, and that any proceeds from the sale of the property which remain after satisfaction of the lien will be paid to the state treasurer if unclaimed by the occupant within one year after the sale of the property.

2. If the occupant is in default for a period of more than forty-five days, the operator may enforce the lien granted in subsection 1 of this section and sell the property stored in the leased space for cash. Sale of the property stored on the premises may be done at a public or private sale, may be done as a unit or in parcels, or may be by way of one or more contracts, and may be at any time or place and on any terms as long as the sale is done in a commercially reasonable manner in accordance with the provisions of section 400.9-627. The operator may otherwise dispose of any property which has no commercial value.

3. The proceeds of any sale made under this subsection shall be applied to satisfy the lien, with any surplus being held for delivery on demand to the occupant or any other lienholders which the operator knows of or which are contained in the statement filed by the occupant pursuant to subsection 3 of section 415.410 for a period of one year after receipt of proceeds of the sale and satisfaction of the lien. No proceeds shall be paid to an occupant until such occupant files a sworn affidavit with the operator stating that there are no other valid liens outstanding against the property sold and that he or she, the occupant, shall indemnify the operator for any damages incurred or moneys paid by the operator due to claims arising from other lienholders of the property sold. After the one-year period set in this subsection, any proceeds remaining after satisfaction of the lien shall be considered abandoned property to be reported and paid to the state treasurer in accordance with laws pertaining to the disposition of unclaimed property.

4. Before conducting a sale under subsection 2 of this section, the operator shall:

(1) At least forty-five days before any disposition of property under this section, which shall run concurrently with subsection 2 of this section, notify the occupant and each lienholder which is contained in any statement filed by the occupant pursuant to subsection 3 of section 415.410 of the default by first-class mail or electronic mail at the occupant's or lienholder's last known address, and shall notify any third-party owner identified by the occupant pursuant to subsection 3 of section 415.410;

(2) No sooner than ten days after mailing the notice required in subdivision (1) of this subsection, mail a second notice of default, by verified mail or electronic mail, to the occupant at the occupant's or lienholder's last known address, which notice shall include:

(a) A statement that the contents of the occupant's leased space are subject to the operator's lien;

(b) A statement of the operator's claim, indicating the charges due on the date of the notice, the amount of any additional charges which shall become due before the date of release for sale and the date those additional charges shall become due;

(c) A demand for payment of the charges due within a specified time, not less than ten days after the date on which the second notice was mailed;

(d) A statement that unless the claim is paid within the time stated, the contents of the occupant's space will be sold after a specified time; and

(e) The name, street address and telephone number of the operator, or a designated agent whom the occupant may contact, to respond to the notice;

(3) At least seven days before the sale, advertise the time, place, and terms of the sale in **the classified section of a newspaper of general circulation in the jurisdiction where the sale is to be held or in any other commercially reasonable manner.** ~~[Such]~~ **The manner of advertisement shall be [in the classified section of the newspaper and shall state that the items will be released for sale] deemed commercially reasonable if at least three independent bidders attend or view the sale at the time and place advertised.**

5. If the property is a vehicle, watercraft, or trailer and rent and other charges remain unpaid for sixty days, the owner may treat the vehicle, watercraft, or trailer as an abandoned vehicle and have the vehicle, watercraft, or trailer towed from the self-service storage facility. When the vehicle, watercraft, or trailer is towed from the self-service storage facility, the owner shall not be liable for the vehicle, watercraft, or trailer for any damages to the motor vehicle, watercraft, or trailer once the tower takes possession of the property.

6. At any time before a sale under this section, the occupant may pay the amount necessary to satisfy the lien and redeem the occupant's personal property."; and

6. Tax credits may not be assigned, transferred or sold.

7. ~~[(4)]~~ In the event a **full or partial** credit denial, due to ~~[lack of available funds]~~ **the cumulative maximum amount of credits being redeemed for the fiscal year**, causes ~~[a balance due notice]~~ **an income tax balance due** to be ~~[generated by the department of revenue, or any other redeeming agency]~~ **owed to the state by the taxpayer**, the taxpayer ~~[will]~~ **shall** not be held liable for any **addition to tax**, penalty, or interest **on that income tax balance due**, provided the balance is paid, or approved payment arrangements have been made, within sixty days from **issuance of the notice of credit denial**.

8. The department may promulgate such rules or regulations as are necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

9. Pursuant to section 23.253, of the Missouri sunset act:

(1) The program authorized under this section shall be reauthorized as of December 31, 2019, and shall expire on December 31, 2025, unless reauthorized by the general assembly; and

(2) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(3) The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to redeem tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such credits.

10. Beginning on March 29, 2013, any verified contribution to a qualified agency made on or after January 1, 2013, shall be eligible for tax credits as provided by this section.

2. (1) Beginning on March 29, 2013, any donation of cash or food made to a local food pantry on or after January 1, 2013, unless such food is donated after the food's expiration date, shall be eligible for tax credits as provided by this section.

(2) Beginning on August 28, 2018, any donation of cash or food made to a local soup kitchen or local homeless shelter on or after January 1, 2018, unless such food is donated after the food's expiration date, shall be eligible for a tax credit as provided under this section.

(3) Any taxpayer who makes a donation that is eligible for a tax credit under this section shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, in an amount equal to fifty percent of the value of the donations made to the extent such amounts that have been subtracted from federal adjusted gross income or federal taxable income are added back in the determination of Missouri adjusted gross income or Missouri taxable income before the credit can be claimed. The director of revenue shall establish a procedure by which the cumulative amount of tax credits is apportioned among all taxpayers claiming the credit by April fifteenth of the fiscal year in which the tax credit is claimed. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

(2) In the event a full or partial credit denial, due to the cumulative maximum amount of credits being claimed for the fiscal year, causes a tax balance due to be owed to the state by the taxpayer, the taxpayer shall not be held liable for any addition to tax, penalty, or interest on that tax balance due, provided the balance is paid, or approved payment arrangements have been made, within sixty days from issuance of the notice of credit denial.

4. Any local food pantry, local soup kitchen, or local homeless shelter may accept or reject any donation of food made under this section for any reason. For purposes of this section, any donations of food accepted by a local food pantry, local soup kitchen, or local homeless shelter shall be valued at fair market value, or at wholesale value if the taxpayer making the donation of food is a retail grocery store, food broker, wholesaler, or restaurant.

5. The department of revenue shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

Representative Schwadron offered **House Amendment No. 7**.

House Amendment No. 7

AMEND House Committee Substitute for House Bill No. 1775, Page 4, Section 136.055, Line 116, by inserting after said section and line the following:

"142.869. 1. **(1)** The tax imposed by this chapter shall not apply to passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by alternative fuel, and for which a valid decal has been acquired as provided in this section, provided that sales made to alternative fueled vehicles powered by propane, compressed natural gas, or liquefied natural gas that do not meet the requirements of subsection 4 of this section shall be taxed exclusively pursuant to subdivisions (4) to (7) of subsection 1 of section 142.803, respectively. The owners or operators of such motor vehicles, except plug-in electric hybrids, shall, in lieu of the tax imposed by section 142.803, pay an annual alternative fuel decal fee as follows: seventy-five dollars on each passenger motor vehicle, school bus as defined in section 301.010, and commercial motor vehicle with a licensed gross vehicle weight of eighteen thousand pounds or less; one hundred dollars on each motor vehicle with a licensed gross weight in excess of eighteen thousand pounds but not more than thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter "F"; one hundred fifty dollars on each motor vehicle with a licensed gross vehicle weight in excess of eighteen thousand pounds but less than or equal to thirty-six thousand pounds, and each passenger-carrying motor vehicle subject to the registration fee provided in sections 301.059, 301.061 and 301.063; two hundred fifty dollars on each motor vehicle with a licensed gross weight in excess of thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter "F"; and one thousand dollars on each motor vehicle with a licensed gross vehicle weight in excess of thirty-six thousand pounds. Owners or operators of plug-in electric hybrids shall pay one-half of the stated annual alternative fuel decal fee. Notwithstanding provisions of this section to the contrary, motor vehicles licensed as historic under section 301.131 which are powered by alternative fuel shall be exempt from both the tax imposed by this chapter and the alternative fuel decal requirements of this section. For the purposes of this section, a plug-in electric hybrid shall be any hybrid vehicle made by a manufacturer with a model year of 2018 or newer, that has not been modified from the original manufacturer specifications, with an internal combustion engine and batteries that can be recharged by connecting a plug to an electric power source.

(2) Notwithstanding the provisions of subdivision (1) of this subsection to the contrary, the director shall provide owners of vehicles required to purchase an alternative fuel decal under subdivision (1) of this subsection the option of purchasing a biennial alternative fuel decal for a fee of twice the annual alternative fuel decal fee stated in subdivision (1) of this subsection.

2. Beginning January 1, 2022, the fees in subsection 1 of this section shall be increased by twenty percent of the fee in effect on August 28, 2021, per year for a period of five years, except that the fee for motor vehicles with a licensed gross vehicle weight in excess of thirty-six thousand pounds shall be increased by ten percent of the fee in effect on August 28, 2021, per year for a period of five years.

3. Except interstate fuel users and vehicles licensed under a reciprocity agreement as defined in section 142.617, the tax imposed by section 142.803 shall not apply to motor vehicles registered outside this state which are powered by alternative fuel other than propane, compressed natural gas, and liquefied natural gas, and for which a valid temporary alternative fuel decal has been acquired as provided in this section. The owners or operators of such motor vehicles shall, in lieu of the tax imposed by section 142.803, pay a temporary alternative fuel decal fee of eight dollars on each such vehicle. Such decals shall be valid for a period of fifteen days from the date of issuance and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued. Such decal and fee shall not be transferable. All proceeds from such decal fees shall be deposited as specified in section 142.345. Alternative fuel dealers selling such decals in accordance with rules and regulations prescribed by the director shall be allowed to retain fifty cents for each decal fee timely remitted to the director.

4. Owners or operators of passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by compressed natural gas or liquefied natural gas who have installed a compressed natural gas fueling station or liquefied natural gas fueling station used solely to fuel the motor vehicles they own or operate as of December 31, 2015, may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivisions (4) and (5) of subsection 1 of section 142.803. Owners or operators of compressed natural gas fueling stations or liquefied natural gas fueling stations whose vehicles bear an alternative fuel decal shall be prohibited from selling or providing compressed natural gas or liquefied natural gas to any motor vehicle they do not own or operate. Owners or operators of motor vehicles powered by compressed natural gas or liquefied natural gas bearing an alternative fuel decal after January 1, 2016, that decline to renew the alternative fuel decals for such motor vehicles shall no longer be eligible to apply for and use alternative fuel decals under this subsection. Any compressed natural gas or liquefied natural gas obtained at any fueling station not owned by the owner or operator of the motor vehicle bearing an alternative fuel decal shall be subject to the tax under subdivisions (4) and (5) of subsection 1 of section 142.803.

5. An owner or operator of a motor vehicle powered by propane may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivision (6) of subsection 1 of section 142.803. If the appropriate motor fuel tax under subdivision (6) of subsection 1 of section 142.803 is collected at the time of fueling, an operator of a propane fueling station that uses quick-connect fueling nozzles may sell propane as a motor fuel without verifying the application of a valid Missouri alternative fuel decal. If an owner or operator of a motor vehicle powered by propane that bears an alternative fuel decal refuels at an unattended propane refueling station, such owner or operator shall not be eligible for a refund of the motor fuel tax paid at such refueling.

6. The director shall annually **or biennially**, on or before January thirty-first of each year, collect or cause to be collected from owners or operators of the motor vehicles specified in subsection 1 of this section the annual **or biennial** decal fee. Applications for such decals shall be supplied by the department of revenue. In the case of a motor vehicle which is not in operation by January thirty-first of any year, **or a fractional period of such year and a whole year**, a decal may be purchased for a fractional period of such year, and the amount of the decal fee shall be reduced by one-twelfth for each complete month which shall have elapsed since the beginning of such year. This subsection shall not apply to an owner or operator of a motor vehicle powered by propane who fuels such vehicle exclusively at unattended fueling stations that collect the motor fuel tax.

7. Upon the payment of the fee required by subsection 1 of this section, the director shall issue a decal, which shall be valid for the current calendar year, **or the current calendar year and the subsequent calendar year in the case of a biennial alternative fuel decal**, and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued.

8. The decal fee paid pursuant to subsection 1 of this section for each motor vehicle shall be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural gas equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in accordance with rules and regulations promulgated by the director.

9. It shall be unlawful for any person to operate a motor vehicle required to have an alternative fuel decal upon the highways of this state without a valid decal unless the motor vehicle is exclusively fueled at propane, compressed natural gas, or liquefied natural gas fueling stations that collect the motor fuel tax.

10. No person shall cause to be put, or put, any alternative fuel into the fuel supply receptacle or battery of a motor vehicle required to have an alternative fuel decal unless the motor vehicle either has a valid decal attached to it or the appropriate motor fuel tax is collected at the time of such fueling.

11. Any person violating any provision of this section is guilty of an infraction and shall, upon conviction thereof, be fined five hundred dollars.

12. Motor vehicles displaying a valid alternative fuel decal are exempt from the licensing and reporting requirements of this chapter."; and

AMEND House Amendment No. 7 to House Committee Substitute for House Bill No. 1775, Page 3, Line 23, by inserting after all of the said line the following:

"Further amend said bill, Page 4, Section 136.055, Line 116, by inserting after all of the said section and line the following:

"301.033. 1. Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the director of revenue shall establish a system of registration of all farm vehicles, as defined in section 302.700, owned or purchased by a farm vehicle fleet owner registered under this section. The director of revenue shall prescribe the forms for such farm vehicle fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of more than one farm vehicle which is required to be registered under this chapter may, at his or her option, register a fleet of farm vehicles on an annual or biennial basis under this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of a fleet of farm vehicles registered under this section.

2. All farm vehicles included in the fleet of a registered farm vehicle fleet owner shall be registered during April of the corresponding year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the farm vehicle fleet to be registered on an annual or biennial basis shall be payable not later than the last day of April of the corresponding year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application for registration shall be valid for registration of a farm fleet vehicle in accordance with this section. The fees for vehicles added to the farm vehicle fleet which are required to be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee, and when licensed on or after January first the fee shall be one-fourth the annual fee. If biennial registration is sought for vehicles added to a farm vehicle fleet, an additional year's annual fee shall be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a farm vehicle fleet purchases or otherwise acquires a farm vehicle which is to be added to the farm vehicle fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The farm vehicle fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred under this subsection.

4. Except as specifically provided in this subsection, all farm vehicles registered under this section shall be issued a special license plate which shall have the words "Farm Fleet Vehicle" and shall meet the requirements prescribed by section 301.130. Farm fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

5. The director shall make all necessary rules and regulations for the administration of this section and shall design all necessary forms required by this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2024, shall be invalid and void.

twenty-five dollars, inclusive of the railroad crossing safety fee prescribed in section 389.612.

2. The annual registration fee for motorcycles, motortricycles, and autocycles is ten dollars, inclusive of the railroad crossing safety fee prescribed in section 389.612.

3. Notwithstanding any other provision of law, the registration of any autocycle registered as a motorcycle or motortricycle prior to August 28, 2018, shall remain in effect until the expiration of the registration period for such vehicle at which time the owner shall be required to renew the motor vehicle's registration under the autocycle classification and pay the appropriate registration fee.

~~301.070. 1. [In determining fees based on the horsepower of vehicles propelled by internal combustion engines, the horsepower shall be computed and recorded upon the following formula established by the National Automobile Chamber of Commerce: Square the bore of the cylinder in inches multiplied by the number of cylinders, divided by two and one-half.~~

~~2. The horsepower of all motor vehicles propelled by steam may be accepted as rated by the manufacturers thereof, or may be determined in accordance with regulations promulgated by the director.~~

~~3. The horsepower of all motor vehicles, except commercial motor vehicles, propelled by electric power, shall be rated as being between twelve and twenty-four horsepower.~~

4.] Fees of commercial motor vehicles, other than passenger-carrying commercial motor vehicles, shall be based on the gross weight of the vehicle or any combination of vehicles and the maximum load to be carried at any one time during the license period, except the fee for a wrecker, tow truck, rollback or car carrier used in a towing service shall be based on the empty weight of such vehicle fully equipped for the recovery or towing of vehicles.

~~[5.]~~ 2. The decision of the director as to the type of motor vehicles and their classification for the purpose of registration and the computation of fees therefor shall be final and conclusive.

301.110. 1. Whenever the director shall determine from an increase or decrease in the number of registrations of all types of motor vehicles in any given month that the volume of clerical work of registration of all types of motor vehicles in such month has become so disproportionate to the volume of work in the remaining registration periods as to render the system burdensome or inefficient, he is authorized and empowered to change the registration period of any number of motor vehicles, other than commercial motor vehicles, as may be necessary to increase or reduce the volume of registration in one or more periods by advancing the renewal date and shortening the registration period of such motor vehicles.

2. The shifting of registration periods shall be accomplished by notifying the registrants of the change, and giving them credit for that portion of the registration period not yet elapsed. In such instances the director shall order the registrant to surrender the license plates and registration certificate held by him and shall assign and issue, without cost to the owner, new plates and a registration certificate designating the new registration expiration date.

3. Notwithstanding subsection 6 of section 142.869 or any other provision of law to the contrary, the director may stagger the collection of alternative fuel decal fees and issuance of alternative fuel decals so that issuance of alternative fuel decals occurs at the time of vehicle registration and the decal or decals are valid for the duration of the vehicle's registration period. In lieu of an alternative fuel decal, the director may issue a receipt showing payment of the alternative fuel decal fee, which shall be kept with the vehicle and valid in place of an alternative fuel decal displayed in accordance with section 142.869.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle

or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if the dealer is selling the motor vehicle under the provisions of subsection 5 of section 301.210. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of ~~horsepower,~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity~~;~~ not in excess of that originally registered. When such motor vehicle is of greater ~~horsepower,~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less ~~horsepower,~~ gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of ~~horsepower,~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity~~;~~ not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater ~~horsepower,~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less ~~horsepower,~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on

the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer, and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

9. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

10. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

11. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

3. A physician's statement shall:

- (1) Be on a form prescribed by the director of revenue;

The medical or other records of the physician or other authorized health care practitioner who issued a physician's statement shall be open to inspection and review by such practitioner's licensing board, in order to verify compliance with this section. Information contained within such records shall be confidential unless required for prosecution, disciplinary purposes, or otherwise required to be disclosed by law.

Such owners, upon application, accompanied by the documents and fees provided for in this section, a current physician's statement which has been issued within ninety days preceding the date the application is made and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. If at any time an individual who obtained disabled license plates issued under this subsection no longer occupies a residence with a physically disabled person, or no longer owns a vehicle that is operated at least fifty percent of the time by a physically disabled person, such individual shall surrender the disabled license plates to the department within thirty days of becoming ineligible for their use.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every four years. The director may stagger the expiration dates to equalize workload **or until the time of motor vehicle registration renewal for the convenience of the applicant.** Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the

specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician or other authorized health care practitioner which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section.

14. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

15. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

16. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

17. Every new applicant for a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application. Renewal applicants will be required to submit a physician's statement dated no more than ninety days prior to such application upon their first renewal occurring on or after August 1, 2005. Upon completing subsequent renewal applications, a physician's statement dated no more than ninety days prior to such application shall be required every eighth year. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director may stagger the requirement of a physician's statement on all renewals for the initial implementation of an eight-year period.

18. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the eight-year certification requirement of this subsection for renewal of the plate or placard. Initial applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.

301.147. 1. Notwithstanding the provisions of section 301.020 to the contrary, beginning July 1, 2000, the director of revenue may provide owners of motor vehicles, other than commercial motor vehicles licensed in excess of fifty-four thousand pounds gross weight, the option of biennially registering motor vehicles. ~~[Any vehicle manufactured as an even-numbered model year vehicle shall be renewed each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be renewed each odd-numbered calendar year, subject to the following requirements:]~~

(1) The fee collected at the time of biennial registration shall include the annual registration fee plus a pro rata amount for the additional ~~[twelve]~~ months of the biennial registration;

(2) Presentation of all documentation otherwise required by law for vehicle registration including, but not limited to, a personal property tax receipt or certified statement for the preceding year that no such taxes were due as set forth in section 301.025, proof of a motor vehicle safety inspection and any applicable emission inspection conducted within sixty days prior to the date of application and proof of insurance as required by section 303.026.

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles, other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight, **to equalize workload or for the convenience of registration applicants.** Once the owner of a motor vehicle chooses the option of biennial registration, such registration must be maintained for the full twenty-four month period."; and

Further amend said bill, Page 5, Section 301.469, Line 41, by inserting after all of the said section and line the following:

"301.560. 1. In addition to the application forms prescribed by the department, each applicant shall submit the following to the department:

(1) Every application other than a renewal application for a motor vehicle franchise dealer shall include a certification that the applicant has a bona fide established place of business. Such application shall include an annual certification that the applicant has a bona fide established place of business for the first three years and only for every other year thereafter. The certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located; except that in counties of the first classification, certification may be performed by an officer of a metropolitan police department when the applicant's established place of business of distributing or selling motor vehicles or trailers is in the metropolitan area where the certifying metropolitan police officer is employed. When the application is being made for licensure as a boat manufacturer or boat dealer, certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located or, if the applicant's place of business is located within the jurisdiction of a metropolitan police department in a first class county, by an officer of such metropolitan police department. A bona fide established place of business for any new motor vehicle franchise dealer, used motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle dealer, trailer dealer, or wholesale or public auction shall be a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading, servicing, or exchanging of motor vehicles, boats, personal watercraft, or trailers and wherein the public may contact the owner or operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant shall maintain a working telephone number during the entire registration year which will allow the public, the department, and law enforcement to contact the applicant during regular business hours. The applicant shall also maintain an email address during the entire registration year which may be used for official correspondence with the department. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying the name of the business set forth in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which multiple vehicles, boats, personal watercraft, or trailers may be displayed. The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-maker manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department. Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.580. Applicants shall not be required to submit a photograph annually unless the business has moved from its previously licensed location, or unless the name of the business or address has changed, or unless the class of business has changed;

(3) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of fifty thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, trailer dealers, and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, or boat dealer shall furnish with the application a copy of a

current dealer garage policy bearing the policy number and name of the insurer and the insured. The proceeds of the bond or irrevocable letter of credit furnished by an applicant shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. The proceeds of the bond or irrevocable letter of credit furnished by an applicant shall be paid at the order of the department and in the amount determined by the department to any buyer or interested lienholder up to the greater of the amount required for the release of the purchase money lien or the sales price paid by the buyer where a dealer has failed to fulfill the dealer's obligations under an agreement to assign and deliver title to the buyer within thirty days under a contract entered into pursuant to subsection 5 of section 301.210. The department shall direct release of the bond or irrevocable letter of credit proceeds upon presentation of a written agreement entered into pursuant to subsection 5 of section 301.210, copies of the associated sales and finance documents, and the affidavit or affidavits of the buyer or lienholder stating that the certificate of title with assignment thereof has not been passed to the buyer within thirty days of the date of the contract entered into under subsection 5 of section 301.210, that the dealer has not fulfilled the agreement under the contract to repurchase the vehicle, that the buyer or the lienholder has notified the dealer of the claim on the bond or letter of credit, and the amount claimed by the purchaser or lienholder. In addition, prior to directing release and payment of the proceeds of a bond or irrevocable letter of credit, the department shall ensure that there is satisfactory evidence to establish that the vehicle which is subject to the written agreement has been returned by the buyer to the dealer or that the buyer has represented to the department that the buyer will surrender possession of the vehicle to the dealer upon payment of the proceeds of the bond or letter of credit directed by the department. Excepting ordinary wear and tear or mechanical failures not caused by the buyer, the amount of proceeds to be paid to the buyer under the bond or irrevocable letter of credit shall be reduced by an amount equivalent to any damage, abuse, or destruction incurred by the vehicle while the vehicle was in the buyer's possession as agreed between the buyer and the dealer. The dealer may apply to a court of competent jurisdiction to contest the claim on the bond or letter of credit, including the amount of the claim and the amount of any adjustment for any damage, abuse, or destruction, by filing a petition with the court within thirty days of the notification by the buyer or lienholder. If the dealer does not fulfill the agreement or file a petition to request judicial relief from the terms of the agreement or contest the amount of the claim, the bond or letter of credit shall be released by the department and directed paid in the amount or amounts presented by the lienholder or buyer;

(4) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.580. All fees payable pursuant to the provisions of sections 301.550 to 301.580~~[- other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section.]~~ shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The provisions of section 33.080 to the contrary notwithstanding, money in such fund shall not be transferred and placed to the credit of the general revenue fund until the amount in the motor vehicle commission fund at the end of the biennium exceeds two times the amount of the appropriation from such fund for the preceding fiscal year or, if the department requires permit renewal less frequently than yearly, then three times the appropriation from such fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new vehicle manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle auction, trailer dealer, or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the provisions of this section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer's application, notwithstanding any rule of the department.

3. Except as otherwise provided in subsection 6 of this section, upon the initial issuance of a license by the department, the department shall assign a distinctive dealer license number or certificate of number to the applicant and the department shall issue one number plate or certificate bearing the distinctive dealer license number or certificate of number and two additional number plates or certificates of number within eight working hours after presentment of the application and payment by the applicant of a fee of fifty dollars for the first plate or certificate and ten dollars and fifty cents for each additional plate or certificate. Upon renewal, the department shall issue ~~[the distinctive dealer license number or certificate of number]~~ **a renewal tab to be placed on the lower right corner of the plate or certificate** as quickly as possible. **The fee for the tabs shall be twenty-five dollars for the first tab and six dollars for each additional tab.** The issuance of such distinctive dealer license number or certificate of number, **and tab or tabs**, shall be in lieu of registering each motor vehicle, trailer, vessel or vessel trailer dealt with by a boat dealer, boat manufacturer, manufacturer, public motor vehicle auction, wholesale motor vehicle dealer,

wholesale motor vehicle auction or new or used motor vehicle dealer. The license plates described in this section shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.

In the event of a renewing dealer, the fee due at the time of renewal shall not be prorated. Wholesale and public auctions shall be issued a certificate of dealer registration in lieu of a dealer number plate. In order for dealers to obtain number plates or certificates under this section, dealers shall submit to the department of revenue on August first of each year a statement certifying, under penalty of perjury, the dealer's number of sales during the reporting period of July first of the immediately preceding year to June thirtieth of the present year.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FIFTY-FIRST DAY, THURSDAY, APRIL 4, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Bishop Davidson.

Lord,

Your word says You give us strength. Often I rely on my own strength. And usually when we rely on our own strength, we suffer corresponding weakness. I believe the strength You provide is a complete one. And in our submission to You, we might overcome all the weaknesses we have. My prayer is this: that we surrender and rely on Your strengths to be our own. Where we might fear, give us courage. Where we might fret, give us peace. Where we are prideful, give us humility. Where we might rush forward in ignorance, give us wisdom. Where we might lose control, give us self control. Help me and help any whom this prayer speaks to accomplish these things for ourselves, our chamber, and the state of Missouri.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Rubi Baringer.

The Journal of the fiftieth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FORTY-FIFTH DAY, MONDAY, MARCH 25, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Doug Richey.

Our gracious heavenly Creator,

We stand at this moment, prior to embarking upon the second half of this legislative session, and thank You for Your provision of grace and truth. We know the blessings enjoyed in this life. We know the challenges encountered in this life. We also know our representative responsibility for the benefit of our neighbors.

May it be true that our trust is in You. Help us to know Your ways. Lead us in Your truth. May we walk in Your grace, Your mercy, and Your goodness. Please forgive our failures. Please embolden our struggle for truth, sound law, and proper stewardship of the people's money.

In Jesus's name I pray, and the House says, "Amen."

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Alivia Huber, Lucas Huber, and Dylan Huber.

The Journal of the forty-third day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FORTY-SIXTH DAY, TUESDAY, MARCH 26, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Let integrity and uprightness preserve me; for I wait on Thee. (Psalm 25:21)

Eternal God, Prince of Glory, who has brought us to the beginning of a new day, grant that in all our ways and always we may remember that You are with us. Help us to do our duties, to carry our responsibilities, and to make our decisions with sincerity of mind and genuineness of heart. Remove from us all pretense, all deceit, and hypocrisy, and by Your spirit may we do what we believe to be right for our state and good for our citizens.

Fill our lives with the mood of cooperation and the motive of service that we may leap the boundaries of class and creed and seek to minister to the needs of all Your people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Levi LaVo, Kennedy LaVo, and Ben Wissner.

The Journal of the forty-fifth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FORTY-SEVENTH DAY, WEDNESDAY, MARCH 27, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

“Fear not,” saith the Lord, “for I am with you.” (Isaiah 43:5)

Our God, we give You thanks for the rest of the night and for the gift of a new day with its opportunities of serving You and our fellow citizens, and leading our state into positive directions.

By the power of Your presence in our hearts, help us to control the spirit of pride which separates us and causes us to work against each other. Lead our people into the paths of mutual helpfulness and concern, so that in all goodness and humility we may work together in peace.

Guide the counties of our state of Missouri into the ways of justice and truth and establish among them that cooperation which is the fruit of Royal righteousness and Cardinal nobility.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the day, to serve without compensation: Evelyn Butz, Geoff Butz, and Olive Kauffman.

The Journal of the forty-sixth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FORTY-EIGHTH DAY, THURSDAY, MARCH 28, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The Lord is my shepherd. (Psalm 23:1)

O God of our spirits, in days of doubt and in times of stress, we realize anew our need for You. We need Your grace to cleanse us, Your love to strengthen us, Your power to heal us, and Your spirit to keep us free. Truly, You are our shepherd; You are our sure support. Strengthen our assurance that Your hand is upon us leading us in Your way and giving us the courage to walk in that way with You in the People's House.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Henry Nurrenbern.

The Journal of the forty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FORTIETH DAY, MONDAY, MARCH 11, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Jamie Gragg.

Father, we come before You today wishing we were outside. You again have provided us with a beautiful day. With the sunshine, the warm temperatures and a gentle breeze, You show us the awesomeness of Your creation and Your love for us.

However, even though it is beautiful outside, we are here, in this place, following the call to do the work of our state. As we start this week, right before the halfway point of this session, I pray to You for wisdom, love, power and contentment.

Wisdom to know when to get out of the way and not be our own enemy, especially when our pride goes before us. Love to respect those around us even when it seems all our buttons have been pushed.

Power to say “Yes Lord” when You call us to do something, even when the world tries to bend us to say no.

And contentment to be able to rest in Your arms knowing that regardless of outcomes, You are still sitting on Your throne.

In the weeks to follow, we will need these more than ever. It is a big ask. But I know that for the God of creation, of all this world, universe and beyond, it is small. And for that, we thank You.

We love You Lord.

And the House said, “Amen”.

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-ninth day was approved as printed.

AMEND House Amendment No. 1 to House Committee Substitute for House Bill No. 2058, Page 1, Lines 1-2, by deleting the phrase "1-20, by deleting all of said section and lines" and inserting in lieu thereof the following:

"10-15, by deleting said lines and inserting in lieu thereof the following:

"states a change."; and

Further amend said bill, Page 10, Section 67.2677, Line 85, by inserting after all of said section and line the following:

"115.240. The election authority for any political subdivision or special district shall label ballot measures relating to taxation that are submitted by such political subdivision or special district to a vote of the people numerically or alphabetically in the order in which they are submitted. No such ballot measure shall be labeled in a descriptive manner aside from its numerical or alphabetical designation. Election authorities may coordinate with each other, or with the secretary of state, to maintain a database or other record to facilitate numerical or alphabetical assignment.

137.067. Notwithstanding any provision of law to the contrary, any ballot measure seeking approval to add, change, or modify a tax on real property shall express the effect of the proposed change within the ballot language in terms of the change in real dollars owed per one hundred thousand dollars of a property's market valuation.

137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the

Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as provided in ~~subsection 4 of~~ section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the

relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 14 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political

subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) **The provisions of subdivision (2) of this subsection notwithstanding, if prior to the expiration of a temporary levy increase, voters approve a subsequent levy increase, the new tax rate ceiling shall remain in effect only until such time as the temporary levy expires under the terms originally approved by a vote of the people, at which time the tax rate ceiling shall be decreased by the amount of the temporary levy increase. If, prior to the expiration of a temporary levy increase, voters of a political subdivision are asked to approve an additional, permanent increase to the political subdivision's tax rate ceiling, voters shall be submitted ballot language that clearly indicates that if the permanent levy increase is approved, the temporary levy shall be made permanent.**

(4) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision ~~[(4)]~~ (5) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

~~[(4)]~~ (5) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

(6) (a) As used in this subdivision, the following terms mean:

a. "Current tax rate ceiling", the tax rate ceiling in effect before the voters approve a higher tax rate;

b. "Increased tax rate ceiling", the new tax rate ceiling in effect after the voters approve a higher tax rate.

(b) Notwithstanding any other provision of law to the contrary, when the required majority of voters in a political subdivision passes an increase in the political subdivision's tax rate, the political subdivision shall use the current tax rate ceiling and the increase approved by the voters in establishing the rates of levy for the tax year immediately following the election.

(c) If the assessed valuation of real property in such political subdivision is reduced in such tax year immediately following the election, such political subdivision may raise its rates of levy so that the revenue received from its local real property tax rates equals the amount the political subdivision would have received from the increased rates of levy had there been no reduction in the assessed valuation of real property in the political subdivision.

(d) Using the increased tax rate ceiling shall be revenue neutral as required in Article X, Section 22 of the Constitution of Missouri.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for

public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void."; and

For purposes of this section, the term "emancipated minor" means a person who is at least sixteen years of age, but less than eighteen years of age, who:

- (6) Have no nonalcoholic traffic convictions for which points are assessed pursuant to section 302.302, within the preceding six months.

2. An intermediate driver's license grants the licensee the same privileges to operate that classification of motor vehicle as a license issued pursuant to section 302.177, except that no person shall operate a motor vehicle on the highways of this state under such an intermediate driver's license between the hours of 1:00 a.m. and 5:00 a.m. unless accompanied by a person described in subsection 1 of section 302.130; except the licensee may operate a motor vehicle without being accompanied if the travel is to or from a school or educational program or activity, a regular place of employment or in emergency situations as defined by the director by regulation.

3. Each intermediate driver's license shall be restricted by requiring that the driver and all passengers in the licensee's vehicle wear safety belts at all times. This safety belt restriction shall not apply to a person operating a motorcycle. For the first six months after issuance of the intermediate driver's license, the holder of the license shall not operate a motor vehicle with more than one passenger who is under the age of nineteen who is not a member of the holder's immediate family. As used in this subsection, an intermediate driver's license holder's immediate family shall include brothers, sisters, stepbrothers or stepsisters of the driver, including adopted or foster children residing in the same household of the intermediate driver's license holder. After the expiration of the first six months, the holder of an intermediate driver's license shall not operate a motor vehicle with more than three passengers who are under nineteen years of age and who are not members of the holder's immediate family. The passenger restrictions of this subsection shall not be applicable to any intermediate driver's license holder who is operating a motor vehicle being used in agricultural work-related activities.

4. Notwithstanding the provisions of section 302.177 to the contrary, the fee for an intermediate driver's license shall be five dollars and such license shall be valid for a period of two years. **Such fee shall be waived for any person qualifying as an emancipated minor under subdivision (4) of subsection 1 of this section.**

5. Any intermediate driver's licensee accumulating six or more points in a twelve-month period may be required to participate in and successfully complete a driver-improvement program approved by the state highways and transportation commission. The driver-improvement program ordered by the director of revenue shall not be used in lieu of point assessment.

6. (1) An intermediate driver's licensee who has, for the preceding twelve-month period, had no alcohol-related enforcement contacts, as defined in section 302.525 and no traffic convictions for which points are assessed, upon reaching the age of eighteen years or within the thirty days immediately preceding their eighteenth birthday may apply for and receive without further examination, other than a vision test as prescribed by section 302.173, a license issued pursuant to this chapter granting full driving privileges. Such person shall pay the required fee for such license as prescribed in section 302.177.

(2) If an intermediate driver's license expires on a Saturday, Sunday, or legal holiday, such license shall remain valid for the five business days immediately following the expiration date. In no case shall a licensee whose intermediate driver's license expires on a Saturday, Sunday, or legal holiday be guilty of an offense of driving with an expired or invalid driver's license if such offense occurred within five business days immediately following an expiration date that occurs on a Saturday, Sunday, or legal holiday.

(3) The director of revenue shall deny an application for a full driver's license until the person has had no traffic convictions for which points are assessed for a period of twelve months prior to the date of application for license or until the person is eligible to apply for a six-year driver's license as provided for in section 302.177, provided the applicant is otherwise eligible for full driving privileges. An intermediate driver's license shall expire when the licensee is eligible and receives a full driver's license as prescribed in subdivision (1) of this section.

7. No person upon reaching the age of eighteen years whose intermediate driver's license and driving privilege is denied, suspended, cancelled or revoked in this state or any other state for any reason may apply for a full driver's license until such license or driving privilege is fully reinstated. Any such person whose intermediate driver's license has been revoked pursuant to the provisions of sections 302.010 to 302.540 shall, upon receipt of reinstatement of the revocation from the director, pass the complete driver examination, apply for a new license, and pay the proper fee before again operating a motor vehicle upon the highways of this state.

8. A person shall be exempt from the intermediate licensing requirements if the person has reached the age of eighteen years and meets all other licensing requirements.

9. Any person who violates any of the provisions of this section relating to intermediate drivers' licenses or the provisions of section 302.130 relating to temporary instruction permits is guilty of an infraction, and no points shall be assessed to his or her driving record for any such violation.

10. A person's status as a homeless child or youth or unaccompanied youth under paragraph (f) of subdivision (4) of subsection 1 of this section shall be verified by a letter signed by one of the following persons:

(1) A director or designee of a governmental or nonprofit agency that receives public or private funding to provide services to homeless persons;

(2) A local education agency liaison for homeless children and youth designated under 42 U.S.C. Section 11432(g)(1)(J)(ii), or a school social worker or counselor; or

(3) A licensed attorney representing the minor in any legal matter.

11. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

302.181. 1. The license issued pursuant to the provisions of sections 302.010 to 302.340 shall be in such form as the director shall prescribe, but the license shall be a card made of plastic or other comparable material. All licenses shall be manufactured of materials and processes that will prohibit, as nearly as possible, the ability to reproduce, alter, counterfeit, forge, or duplicate any license without ready detection. The license shall also bear the expiration date of the license, the classification of the license, the name, date of birth, residence address including the county of residence or a code number corresponding to such county established by the department, and brief description and colored digitized image of the licensee, and a facsimile of the signature of the licensee. The director shall provide by administrative rule the procedure and format for a licensee to indicate on the back of the license together with the designation for an anatomical gift as provided in section 194.240 the name and address of the person designated pursuant to sections 404.800 to 404.865 as the licensee's attorney in fact for the purposes of a durable power of attorney for health care decisions. No license shall be valid until it has been so signed by the licensee.

If any portion of the license is prepared by a private firm, any contract with such firm shall be made in accordance with the competitive purchasing procedures as established by the state director of the division of purchasing.

2. All digital images produced for licenses shall become the property of the department of revenue.

3. The license issued shall be carried at all times by the holder thereof while driving a motor vehicle, and shall be displayed upon demand of any officer of the highway patrol, or any police officer or peace officer, or any other duly authorized person, for inspection when demand is made therefor. Failure of any operator of a motor vehicle to exhibit his or her license to any duly authorized officer shall be presumptive evidence that such person is not a duly licensed operator.

4. The director of revenue shall not issue a license without a facial digital image of the license applicant, except as provided pursuant to subsection 7 of this section. A digital image of the applicant's full facial features shall be taken in a manner prescribed by the director. No digital image shall be taken wearing anything which cloaks the facial features of the individual.

5. The department of revenue may issue a temporary license or a full license without the photograph or with the last photograph or digital image in the department's records to members of the Armed Forces, except that where such temporary license is issued it shall be valid only until the applicant shall have had time to appear and have his or her picture taken and a license with his or her photograph issued.

6. The department of revenue shall issue upon request a nondriver's license card containing essentially the same information and photograph or digital image, except as provided pursuant to subsection 7 of this section, as the driver's license upon payment of six dollars. All nondriver's licenses shall expire on the applicant's birthday in the sixth year after issuance. A person who has passed his or her seventieth birthday shall upon application be issued a nonexpiring nondriver's license card. Notwithstanding any other provision of this chapter, a nondriver's license containing a concealed carry endorsement shall expire three years from the date the certificate of qualification was issued pursuant to section 571.101, as section 571.101 existed prior to August 28, 2013. The fee for nondriver's licenses issued for a period exceeding three years is six dollars or three dollars for nondriver's licenses issued for a period of three years or less. The nondriver's license card shall be used for identification purposes only and shall not be valid as a license. **No fee shall be required or collected from a homeless child or homeless youth, as defined in subsection 1 of section 167.020, or unaccompanied youth, as defined in 42 U.S.C. Section 11434a(6), for a first nondriver's license card issued under this subsection. Such person's status as a homeless child or youth or unaccompanied youth shall be verified by a letter signed by one of the following persons:**

(1) A director or designee of a governmental or nonprofit agency that receives public or private funding to provide services to homeless persons;

(2) A local education agency liaison for homeless children and youth designated under 42 U.S.C. Section 11432(g)(1)(J)(ii), or a school social worker or counselor; or

(3) A licensed attorney representing the minor in any legal matter.

7. If otherwise eligible, an applicant may receive a driver's license or nondriver's license without a photograph or digital image of the applicant's full facial features except that such applicant's photograph or digital image shall be taken and maintained by the director and not printed on such license. In order to qualify for a license without a photograph or digital image pursuant to this section the applicant must:

(1) Present a form provided by the department of revenue requesting the applicant's photograph be omitted from the license or nondriver's license due to religious affiliations. The form shall be signed by the applicant and another member of the religious tenant verifying the photograph or digital image exemption on the license or nondriver's license is required as part of their religious affiliation. The required signatures on the prescribed form shall be properly notarized;

(2) Provide satisfactory proof to the director that the applicant has been a United States citizen for at least five years and a resident of this state for at least one year, except that an applicant moving to this state possessing a valid driver's license from another state without a photograph shall be exempt from the one-year state residency requirement. The director may establish rules necessary to determine satisfactory proof of citizenship and residency pursuant to this section;

(3) Applications for a driver's license or nondriver's license without a photograph or digital image must be made in person at a license office determined by the director. The director is authorized to limit the number of offices that may issue a driver's or nondriver's license without a photograph or digital image pursuant to this section.

8. The department of revenue shall make available, at one or more locations within the state, an opportunity for individuals to have their full facial photograph taken by an employee of the department of revenue, or their designee, who is of the same sex as the individual being photographed, in a segregated location.

9. Beginning July 1, 2005, the director shall not issue a driver's license or a nondriver's license for a period that exceeds an applicant's lawful presence in the United States. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant and establish the duration of any driver's license or nondriver's license issued under this section.

10. (1) Notwithstanding any biometric data restrictions contained in section 302.170, the department of revenue is hereby authorized to design and implement a secure digital driver's license program that allows applicants applying for a driver's license in accordance with this chapter to obtain a secure digital driver's license in addition to the physical card-based license specified in this section.

(2) A digital driver's license as described in this subsection shall be accepted for all purposes for which a license, as defined in section 302.010, is used.

(3) The department may contract with one or more entities to develop the secure digital driver's license system. The department or entity may develop a mobile software application capable of being utilized through a person's electronic device to access the person's secure digital driver's license.

(4) The department shall suspend, disable, or terminate a person's participation in the secure digital driver's license program if:

(a) The person's driving privilege is suspended, revoked, denied, withdrawn, or cancelled as provided in this chapter; or

(b) The person reports that the person's electronic device has been lost, stolen, or compromised.

11. The director of the department of revenue may promulgate rules as necessary for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void."; and

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FORTY-FIRST DAY, TUESDAY, MARCH 12, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Choose you this day whom ye will serve: as for me and my house we will serve the Lord. (Joshua 24:15)

O God, our hope for years to come, who is the light of the world and the life of all peoples, let Your light shine upon us and Your presence come to new life within us as we pray in spirit and in truth. Strengthen our hearts that we may now and always be reverent in thought, word, and deed here in the People's House.

Bless our Missouri with Your gracious favor and make our people one in spirit, one in purpose, and one in steadfast humility. Whatever our differences, may we realize that we are one in You and may this bond of unity be increasingly strengthened until we learn to live together as good citizens in our great Show Me State.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Presley Whitney and Josey Clark.

The Journal of the fortieth day was approved as printed by the following vote:

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least

5. Any person, company, or corporation engaged in the business of renting or leasing motor vehicles, trailers, boats, or outboard motors, which are to be used exclusively for rental or lease purposes, and not for resale, may apply to the director of revenue for authority to operate as a leasing or rental company and pay an annual fee of two hundred fifty dollars for such authority. Any company approved by the director of revenue may pay the tax due on any motor vehicle, trailer, boat, or outboard motor as required in section 144.020 at the time of registration thereof or in lieu thereof may pay a sales tax as provided in sections 144.010, 144.020, 144.070 and 144.440. A sales tax shall be charged to and paid by a leasing company which does not exercise the option of paying in accordance with section 144.020, on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in this state. Any motor vehicle, trailer, boat, or outboard motor which is leased as the result of a contract executed in this state shall be presumed to be domiciled in this state.

6. Every applicant to be a registered fleet owner as described in subsections 6 to 10 of section 301.032 shall furnish with the application to operate as a registered fleet owner a corporate surety bond or irrevocable letter of credit, as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of one hundred thousand dollars, on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the registered fleet owner complying with the provisions of any statutes applicable to registered fleet owners, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the registered fleet owner license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except that, the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.

7. Any corporation may have one or more of its divisions separately apply to the director of revenue for authorization to operate as a leasing company, provided that the corporation:

- (1) Has filed a written consent with the director authorizing any of its divisions to apply for such authority;
- (2) Is authorized to do business in Missouri;
- (3) Has agreed to treat any sale of a motor vehicle, trailer, boat, or outboard motor from one of its divisions to another of its divisions as a sale at retail;
- (4) Has registered under the fictitious name provisions of sections 417.200 to 417.230 each of its divisions doing business in Missouri as a leasing company; and
- (5) Operates each of its divisions on a basis separate from each of its other divisions. However, when the transfer of a motor vehicle, trailer, boat or outboard motor occurs within a corporation which holds a license to operate as a motor vehicle or boat dealer pursuant to sections 301.550 to 301.573 the provisions in subdivision (3) of this subsection shall not apply.

8. If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

9. Any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, and that has applied to the director of revenue for authority to operate as a leasing company may also operate as a registered fleet owner as prescribed in section 301.032.

10. Beginning July 1, 2010, any motor vehicle dealer licensed under section 301.560 engaged in the business of selling motor vehicles or trailers shall apply to the director of revenue for authority to collect and remit the sales tax required under this section on all motor vehicles sold by the motor vehicle dealer. A motor vehicle dealer receiving authority to collect and remit the tax is subject to all provisions under sections 144.010 to 144.525.

~~[Any motor vehicle dealer authorized to collect and remit sales taxes on motor vehicles under this subsection shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax pursuant to section 144.140. Any amount of the tax collected under this subsection that is retained by a motor vehicle dealer pursuant to section 144.140 shall not constitute state revenue.]~~ In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers for their role in collecting and remitting sales taxes on motor vehicles. In the event this subsection or any portion thereof is held to violate Article IV, Section 30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. ~~[No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues.]~~

11. (1) Every motor vehicle dealer licensed under section 301.560, as soon as technologically possible following the development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles, to be funded by the motor vehicle administration technology fund as created in section 301.558, shall collect and remit the sales tax required under this section on all motor vehicles that such dealer sells. In collecting and remitting this sales tax, motor vehicle dealers shall be subject to all applicable provisions under sections 144.010 to 144.527.

(2) The director of revenue may promulgate all necessary rules and regulations for the administration of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This subsection and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

144.081. 1. The director of revenue, by regulation, may require a seller to timely remit the unpaid state sales tax for each quarter-monthly period, only if the seller's aggregate state sales tax was ten thousand dollars or more in each of at least six months during the prior twelve months. The term "state sales tax" as used in this section means the tax imposed by sections 144.010 to 144.510 and the additional sales tax imposed by Sections 43(a) to 43(c) and 47(a) to 47(c) of Article IV of the Missouri Constitution and does not include any sales taxes imposed by political subdivisions of the state pursuant to other provisions of law.

2. The director may increase the monthly requirement to more than ten thousand dollars or otherwise narrow the application of the quarter-monthly remittance system authorized by this section. The director may not require the remittance of state sales taxes more often than monthly unless authorized by this section.

3. A remittance shall be timely if mailed as provided in section 143.851 within three banking days after the end of the quarter-monthly period or if received by the director or deposited in a depository designated by the director within four banking days after the end of the quarter-monthly period.

4. ~~[The unpaid amount shall be after a reduction for the compensation provided by section 144.140.]~~ The unpaid amount at the end of a quarter-monthly period shall not include unpaid amounts for a prior quarter-monthly period only if the seller made a remittance with respect to the prior quarter-monthly period. The excess, if any, of a remittance over the actual amount for a period shall be applied in order of time to each of the seller's succeeding remittances with respect to the same return period.

5. For purposes of this section, "quarter-monthly period" means:

- (1) The first seven days of a calendar month;
- (2) The eighth to fifteenth day of a calendar month;
- (3) The sixteenth to twenty-second day of a calendar month; and
- (4) The portion following the twenty-second of a calendar month.

6. (1) In the case of an underpayment of any amount required to be paid pursuant to this section, a seller shall be liable for a penalty in lieu of all other penalties, interest or additions to tax imposed by this chapter for violating this section. The penalty shall be five percent of the amount of the underpayment determined under subdivision (2) of this subsection.

(2) The amount of the underpayment shall be the excess of:

- (a) Ninety percent of the unpaid amount at the end of a quarter-monthly period, over
- (b) The amount, if any, of the timely remittance for the quarter-monthly period.

7. (1) The penalty with respect to any quarter-monthly period shall not be imposed if the seller's timely remittance for the quarter-monthly period equals or exceeds one-fourth of the average monthly state sales tax liability of the seller for the preceding calendar year. The month of highest liability and the month of lowest liability

shall be excluded in computing the average. This subdivision shall apply only to a seller who had a state sales tax liability for at least six months of the previous calendar year.

(2) The penalty shall not be imposed if the seller establishes that the failure to make a timely remittance of at least ninety percent was due to reasonable cause, and not due to willful neglect.

(3) The penalty shall not be imposed against any seller for the first two months the seller is obligated to make quarter-monthly remittance of state sales taxes.

8. Tax amounts remitted under this section shall be treated as payments on the seller's monthly return required by sections 144.080 and 144.090. Tax amounts remitted under this section shall be deemed to have been paid on the last day prescribed for filing the return. The preceding sentence shall apply in computing ~~[compensation under section 144.140,]~~ interest, penalties, and additions to tax and for purposes of all sections of this chapter, except this section.

9. The director of revenue may prescribe the use of an electronic funds payment system for the payment of sales and use taxes by any seller subject to the requirement of quarter-monthly remittance as provided in this section.

144.140. 1. ~~[From every remittance to the director of revenue made on or before the date when the same becomes due, the person required to remit the same shall be entitled to deduct and retain an amount equal to two percent thereof.~~

2.] The director shall provide a monetary allowance from the taxes collected to a certified service provider under the terms of the certified service contract signed with the provider, provided that such allowance shall be funded entirely from moneys collected by the certified service provider.

~~[3. Any certified service provider receiving an allowance under subsection 2 of this section shall not be entitled to simultaneously deduct the allowance provided for under subsection 1 of this section.~~

4.] 2. For the purposes of this section, "certified service provider" shall mean an agent certified by the department of revenue to perform all the seller's sales and use tax functions, other than the seller's obligation to remit tax on its own purchases.

~~[5. The provisions of this section relating to the allowance for timely remittance of sales tax payment shall also be applicable to the timely remittance of use tax payment under sections 144.600 to 144.746.]~~

144.608. 1. For the purpose of more efficiently securing the payment of and accounting for the tax collected and remitted by retailers and vendors, the department is hereby authorized:

(1) To consult, contract, and work jointly with the streamlined sales and use tax agreement's governing board to allow sellers to use the governing board's certified service providers and central registration system services; or

(2) To consult, contract, and work with certified service providers independently. The department is authorized to determine the method and amount of compensation to be provided to certified service providers by this state for the services of such certified service providers to certain sellers~~], provided that no certified service provider or seller utilizing a certified service provider shall be entitled to the deduction provided in subsection 1 of section 144.140].~~

2. The department is also hereby authorized to independently take such actions as may be reasonably necessary to secure the payment of and account for the tax collected and remitted by retailers and vendors. The department shall independently carry out any or all activities relating to the collection of online use tax if the department, in its own judgment, determines that independently carrying out such activities would promote cost-saving to the state.

3. The director of revenue shall make, promulgate, and enforce reasonable rules and regulations for the administration and enforcement of the provisions of this chapter relating to the collection and remittance of sales and use tax by certified service providers. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2023, shall be invalid and void.

4. The provisions of this section shall automatically sunset five years after January 1, 2023, unless reauthorized by an act of the general assembly."; and

(1) Notwithstanding any other provision of this chapter to the contrary, electrical corporations shall defer to a regulatory asset eighty-five percent of all depreciation expense and return associated with all qualifying electric plant recorded to plant-in-service on the utility's books commencing on or after ~~[August 28, 2018, if]~~ the electrical corporation ~~[has]~~ made the election provided for by subsection 5 of this section ~~[by that date, or on the~~

~~date such election is made if the election is made after August 28, 2018]~~ **through August 27, 2024. Beginning August 28, 2024, and notwithstanding any other provision of this chapter to the contrary, electrical corporations shall defer to a regulatory asset eighty-five percent of all depreciation expense and return associated with all qualifying electric plant recorded to plant-in-service on the utility's books, except for a qualifying electric plant that consists of investment in new generating units including new energy storage systems for which the deferral shall be ninety percent.** In each general rate proceeding concluded after August 28, 2018, the balance of the regulatory asset as of the rate-base cutoff date shall, subject only to the cap provided for in section 393.1655 or section 393.1656, as applicable, be included in the electrical corporation's rate base without any offset, reduction, or adjustment based upon consideration of any other factor, other than as provided for in subdivision (2) of this subsection, with the regulatory asset balance arising from deferrals associated with qualifying electric plant placed in service after the rate-base cutoff date to be included in rate base in the next general rate proceeding. The expiration of this section shall not affect the continued inclusion in rate base and amortization of regulatory asset balances that arose under this section prior to such expiration.

(2) The regulatory asset balances arising under this section shall be adjusted to reflect any prudence disallowances ordered by the commission. The provisions of this section shall not be construed to affect existing law respecting the burdens of production and persuasion in general rate proceedings for rate-base additions.

(3) Parts of regulatory asset balances created under this section that are not yet being recovered through rates shall include carrying costs at the electrical corporation's weighted average cost of capital, plus applicable federal, state, and local income or excise taxes. Regulatory asset balances arising under this section and included in rate base shall be recovered in rates through a twenty-year amortization beginning on the date new rates reflecting such amortization take effect.

3. (1) Depreciation expense deferred under this section shall account for all qualifying electric plant placed into service less retirements of plant replaced by such qualifying electric plant.

(2) Return deferred under this section shall be determined using the weighted average cost of capital applied to the change in plant-related rate base caused by the qualifying electric plant, plus applicable federal, state, and local income or excise taxes. In determining the return deferred, the electrical corporation shall account for changes in all plant-related accumulated deferred income taxes and changes in accumulated depreciation, excluding retirements.

4. Beginning February 28, 2019, and by each February twenty-eighth thereafter while the electrical corporation is allowed to make the deferrals provided for by subsection 2 of this section, electrical corporations that defer depreciation expense and return authorized under this section shall submit to the commission a five-year capital investment plan setting forth the general categories of capital expenditures the electrical corporation will pursue in furtherance of replacing, modernizing, and securing its infrastructure. The plan shall also include a specific capital investment plan for the first year of the five-year plan consistent with the level of specificity used for annual capital budgeting purposes. For each project in the specific capital investment plan on which construction commences on or after January first of the year in which the plan is submitted, and where the cost of the project is estimated to exceed twenty million dollars, the electrical corporation shall identify all costs and benefits that can be quantitatively evaluated and shall further identify how those costs and benefits are quantified. For any cost or benefit with respect to such a project that the electrical corporation believes cannot be quantitatively evaluated, the electrical corporation shall state the reasons the cost or benefit cannot be quantitatively evaluated, and how the electrical corporation addresses such costs and benefits when reviewing and deciding to pursue such a project. No such project shall be based solely on costs and benefits that the electrical corporation believes cannot be quantitatively evaluated. Any quantification for such a project that does not produce quantified benefits exceeding the costs shall be accompanied by additional justification in support of the project. For each of the first five years that an electrical corporation is allowed to make the deferrals provided for by subsection 2 of this section, the purchase and installation of smart meters shall constitute no more than six percent of the electrical corporation's total capital expenditures during any given year under the corporation's specific capital investment plan. At least twenty-five percent of the cost of **the investments reflected in each year's capital investment plan, which for the purposes of this subsection shall exclude the cost of investments in new generating units and energy storage systems,** shall be comprised of grid modernization projects, including but not limited to:

(1) Increased use of digital information and controls technology to improve reliability, security, and efficiency of the electric grid;

(2) Dynamic optimization of grid operations and resources, with full cybersecurity;

(3) Deployment and integration of distributed resources and generation, including renewable resources;

(4) Development and incorporation of demand response, demand-side resources, and energy-efficiency resources;

- (5) Deployment of smart technologies (real-time, automated, interactive technologies that optimize the physical operation of appliances and consumer devices) for metering, communications, concerning grid operations and status, and distribution automation;
- (6) Integration of smart appliances and devices;
- (7) Deployment and integration of advanced electricity storage and peak-shaving technologies, including plug-in electric and hybrid electric vehicles, and thermal storage air conditioning;
- (8) Provision of timely information and control options to consumer;
- (9) Development of standards for communication and interoperability of appliances and equipment connected to the electric grid, including the infrastructure serving the grid; and
- (10) Identification and lowering of unreasonable or unnecessary barriers to adoption of smart grid technologies, practices, and services.

Project specific information need not be included for the five-year period covered by the plan. Within thirty days of the filing of any capital investment plan or annual update to an existing plan, the electrical corporation shall host a public stakeholder meeting to answer questions and receive feedback about the plan. After feedback is received, the electrical corporation shall file a notice with the commission of any modifications to the capital investment plan it has accepted. Changes to the plan, its implementation, or the level of investments made shall not constitute evidence of imprudence of the investments made under such plan. The submission of a capital investment plan under this section shall not affect in any way the commission's authority with respect to the grant or denial of a certificate of convenience and necessity under section 393.170. By February twenty-eighth following each year in which the electrical corporation submits a capital investment plan, the electrical corporation shall submit a report to the commission detailing actual capital investments made the previous year, the quantitatively evaluated benefits and costs generated by each of those investments that exceeded twenty million dollars, and any efficiencies achieved as a result of those investments.

5. This section shall only apply to any electrical corporation that has filed a notice with the commission of the electrical corporation's election to make the deferrals for which this section provides. An electrical corporation may provide notice to the commission one time under this subsection if such corporation has applied to the commission under subsection 2 of section 386.266, provided the corporation shall not concurrently utilize deferrals under this subsection and the electric rate adjustments set forth in subsection 3 of section 386.266. An electrical corporation's election shall allow it to make the deferrals provided for by subsection 2 of this section until December 31, ~~2028~~ **2035**. Notwithstanding the immediately preceding sentence, an electrical corporation may seek permission to continue to make the deferrals provided for by subsection 2 of this section for an additional five years beyond December 31, ~~2028~~ **2035**, by filing an application with the commission seeking such permission by December 31, ~~2026~~ **2033**, which application shall be ruled upon by the commission within one hundred eighty days after its filing. In deciding whether to grant such permission to continue the commission shall have the authority, consistent with its statutory authority outside this section, to consider such factors as in its judgment it deems necessary and may condition the permission on factors that are relevant to the deferrals authorized by subsection 2 of this section. The commission shall make the determination of whether to grant such permission to continue after a hearing. An electrical corporation making deferrals provided for by subsection 2 of this section on and after January 1, 2024, shall be subject to the revenue requirement impact cap set forth under section 393.1656. Failure to obtain such commission permission to continue shall not affect deferrals made through the date for which permission has been granted, or the regulatory and ratemaking treatment of the regulatory assets arising from such deferrals as provided for by this section.

6. The commission may take into account any change in business risk to the corporation resulting from implementation of the deferrals in setting the corporation's allowed return in any rate proceeding, in addition to any other changes in business risk experienced by the corporation.

7. This section shall expire on December 31, ~~2033~~ **2040**, except that the amortization of the regulatory asset balances arising under this section shall continue to be reflected in the electrical corporation's rates and remaining regulatory asset balances shall be included in the electrical corporation's rate base consistent with the ratemaking treatment and amortization previously approved by the commission pursuant to this section."; and

- (1) "Commission", the public service commission;

- (3) "Gas corporation", the same as defined in section 386.020;
- (4) "Water corporation", the same as defined in section 386.020; and

Such expenditures qualify as workforce development investments if disbursed directly to such institutions or students or if directed to organizations established for the purpose of administering disbursement of such investments to such institutions or students. Workforce development investments shall also include the electrical, gas, or water corporation's costs to organize or oversee organizations that administer disbursement of funds to such institutions or students and the administrative costs of such organizations.

2. In recognition of the importance of workforce development to support the provision of energy services in the state, the commission shall permit an electrical, gas, or water corporation to recover their workforce development investments as provided for in this section.

3. (2) Workforce development investments shall qualify for recovery as provided for in this section for investments made through December 31, 2034, that are not in excess of fifty-five hundredths of one percent of the applicable electrical, gas, or water corporation's total operating revenues as reported to the commission for calendar year 2022."; and

2. Within thirty days of receiving a complaint, the secretary of state shall notify the person filing the complaint whether or not the secretary has dismissed the complaint or will commence an investigation. The secretary of state shall dismiss frivolous complaints. For purposes of this subsection, "frivolous complaint" shall mean an allegation clearly lacking any basis in fact or law. Any person who makes a frivolous complaint pursuant to this section shall be liable for actual and compensatory damages to the alleged violator for holding the alleged violator before the public in a false light. If reasonable grounds appear that the alleged offense was committed, the secretary of state may issue a probable cause statement. If the secretary of state issues a probable cause statement, he or she may refer the offense to the appropriate prosecuting attorney.

3. Notwithstanding the provisions of section 27.060, 56.060, or 56.430 to the contrary, when requested by the prosecuting attorney or circuit attorney, the secretary of state or his or her authorized representatives may aid any prosecuting attorney or circuit attorney in the commencement and prosecution of election offenses as provided in sections 115.629 to 115.646.

"Further amend said bill, Page 17, Section 115.1200, Line 21, by inserting after all of said section and line the following:

"137.067. Notwithstanding any provision of law to the contrary, any ballot measure seeking approval to add, change, or modify a tax on real property shall express the effect of the proposed change within the ballot language in terms of the change in real dollars owed per one hundred thousand dollars of a property's market valuation.

137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as provided in ~~[subsection 4 of]~~ section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the

amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 14 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict

with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The provisions of subdivision (2) of this subsection notwithstanding, if prior to the expiration of a temporary levy increase, voters approve a subsequent levy increase, the new tax rate ceiling shall remain in effect only until such time as the temporary levy expires under the terms originally approved by a vote of the people, at which time the tax rate ceiling shall be decreased by the amount of the temporary levy increase. If, prior to the expiration of a temporary levy increase, voters of a political subdivision are asked to approve an additional, permanent increase to the political subdivision's tax rate ceiling, voters shall be submitted ballot language that clearly indicates that if the permanent levy increase is approved, the temporary levy shall be made permanent.

(4) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision ~~[(4)]~~ (5) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

~~[(4)]~~ (5) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

(6) (a) As used in this subdivision, the following terms mean:

a. "Current tax rate ceiling", the tax rate ceiling in effect before the voters approved a higher tax rate in a 2023 election;

b. "Increased tax rate ceiling", the new tax rate ceiling in effect after the voters approved a higher tax rate in a 2023 election.

(b) Notwithstanding any other provision of law to the contrary, for the general reassessment performed in 2023, when the required majority of voters in a school district serving a census-designated place with more than twenty-seven thousand but fewer than thirty thousand inhabitants and located in a county with more than one million inhabitants passes an increase in the school district's tax rate, the school district shall use the current tax rate ceiling and the increase approved by the voters in establishing the rates of levy for the tax year immediately following the election.

(c) If the assessed valuation of real property in such school district is reduced in such tax year immediately following the election, such school district may raise its rates of levy so that the revenue received from its local real property tax rates equals the amount the school district would have received from the increased rates of levy had there been no reduction in the assessed valuation of real property in the school district.

(d) Using the increased tax rate ceiling shall be revenue neutral as required in Article X, Section 22 of the Constitution of Missouri.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void."; and"; and

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FORTY-SECOND DAY, WEDNESDAY, MARCH 13, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

O worship the Lord in the beauty of holiness: fear before Him, all the earth, for He shall judge the world with righteousness. (Psalm 96:9,13)

O God, judge of the world, who has preserved us as a state and has given us this good land for our heritage, grant to us, who lead the people of this State, an unfailing and unfaltering devotion to You and to the welfare of our citizens.

Give us insight to see clearly what must be done to meet the needs of our citizens: feeding the hungry, strengthening the weak, establishing justice, and building collaboration.

With this insight give us the inspiration to do it Your way until justice and righteousness shall rule our State and peace and justice shall reign in the hearts of all people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-first day was approved as printed by the following vote:

Any restitution moneys deposited into the county law enforcement restitution fund pursuant to this section shall only be expended pursuant to the provisions of section 50.565.

11. A judge may order payment to a restitution fund only if such fund had been created by ordinance or resolution of a county of the state of Missouri prior to sentencing. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering a person to make payment.

It is unlawful for a person to solicit payment of money by any writing that reasonably could be considered a bill, invoice, or statement of account due, but is in fact a solicitation for an order, unless the solicitation meets the requirements of subsections 2 through 6 of this section.

2. A solicitation described in subsection 1 of this section shall bear on its face either the disclaimer prescribed by subparagraph (A) of paragraph (2) of subsection (d) of Section 3001 of Title 39 of the United States Code or the following notice:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FORTY-THIRD DAY, THURSDAY, MARCH 14, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Donna Baringer.

May the road rise to meet you,
May the wind be always at your back,
May the sun shine warm on your face,
The rains fall soft upon your fields.
And until we meet again, May God hold you in the palm of His hand.

May God be with you and bless you,
May you see your children's children.
May you be poor in misfortune,
Rich in blessings,
May you know nothing but happiness From this day forward.

May the road rise to meet you,
May the wind always be at your back,
May the warm rays of sun fall upon your home,
And may the hand of a friend always be near.

May green be the grass you walk on,
May blue be the sky above you,
May pure be the joys that surround you,
May true be the hearts that love you.

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-second day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

THIRTY-SIXTH DAY, MONDAY, MARCH 4, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Adam Schwadron.

Blessed are You, Lord our God, ruler of the universe. Master of all existence, as we stand in the heart of Missouri, within the halls of the House of Representatives, we invoke Your divine presence and seek Your guidance, acknowledging the responsibility placed upon us to govern with wisdom and compassion.

Blessed are You, Lord our God, who is wise in knowledge. Grant us the discernment to navigate the complexities of governance. May we be inspired by the principles of justice and righteousness found in Your Torah, guiding our decisions to uplift the well-being of all citizens in the great state of Missouri.

Blessed are You, Lord our God, the king who loves righteousness and justice. As we convene in unity, recognizing our diverse backgrounds and perspectives, help us to find common ground, fostering an atmosphere of cooperation and understanding. May our work here contribute to the building and strengthening of our communities. Empower us to address the needs of the people of Missouri.

Blessed are You, Lord our God, who makes peace in the high heavens. Guide us to be instruments of peace on Earth. May the decisions we make lead to a Missouri where justice, kindness, and harmony prevail.

May the Lord bless you and keep you. May the Lord's countenance shine upon you and be gracious to you. May the Lord lift His face unto you and give you peace.

And together we say, "Amen!"

CAUCUS APPROVAL

February 27, 2024

Representative Dean Plocher
Speaker of the House of Representatives
201 West Capitol Avenue
Room 308
Jefferson City, MO 65101

Dear Mr. Speaker,

Thank you for taking the time to meet with the Black Caucus last week regarding our concerns in light of the mass shooting of the Kansas City Chiefs Parade and our legislative priorities. Going forward we will strive to build upon some of the ideas and suggestions discussed.

I would like to reexamine our past discussions of having the Missouri Legislative Black Caucus (MLBC) recognized as a formal Caucus within the legislature. This has been a long sought after issue of black legislators and it is long past time for this issue to come off the backburner. This would additionally be a great act of bipartisan leadership and begin to heal the partisan rift that was expressed during our meeting last week. No additional compensation shall be provided to any staff person for the carrying out of duties associated with the desired Caucus.

I hope that 2024 can finally be the year that we see great strides in legislative courage and leadership, and the MLBC will finally have its moment in the sun. However best we can work together on this vital issue, I'm determined to see progress.

Respectfully,

/s/ Representative Marlene Terry, Chairman

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

THIRTY-SEVENTH DAY, TUESDAY, MARCH 5, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Blessed is the man who endures trial, for when he has stood the test he will receive the crown of life which God has promised to those who love Him. (James 1:12)

O awesome God, who opens the gates of this winter morning and calls us to a new day, we commit our lives and our work to You in the true assurance that You are with us within the shadows and behind them working out Your purpose for our citizens and for us!

In these intense times when our hearts are full and we view the good of people, when so much is demanded of us who would serve this present age, grant us insight and inspiration together with courage and confidence that we may prove ourselves worthy of the tasks our voters have placed in our hands in this chamber.

Confronted by stress sometimes too great for us to deal with by ourselves, we ask You for wisdom to see what must be done, for courage to set out to do it, and for strength to complete it.

O God, make us great enough and good enough to serve our Show Me State.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Caleb Johnson.

The Journal of the thirty-sixth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

THIRTY-EIGHTH DAY, WEDNESDAY, MARCH 6, 2024

The House met pursuant to adjournment.

Speaker Pro Tem Henderson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

Behold, God is my salvation; I will trust and not be afraid. (Isaiah 12:2)

Eternal Spirit, who is the hope of the world and the joy of all who put their trust in You, be our power and our helper as we come to You in this our morning prayer. Lead us to the mountain that is higher than we are, and there may we find strength for each day, courage for each hour, confidence for each minute, and faith for each second. Then may we defeat the foes that would conquer our energy by being powerful in You.

May our prayers leap across the boundaries of politics and party to include this capital city in which we work. In spite of differences, bind us together in a common obedience to justice and make our faith real enough and strong enough to unite us in a fellowship of open minds. While it is yet day, may we choose light and not darkness, love and not hate, truth and not falsehood, peace and not war – to the glory of Your holy name.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-seventh day was approved as printed by the following vote:

(12) "Recipient", an eligible student, an eligible apprentice, a renewal apprentice, or a renewal student who receives a fast track grant under the provisions of this section;

(13) "Related educational costs", direct costs incurred by an individual as part of an eligible apprenticeship program, such as, but not limited to, tools, books, and uniforms;

(15) "Renewal student", an eligible student who remains in compliance with the provisions of this section, has received a grant as an initial recipient, maintains a cumulative grade point average of at least two and one-half on a four-point scale or the equivalent, makes satisfactory academic degree progress as defined by the institution, with the exception of grade point average, and has not received a bachelor's degree.

3. Standards of eligibility for renewed assistance shall be the same as for an initial award of financial assistance; except that, for a renewal student, an applicant shall demonstrate a grade point average of two and one-half on a four-point scale, or the equivalent on another scale.

4. Eligibility for a grant expires upon the earliest of:

(1) Receipt of the grant for four semesters or the equivalent;

(2) Receipt of a bachelor's degree; or

(3) For an eligible student, reaching two hundred percent of the time typically required to complete the program of study.

5. The coordinating board shall initially designate eligible programs of study by January 1, 2020, in connection with local education institutions, regional business organizations, and other stakeholders. The coordinating board shall annually review the list of eligible programs of study and occupations relating to eligible apprenticeships and make changes to the program list as it determines appropriate.

6. The coordinating board shall be the administrative agency for the implementation of the program established by this section ~~and section 173.2554~~. The coordinating board shall promulgate reasonable rules and regulations for the exercise of its functions and the effectuation of the purposes of this section ~~and section 173.2554~~. The coordinating board shall prescribe the form and the time and method of filing applications and supervise the processing thereof. The coordinating board shall determine the criteria for eligibility of applicants and shall evaluate each applicant's eligibility. The coordinating board shall select qualified recipients to receive grants, make such awards of financial assistance to qualified recipients, and determine the manner and method of payment to the recipients.

7. The coordinating board shall determine eligibility for renewed assistance on the basis of annual applications. As a condition to consideration for initial or renewed assistance, the coordinating board may require the applicant and the applicant's spouse to execute forms of consent authorizing the director of revenue to compare financial information submitted by the applicant with the Missouri individual income tax returns of the applicant, and the applicant's spouse, for the taxable year immediately preceding the year for which application is made, and to report any discrepancies to the coordinating board.

8. Grants shall be awarded in an amount equal to the actual tuition and general fees charged of an eligible student, after all federal nonloan aid, state student aid, and any other governmental student financial aid are applied. If a grant amount is reduced to zero due to the receipt of other aid, the eligible student shall receive an award of up to five hundred dollars or the remaining cost of attendance as calculated by the institution after all nonloan student aid has been applied, whichever is less, per academic term. Grants shall also be awarded in an amount equal to the related educational costs for an eligible apprentice after all other governmental assistance provided for the apprenticeship has been applied.

9. If appropriated funds are insufficient to fund the program as described, students and apprentices applying for renewed assistance shall be given priority until all funds are expended.

10. An eligible student that is the recipient of financial assistance may transfer from one approved public, private, or virtual institution, or eligible training provider to another without losing eligibility for assistance under this section, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition or fees under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund that may be attributed to the grant to the coordinating board. The coordinating board shall use these refunds to make additional awards under the provisions of this section.

11. Persons who receive fast track grants under this section shall be required to submit proof of residency and qualifying employment to the coordinating board for higher education within thirty days of completing each twelve months of qualifying employment until the three-year employment obligation is fulfilled.

12. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall sunset automatically on August 28, 2029, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall sunset automatically six years after the effective date of the reauthorization; and

(3) This section shall terminate on December thirty-first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

13. (1) There is hereby created in the state treasury the "Fast Track Workforce Incentive Grant Fund". The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely by the coordinating board for the purposes of this section.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

14. The coordinating board shall have the authority to promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void."; and

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

THIRTY-NINTH DAY, THURSDAY, MARCH 7, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Ben Baker.

Dear Heavenly Father, as we gather here today in the House Chamber to commence our legislative session, we humbly come before You, seeking Your guidance and wisdom. We pause momentarily to recognize our weakness and Your strength and perfection, knowing that without Your guidance we will surely fail in our endeavors to serve in this capacity.

So, Lord, we ask that You grant us the strength and courage to serve our state with integrity and honor. Let our words and actions reflect Your love and compassion, as we strive to create laws that will benefit all our citizens and will glorify You.

As it is written in Your holy Word, "Do not be anxious about anything, but in everything by prayer and supplication with thanksgiving let your requests be made known to God." We pray that You will grant us the wisdom to make just and fair decisions, and the humility to seek Your counsel in all that we do.

We thank You for the opportunity to serve our state, and we ask for Your blessing upon this legislative session. May Your will be done, and may we always remember to prefer others above ourselves and remember that for such a time as this we have been called to serve and to never take that lightly.

In Jesus's name, we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-eighth day was approved as printed.

In compliance with Section 105.461, RSMo, please publish this letter in the Journal of the House.

Thank you for your attention to this matter.

Respectfully submitted,

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

THIRTY-SECOND DAY, TUESDAY, FEBRUARY 27, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Exalt the Lord our God, and worship at His holy hill; for the Lord our God is holy. (Psalm 99:9)

O Lord, our God, whose glory is in all the world and whose goodness continues forever, we commend ourselves and our State to You that, being conscious of your presence, governed by Your spirit, and living in Your love, we may dwell secure in peace and good will on this beautiful afternoon.

Bless our land with wise government, sound learning, and positive religion. Save us from discord and disunity, from pride and prejudice, and from vice and violence. Strengthen the bonds of friendliness between the citizens of our beloved land and make strong the ties of fellowship between us. Plant love in every heart, truth in every home, faith in every soul, justice in every nation, and peace in all our world. And may the love of Your dear name bless every noble endeavor for good and truth.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-first day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

THIRTY-THIRD DAY, WEDNESDAY, FEBRUARY 28, 2024

The House met pursuant to adjournment.

Speaker Pro Tem Henderson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Be of good courage and He shall strengthen your heart, all ye that hope in the Lord. (Psalm 31:24)

O good and gracious God of creation, our soul's unseen friend, to You our prayer ascends at the beginning of another cold day. Help us to live through these full hours on this winter day with faith, hope and love. Let our strength not fail, nor our vision fade, nor our trust in You falter in the heat and burdens of the political debate. Make us patient with one another and understanding; remember that each one faces demanding duties and each one walks a lonely road in the People's House.

Sustain us, O God, as we endeavor to do our duty, to seek the best for our state of Missouri, and to lead our people on the path of happiness. Day by day, whatever befalls us, may we hold Your hand, look up to Your face, and endeavor to walk with You until our work is done and our day comes to a close with peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Rebekah Bommel and Rylea Danielle Boyd.

The Journal of the thirty-second day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

TWENTY-SEVENTH DAY, MONDAY, FEBRUARY 19, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Brad Hudson.

Dear Heavenly Father,

You tell us in the book of Proverbs that, "A good name is rather to be chosen than great riches." Please help us as we live daily in this flesh, in this fallen state, in this chamber where quite frequently the temptation is to sacrifice honesty, integrity, and decency for a little gain and a little power. Thank You for standing ready to forgive us when we truly repent.

We pray for the lives that have been affected by senseless violence that has occurred even recently in our beloved state. Please comfort those who are disturbed, heal those who are wounded, and help all who are hurting.

I ask that You bless every member of the legislative bodies on both sides of this beautiful building. Bless our staff, our constituents, and the great state of Missouri. May goodness and mercy follow us all the days of our lives, and may we dwell in the house of the Lord forever.

I ask these things in the name of Jesus.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-fourth day was approved as corrected.

The Journal of the twenty-fifth day was approved as corrected.

The Journal of the twenty-sixth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

TWENTY-EIGHTH DAY, TUESDAY, FEBRUARY 20, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Why art thou cast down, O my soul? and why art thou disquieted within me? Hope thou in God. (Psalm 42:5)

O God whose presence underlies all that we do, whose power overarches all that we say, and whose peace surrounds all that we think, we bow and lift our spirits to You in prayer. As we offer You the devotion of our hearts, may the fruits of Your spirit – love and joy, gentleness and goodness, patience and peace – come to new life within us and remain forever.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-seventh day was approved as printed by the following vote:

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 1749, Page 6, Section 116.050, Line 24, by inserting after all of said section and line the following:

"116.055. 1. As used in this section the following terms mean:

(1) "Electronic signature", the submission of data by an eligible voter as prescribed under subsection 2 of this section;
(2) "Eligible voter", any person registered to vote in accordance with section 115.151;
(3) "Initiative and referendum petition", any document filed under the provisions of chapter 116;
(4) "Website", an electronic reporting system that is connected to the internet and maintained by the secretary of state.

2. The secretary of state shall administer and be responsible for the establishment, implementation, and maintenance of a website allowing for the submission of electronic signatures for every initiative and referendum petition, and any eligible voter may choose whether to submit his or her electronic signature for a petition or sign the petition manually. This section shall not be construed to require an eligible voter to use an electronic signature but an electronic signature may be used as an alternative to manually signing a petition.

3. An eligible voter may sign a petition by use of an electronic signature. The secretary of state and each election commissioner or county clerk shall accept an electronic signature meeting the requirements of this section and include the signature in the count of signatures necessary to validate the petition.

No circulator signature or notarization shall be required for electronic signatures. The use of an electronic signature shall have the same force and effect as the use of a manual signature on a petition only if the electronic signature complies with the following requirements:

- (1) The electronic signature is submitted by an eligible voter to a website established under subsection 2 of this section;
- (2) A voter, at the time of submitting the electronic signature, also submits:
 - (a) His or her name, address, county of residence, and date of birth as shown on his or her voter registration record;
 - (b) His or her assent to the petition document; and
 - (c) A unique identifier that shall be provided to each registered voter by the secretary of state;
- (3) The electronic signature is correlated with the voter as evidenced by a reasonable match with voter registration records and voting records that correspond to at least one item of state-qualified data;
- (4) The electronic signature has not been subsequently repudiated by the voter through a process established by the secretary of state;
- (5) The electronic signature has not been previously submitted and verified as a signature on the same petition; and
- (6) The electronic signature conforms to reasonable rules and regulations adopted and promulgated by the secretary of state.

4. The secretary of state shall adopt and promulgate rules and regulations to carry out this section. The secretary of state shall seek the advice of public and private entities in developing the rules and regulations. The rules and regulations shall provide for a degree of security for the process of submitting electronic signatures and electronic signature verification reasonably related to the risks and consequences of fraud or misuse. The rules and regulations shall require, at a minimum, the maintenance of an audit trail of public internet protocol addresses identified with the session in which the electronic signature was submitted, the data submitted by the voter, the time and date of the submission, and the state-qualified data used for verification.

5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void."; and

PERFECTION OF HOUSE BILLS - INFORMAL

HB 2430, relating to personal property valuations, was taken up by Representative McGirl.

On motion of Representative McGirl, the title of **HB 2430** was agreed to.

Representative McGirl offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Bill No. 2430, Page 5, Section 137.073, Lines 148-150, by deleting the phrase "**Any increase in value from a previous year's National Automobile Dealers Association (NADA) Official Used Car Guide shall not be counted as new construction**" and inserting in lieu thereof the following:

"Beginning January 1, 2026, any increase in motor vehicle value from a previous year's price guide under subsection 9 of section 137.115 shall not be counted as new construction"; and

Further amend said bill and section, Page 10, Line 332, by inserting after all of said section and line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December 31, 2024**, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2025, the assessor shall annually assess all personal property at thirty-one percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year.

The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 14 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

TWENTY-NINTH DAY, WEDNESDAY, FEBRUARY 21, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

So we do not lose heart. Though our outer nature is wasting away, our inner nature is being renewed every day.
(II Corinthians 4:16)

Ancient and Eternal God, whose paths are mercy and truth and who does endeavor to lead Your children to the light of righteousness and peace, we come to You seeking guidance upon our way, strength for our tasks, wisdom to see clearly, and the courage to do what ought to be done for the well-being of our State.

Help us to live this day with joy and peace, without stumbling and without stain, because You are with us and we are with You. May the work of these hours be in accordance with Your holy will and for the good of all our citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Lyla Breshears, Lylah Lofland, Abby Millsap, Michael Myers, Aaron Mangum, Maddie Hoffman, and Whitlee Auberry.

The Journal of the twenty-eighth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

THIRTIETH DAY, THURSDAY, FEBRUARY 22, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Adam Schnelting.

Heavenly Father,

As we gather in the People's House to govern the affairs of our state, we ask that You grant us wisdom and understanding, knowledge and insight to effectively execute the duties that our offices demand. Grant us success in improving the lives of our fellow Missourians.

George Washington once said, "Of all the dispositions and habits, which lead to political prosperity, Religion and Morality are indispensable supports."

We know this to be true. In Your Providence, we ask that You instill in us a desire to live according to Your precepts.

We pray that in these extraordinary times You grant each of us the discernment essential for statesmanship and the boldness to lead in the face of ridicule. Lead us in the paths that honor You, honor our commitment to our Constitution, and honor our American way of life.

I pray this in Jesus's name, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Kenlyn Washington.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

TWENTY-THIRD DAY, MONDAY, FEBRUARY 12, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Travis Smith.

Oh God,

We thank You for this gathering of men and women today who seek to help those they serve. We ask that You would stretch out Your hand and have mercy upon us as elected officials, staff and all civil authorities. Help us keep our goals simple, birthing ideas or laws that will help keep our country safe, protect the weak, heal the broken, and encourage every person to their full potential. Give every leader a strong sense of their destiny, and remind them of their accountability not only to the ones they serve but always to You, Lord. Open our eyes to Your perspective for decision-making. May Your Word become the truth and guide for all decisions, and may we look to You for the last word.

Please bless the armed forces and keep them safe. Let them know their bravery and honor is appreciated and our freedom cherished. Give courage and redemption to all who live and work in the state of Missouri and these great United States. Bless them, Lord, and keep them safe. Grant them hope and grant them peace. The grace which we embrace live, despite the pain and sorrow, is always a measure of all that has gone on before. Let us choose to live in joy.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-second day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

TWENTY-FOURTH DAY, TUESDAY, FEBRUARY 13, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

He leadeth me in the paths of righteousness for His name's sake. (Psalm 23:3)

Our heavenly Creator, mindful of our responsibilities as the leaders of our people, we bow before You praying that we may be led in right paths for the sake of our beloved State. May Your spirit guide us, that we be saved from poor choices and be lifted to new levels of creative endeavor and courageous action. Together as leaders and people may we be physically strong, mentally awake, morally and religiously alive.

We pray for our colleagues and their devotion to their districts they represent and ask You to hold us steady throughout the day and give us strength when making our decisions and votes on this Mardi Gras.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was led by Christopher Liese.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Christopher Liese.

The Journal of the twenty-third day was approved as printed.

Further amend said bill, Pages 24-26, Section 475.050, Lines 1-59, by deleting said lines and inserting in lieu thereof the following:

"475.050. 1. Before appointing any other eligible person as guardian of an incapacitated person, or conservator of a disabled person, the court shall consider the suitability of appointing any of the following persons, listed in the order of priority, who appear to be willing to serve:

(1) If the incapacitated or disabled person is, at the time of the hearing, able to make and communicate a reasonable choice, any eligible person nominated by the person;

(2) Any eligible person nominated in a durable power of attorney executed by the incapacitated or disabled person, or in an instrument in writing signed by the incapacitated or disabled person and by two witnesses who signed at the incapacitated or disabled person's request, before the inception of the person's incapacity or disability;

(3) The spouse, parents, adult children, adult brothers and sisters and other close adult relatives of the incapacitated or disabled person;

(4) Any other eligible person or, with respect to the estate only, any eligible organization or corporation, nominated in a duly probated will of such a spouse or relative.

2. The court shall not appoint an unrelated third party as a guardian or conservator unless there is no relative suitable and willing to serve or if the appointment of a relative or nominee is otherwise contrary to the best interests of the incapacitated or disabled person. If the incapacitated or disabled person is a minor under the care of the children's division and is entering adult guardianship or conservatorship, it shall be a rebuttable presumption that he or she has no relative suitable and willing to serve as guardian or conservator.

3. Except for good cause shown, the court shall make its appointment in accordance with the incapacitated or disabled person's most recent valid nomination of an eligible person qualified to serve as guardian of the person or conservator of the estate.

4. Except for those individuals specified in subdivisions (1) and (2) of this subsection, the court shall require all guardians and conservators who are seeking appointment and who have a fiduciary responsibility to a ward, an incapacitated person, or a disabled person to submit at their own expense to a background screening that shall include the disqualification lists of the departments of mental health, social services, and health and senior services; the abuse and neglect registries for adults and children; a Missouri criminal record review; and the sexual offender registry. Individuals seeking appointment as a conservator shall also submit, at their own expense, to a credit history investigation. The nominated guardian or conservator shall file the results of the reports with the court at least ten days prior to the appointment hearing date unless waived or modified by the court for good cause shown by an affidavit filed simultaneously with the petition for appointment or in the event the protected person requests an expedited hearing. The provisions of this subsection shall not apply to:

(1) Public administrators; ~~or~~

(2) The ~~ward's, incapacitated person's, or disabled person's~~ spouse, ~~parents,~~ children who have reached eighteen years of age, ~~or~~ siblings who have reached eighteen years of age, **or parents of the ward, incapacitated person, or disabled person; or**

(3) Grandparents of a minor child who are seeking guardianship or conservatorship of the minor grandchild, unless such background reports are requested by any other party to the proceeding or the guardian ad litem for the minor child or are otherwise ordered by the court on its own motion.

5. Any grandparent seeking guardianship or conservatorship of a minor grandchild shall not be subject to a home assessment unless the home assessment is requested by any other party to the proceeding or the guardian ad litem for the minor child or is otherwise ordered by the court on its own motion.

6. Guardians certified by a national accrediting organization may file proof of certification in lieu of the requirements of subsections 4 and ~~6~~ 7 of this section.

~~6-]~~ 7. An order appointing a guardian or conservator shall not be signed by the judge until such reports have been filed with the court and reviewed by the judge, who shall consider the reports in determining whether to appoint a guardian or conservator. Such reports, or lack thereof, shall be certified either by an affidavit or by obtaining a certified copy of the reports. No reports or national criminal history record check shall be required by the court upon the application of a petitioner for an emergency temporary guardianship or emergency temporary conservatorship. The court may waive the requirements of this subsection for good cause shown. If appointed, a guardian or conservator may petition the court for reimbursement of the reasonable expenses of the credit history investigation and background screenings."; and

Further amend said bill, Page 26, Section 475.063, Lines 1-4, by deleting said lines and inserting in lieu thereof the following:

"475.063. 1. The parent, physical custodian, or guardian of a minor that has a diagnosed developmental disability or intellectual disability as defined in section 630.005 may file an affidavit for emergency, temporary, or full orders regarding a petition for the appointment of the parent, physical custodian, guardian, or some other qualified person as guardian of the minor upon the minor attaining the age of eighteen. Such affidavit shall state that:

(1) The affiant is the parent, physical custodian, or guardian of the minor;

(2) A treating doctor has certified by letter, report, or affidavit that the minor has a diagnosed developmental disability or intellectual disability as defined in section 630.005, and the letter, report, or affidavit is attached to the affidavit. This shall not include a mental disorder or mental illness as defined in section 630.005;

(3) The minor has not yet attained the age of eighteen;

(4) No petition for adult guardianship or conservatorship, filed pursuant to section 475.060, has been filed in the court in which the affidavit is filed or in any other court having jurisdiction over the minor; and

(5) The affiant is not aware of an objection by an interested person to the appointment of the parent, physical custodian, guardian, or some other qualified person as guardian of the minor upon the minor attaining the age of eighteen.

2. If the court finds the affidavit fails to meet one or more of the criteria set forth in subsection 1 of this section, or if good cause is shown by the attorney for the minor or ward, the court may enter an order appointing an attorney to represent the affiant.

3. (1) A clerk of a court shall make available to the petitioner the affidavit and other uniform forms"; and

Further amend said bill, page, and section, Lines 7-11, by deleting said lines and inserting in lieu thereof the following:

"circuit clerk shall explain to a petitioner who is not represented by counsel the procedures for filing all forms and pleadings necessary for the presentation of the petitioner's petition under this section."; and

Further amend said bill, page, and section, Line 15, by deleting the phrase "Missouri supreme court" and inserting in lieu thereof the phrase "supreme court of Missouri"; and

Further amend said bill, page, and section, Lines 19-22, by deleting said lines and inserting in lieu thereof the following:

"4. The court shall accept and act upon a petition filed under this section without requiring a filing fee. Any expenses incurred under this section for attorney's fees for the attorney of the minor or ward may be reimbursed for attorney's fees for the attorney of the minor or ward may be reimbursed from moneys deposited into a family services and justice fund under section 488.2300.

5. For purposes of this section, "physical custodian" means an adult having continuous physical custody of a minor entering adult guardianship or conservatorship for the six months prior to the filing of an affidavit under subsection 1 of this section."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

NINETEENTH DAY, MONDAY, FEBRUARY 5, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative John Black.

Please join me in prayer.

Heavenly Father, as German Pastor Dietrich Bonhoeffer, facing destruction of his people's freedoms and his Nation's moral compass in World War II, had the courage to defy the Nazi regime to the point of his death, I pray that we might learn from Bonhoeffer's poem regarding freedom entitled "Discipline":

"If you set out to seek freedom, then learn above all things to govern your soul and your senses, for fear that your passions and longings may lead you away from the path you should follow. Chaste be your mind and your body, and both in subjection, obediently, steadfastly seeking the aim set before them; only through discipline may a man learn to be free."*

In Jesus's name I pray, and the House said, "Amen."

*Mary Bosanquet, *The Life and Death of Dietrich Bonhoeffer* (New York: Harper and Row, 1969)

The Pledge of Allegiance to the flag was recited.

The Journal of the eighteenth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

TWENTIETH DAY, TUESDAY, FEBRUARY 6, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

My brethren, be strong in the Lord and in the power of his might. (Ephesians 6:10)

O God of ages past, during the tumult of troubled times may we keep within our hearts a calm and quiet place where You dwell, where Your power strengthens us, Your wisdom makes us wise, and Your goodness keeps us good.

At times may we withdraw from the loud hatred of super stress and noisy bitterness of the political world, and silently lift our hearts to You in prayer. Then alive with Your spirit, may we face our daily tasks with courage, faith and hope.

Bless our State. Make her faithful in her love of the truth, great in her desire for honor, strong in her willingness to serve, and wise in her votes. By doing Your will may we bring peace to our hearts and to our people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the nineteenth day was approved as printed.

The Sergeant-at-Arms announced the approach of Maor Elbaz-Starinsky, the Israeli Consul General in Miami, Florida. The Consul General was duly escorted to the House Chamber and the Speaker's dais, where he delivered the following message to the Assembly in Joint Session.

**ADDRESS BY MAOR ELBAZ-STARINSKY,
CONSUL GENERAL OF ISRAEL**

Honorable members of the House and Senate of the state of Missouri, Governor Parson, Lt. Governor Kehoe, President of the Senate, Speaker of the House, members of the Jewish community, friends of Israel, esteemed guests,

Shalom.

I stand before you today as the Consul General of Israel to the Great State of Missouri, representing the State of Israel and its people.

I am grateful and humbled to have been given the opportunity to address this joint session today to commemorate the strong enduring bond between Israel and Missouri and to explore opportunities for further collaboration and growth.

It feels as if the entire population of both states has converged in this festivity to celebrate Israel's 75th anniversary that we mark this past year, to reaffirm our commitment to our shared values and, these days, also to mourn together for those souls lost in the October 7th massacre and ensuing war.

In marking Israel's 75th anniversary, we reflect on the remarkable journey of our homeland—the struggles, achievements, successes, and failures. The joys and agonies unfold before us.

Let's embark on a brief journey through history because, indeed, after having endured 2000 years of exile, pogroms, persecutions, the devastating Holocaust, and ongoing conflicts, this nation has quite a story to tell.

On May 14, 1948, at 6 pm, Israel emerged as a free, sovereign, Jewish, and democratic state. A mere 11 minutes later, President Truman, a Missourian, from Independence, Missouri, mind you, etched his name in history by recognizing our young state's independence. I had the privilege of visiting Truman's Little White House in Key West, Florida, with President Truman's grandson Clifton, and exploring the presidential library in, well... Independence, Missouri. These visits were not just remarkable; they were moving. Marking the 75th anniversary of my homeland here, with you all, holds special significance.

The newborn state swiftly became a homeland for Jews worldwide, embracing citizens regardless of religion, race, or gender—a source of pride for its achievements, the values it upholds, and the ideals on which it stands for.

Modern Israel is the realization of a 3500-year-old Jewish heritage. One woven with shared history, tradition, rituals, and values, all forming a cornerstone of global history and civilization.

The inception of the Israeli story marked just the beginning of the young state's journey. In a matter of months, amidst the struggle for survival, the state absorbed millions of refugees and immigrants from the remnants of Auschwitz, the deserts of Morocco, and 150 other nations. My own parents, among those millions, immigrated from Morocco in the '50s and '60s. The Israeli narrative unfolds as a testament to diversity—a mosaic of Jews of varied colors, ethnicities, cultures, and languages converging, reviving the Hebrew language, and shaping a multicultural society that understands diversity as a wellspring of strength and power.

We've harnessed our heritage to create the beloved Modern State of Israel, where the past converges with the future, where you can walk the same path of Jesus and try to walk on the same water, where people embrace their spirituality, and innovations like drip irrigation, self-made satellites, and the Iron Dome stand as a testament to our resilience.

Israel is often deemed a miracle, resonating with the biblical tales of wonders celebrated by Jews throughout the year.

While acknowledging the holiness and divine status of the land and state, I would assert that miracles here are not happenstance but the result of vision, courage, leadership, and unwavering hard work by countless individuals.

Israeli experts, entrepreneurs, and companies lead in almost every conceivable sector and their innovations define Israel and have significantly enhanced lives worldwide.

The historic motto of Israel, the "land of milk and honey," faced a stark reality when my parents arrived in the Holy Land—no milk nor honey were to be found, only harsh conditions. Despite security concerns, our agriculture and water sectors flourished and we transformed it into a true Land of Milk, Honey and cyber.

Evolving into the acclaimed "Startup Nation," our pride swells as a small nation of less than 10 million inhabitants, standing as a global cradle of innovation. Side by side with recognized agriculture and water technologies, Israel's prowess extends to mind-blowing innovations in diverse sectors like Cyber Security, FinTech, Smart Transportation, HLS and Defense, Space and Aviation, ClimateTech, Renewable Energy, healthcare, and beyond.

Encouragingly, Missouri, a leading state in numerous sectors, collaborates deeply with Israel.

Water, a testament to Israeli innovation, highlights our journey. Half of Israel is a desert, historically plagued by droughts. Rising to the challenge, Israel pioneered drip irrigation, excelled in wastewater management, primarily utilizes desalinated water, and even extracted water from thin air. Currently, we produce 20% more water than needed, even exporting it—a miraculous transformation from a water-stressed country.

Our academic achievements, scientific publications, and the 9 Nobel Prizes, reflecting a prize for every one million citizens, stand as a testament to this remarkable journey—one that we gladly share with the world.

In its brief 75-year existence, Israel has consistently extended a helping hand to developing nations across Asia, Africa, and Latin America, even during its own developmental phase. Guided by the Jewish Tikkun Olam virtue, which is our commitment to repairing the world, we wholeheartedly share our hard-earned knowledge and expertise to contribute to a better global community.

Over the past year, Israel actively engaged in challenging situations, providing assistance to Ukraine during times of conflict, offering support to Turkey in the aftermath of an earthquake, and contributing to diverse relief efforts across Africa. This unwavering dedication reflects our readiness to assist wherever in the world there is a need.

All this has not come easy.

Securing our nation has been a persistent challenge for Israel, marked by ongoing conflicts, including a recent intense and gruesome war with HAMAS terrorists who murdered, raped, mutilated, maimed, and tortured more than 1200 Israelis, and who kidnapped hundreds of others, including – babies, toddlers, elderly and Holocaust survivors.

Despite the difficult circumstances, Israel is committed to defending its citizens while actively pursuing peace. The bitter reality of warfare is exemplified by the sacrifice, courage, and immense bravery displayed by the Israel Defense Forces. Our soldiers are fighting for the entire free world because, and have no mistake: these terrorists will come after each and every one of us here, of us, because this is a war between evil and good, darkness and light, and if someone can't tell which is which, they are part of the problem.

We were agonized to learn that 3 American troops were killed in Jordan last week. By similar evil, perpetrated by Iran. We carry your troops in our thoughts and prayers; please carry ours in yours.

In tandem with these security challenges, Israel has worked towards peace agreements with neighboring countries. From the historic accords with Egypt and Jordan to the recent Abraham Accords involving the UAE, Bahrain, Morocco, and Sudan, Israel seeks to transform its role in the region. These agreements signal a new era of People-to-People relations, fostering cooperation across various domains.

Let me give you a small example of this potentially promising cooperation:

In October 2022, the Davenport center in St. Louis became the symbolic venue for a historic event – the first-ever tri-lateral symposium on food security, featuring collaboration between Israel, the UAE, and BIO-STL, a St. Louis-based life science and food tech accelerator.

The significance of choosing this location, near the iconic Gateway Arch, lies in its representation of a journey into the unknown, mirroring the shared pursuit of good, prosperity, and peace through science.

This symposium underscores this commitment, offering a glimpse into the shared pursuit of peace and progress and marked a step forward in global cooperation and understanding. Thus emphasizing the commitment to addressing challenges such as food security. Looking ahead, Israel remains resolute in its dedication to advancing peace initiatives and the advancement of regional stability while safeguarding its citizens and borders. The journey initiated in St. Louis is part of an ongoing commitment to fostering collaboration and progress in the pursuit of a better, more secure future.

In reflecting on our journey, I want to underscore the significant progress achieved in our partnership with Missouri.

Missouri and Israel are bound by moral ties, democratic values, and a friendship that transcends time, fostering enduring interests. The leadership of both states has consistently demonstrated unwavering commitment to bolster joint business ventures and collaborative research efforts.

This collaboration extends from political visits, statements, resolutions and proclamations coming from this house, to advancing Holocaust remembrance, enacting anti-BDS legislation and fighting antisemitism. These shared initiatives exemplify the robustness of our common values.

A notable illustration occurred during the November 2022 visit of a business delegation led by Governor Parson to Israel. Having the privilege to participate, I witnessed not only the deep appreciation the delegation held for this historic land but also the vast business opportunities, particularly in projects related to agriculture and security.

Our aim is to fortify both political and economic ties, and it's noteworthy that Missouri boasts a vibrant Jewish community, further strengthening the cultural bonds that bind us. This collaboration stands as a testament to the enduring partnership between the state of Missouri and Israel.

I want to commend you all for your firm stand against antisemitism. Last week we marked International Holocaust Remembrance Day.

These days, the words "Never Again" take on a new, modern, yet old, meaning, and the fight against antisemitism is growing more complex. Attacks and persecution of Jews are visible on U.S. campuses, social media platforms, and international organizations.

Jewish blood is too often considered less red and less thick, and Jewish women's bodies are devalued. This sickening reality demands our collective attention and action. To curb antisemitism, we must focus on education, legislation, and enforcement.

While rejecting all forms of hate, it's crucial to understand that antisemitism is unique and should be treated as such. Jews today face disproportionately more hate crimes, making antisemitism a distinct category.

Anti-Israel sentiment often stems from antisemitism, as shown by the recent HAMAS terror attack. This is not merely a political or territorial dispute but a matter of the Jewish people's right to sovereignty, independence, and self-determination.

"Never again" should be a call to action for everyone, ensuring it applies to all communities facing discrimination. Let us stand united against hatred and prejudice to prevent such darkness from engulfing our people.

As Israel commemorates its 75th anniversary and gazes ahead to the next 75 years, we maintain confidence that, by uniting with like-minded nations globally and individuals like you, we can collectively overcome shared challenges and make a positive impact on shaping a better future.

Expressing deep gratitude for your political support, proclamations, visits, dedication, commitment, and business endeavors, I want to emphasize the profound role each of you play as ambassadors. You are the pillars fostering the relationship between our states, champions of the Jewish cause, and storytellers of the Israeli journey.

The unwavering support of the United States has been pivotal in Israel's journey, of course with being the first to recognize our nation but mostly with the strategic and military collaboration, that helped us establish a secure home for the Jewish people.

Our two states share a rich history, common interests, and a passion for innovation. From agriculture to aviation, Israel and Missouri have exchanged knowledge, expertise, and ideas that have benefited both our communities and the entire world. We celebrate the partnerships between our universities, entrepreneurs, and businesses that have led to groundbreaking discoveries and economic growth. As we face global challenges, Israel and Missouri stand together in promoting peace, security, and democratic values.

We recognize the importance of standing against anti-Semitism, hate, and discrimination in all forms. We also acknowledge the critical role of education and cultural exchange programs in fostering greater understanding and friendship between our nations.

As we look ahead, my optimism grows for the future accomplishments that our nations will jointly achieve. I extend sincere thanks once again to the esteemed legislators, Governor Parson, and the people of Missouri. May the enduring friendship between Israel and the great state of Missouri, along with the entire United States, continue to flourish for another 75 years.

May God bless Israel, bless the United States, and bless each one of you.

And most importantly - may God bless Andy Reid, Patrick Mahomes and Travis Kelce - go Chiefs.

Thank you.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

TWENTY-FIRST DAY, WEDNESDAY, FEBRUARY 7, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Teach me to do Thy will; for Thou art my God; Thy spirit is good; lead me into the land of uprightness.
(Psalm 143:10)

O Eternal God, whose will is peace, whose nature is love, and whose desire is that we live in peace with You and in harmony with one another, grant us a vision of Your purpose for our citizens as we lean on the earth and look to You in heaven in prayer.

Deliver us from antagonisms that annoy us, from trifles that try us, from disagreements that make us disagreeable, and by Your spirit make us great in goodness, good in our greatness, and genuine in all our endeavors on behalf of our beloved State of Missouri and her courts.

Amid the daily problems that perplex us and the difficulties that dismay us, may You strengthen and sustain our weak spirits and lead us in the clear paths of righteousness, humility, and justice.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Evan Todd, Avery Todd and Madelynn Grace Bell.

The Journal of the twentieth day was approved as printed by the following vote:

The Sergeant-at-Arms announced the approach of the Honorable Mary R. Russell, Chief Justice of the Supreme Court of Missouri. Chief Justice Russell was duly escorted to the House Chamber and to the Speaker's dais, where she delivered the following message to the Assembly in Joint Session.

**STATE OF THE JUDICIARY
ADDRESS BY
CHIEF JUSTICE MARY R. RUSSELL**

Introduction – expressing gratitude

Lieutenant Governor Kehoe, Speaker Plocher, President Pro Tem Rowden, Auditor Fitzpatrick, members of the General Assembly, my colleagues in the judiciary, and guests: I am grateful to be here this morning to present to you this 50th state of the judiciary.

I last spoke to this body a decade ago, but I'm no stranger to the legislature. I worked for my local legislators in both chambers during college and law school, and over the years, I have made many legislative friends. Having those friendships – past, present and future – fills me with gratitude.

My late husband represented northwest Missouri here in the House – he sat right there! Although Jim is only with us in spirit now, other members of my family are here this morning – please welcome them as they stand!

We have three of our adorable grandchildren here – Avery, age 11; Evan, age 7; and Isabelle, who just turned 4. Claire, who is almost 2, is missing today – she couldn’t get paroled from daycare. The grandkids even brought their parents, Heather and Allen, and Laura and Tom.

I am thrilled to have you all here today, and I love you and appreciate all your support for my public service habit!

My family consciously practices gratitude. We try to teach our youngest to have an “attitude of gratitude.” At Sunday dinners at my house, we go around the table and we say what we are grateful for. Rules are simple: don’t repeat anything, and don’t eat until everyone has spoken.

Whether at home or at work, we all have many reasons to express gratitude.

Gratitude for those in the judiciary

To start, I have deep gratitude for my second family, within the judiciary. For more than two decades, I have worked with many fabulous judges – including my “housemates” across the street.

It’s worth noting again what the governor mentioned two weeks ago: For the first time in the history of our great state, we have a majority of female judges on our Court! Missouri’s high court is now one of only 15 in the nation with a female majority.

This is something I simply never imagined happening. I truly hope this historic achievement inspires Missouri’s children – no matter their background – to believe that they, too, can become a state Supreme Court judge if they want.

Our newest colleagues, elevated last fall from the court of appeals, are Judge Kelly Broniec, of Montgomery City, and Judge Ginger Gooch, of Springfield – who, by the way, is the first Supreme Court judge from southwest Missouri in more than two decades!

We are *all* grateful for Governor Parson’s appointments under the Missouri Plan and for his recognition that, sometimes, the best man for the job is actually a woman!

Although I currently serve as the “face” of the judiciary, the hard work is performed in *your* local courthouses, by nearly 3,600 clerks, bailiffs, court reporters, jury supervisors, juvenile office staff and others, plus more than 400 judges and commissioners. All of us should have immense gratitude for these frontline heroes and their daily work behind the scenes for your constituents.

Thanks to *them*, we are problem solvers as we decide hundreds of thousands of legal disputes each year. Because of *their* hard work, I am proud to say the state of Missouri’s judiciary is strong.

During my two-year term as chief justice, I am personally visiting all 46 judicial circuits to witness the important work our trial courts do; I have been to 14 so far! My goal on this “gratitude tour” is to meet local court staff, shake their hands and express how much we appreciate them. I also listen carefully to their ideas about how we could help them better serve their local communities.

I have been inviting you to tour your local courthouses with me. I am grateful so many of you have joined me to meet your local frontline heroes and learn more about their work. I look forward to seeing more of you on one of my next 32 visits.

Gratitude for legislative support

I also enjoy opportunities like this, when we come together from separate branches of government and work as constitutional partners to improve the administration of justice for all Missourians.

Judicial privacy act

Judges and prosecutors across Missouri – and their families – are grateful for your action last session to pass the judicial privacy act and protect us from violence and threats of violence as we do our jobs.

Expungement assistance

You are aware of the challenges presented by the passage of Amendment 3. Your constituents, working in circuit clerk offices statewide, are grateful for the financial assistance you have provided to help them do the highly detailed expungement work the constitution now requires.

We are making significant strides. As of this week, our courts have reviewed more than 245,000 cases, of which they have expunged nearly 109,000. Plus, they've done all this while still processing all your constituents' other cases. A number of circuit clerks who were meeting in Jefferson City today are with us now. Please join me in giving all these dedicated court staff – and all those working in your local courthouses – an incredibly well-deserved round of applause!

Court technology

We also want to express our gratitude for your ongoing support of our statewide court automation system. We believe Missouri was the first state to have such a system. It now includes all of our municipal courts too – a major milestone that we've just completed!

Technology allows us to continue delivering the customer service your constituents expect and deserve. Our most popular service, Case.net, provides web-based access to more than 27 million public case records ... and counting. And now, people can see public case documents filed on or after July 1 remotely, from the convenience of a smart phone or home computer. Since remote public access started, the average number of hits on Case.net has reached nearly 5.2 million per day, with an average of nearly 7,000 people a month signing up to track cases through Case.net.

Gratitude for legislative support

We are also grateful for your consideration this session of bills to increase juror compensation – a need I have heard expressed consistently in my local courthouse visits.

The right to a jury of your peers has always been a part of our nation's fundamental values. But many of our courts struggle to have enough jurors. To comply with jury service, our citizens must take time off work and make other arrangements to care for their families. In turn, they may receive only the statutory minimum of just \$6 per day and 7 cents per mile for traveling from their homes to the courthouse and back. These amounts have not been updated since at least 1989. Judges are embarrassed to tell jurors these rates, and one clerk described the amounts as an insult to those who show up for jury service.

We are grateful for your consideration of how best to compensate your local citizens for performing this important constitutional duty.

Treatment court programs

We are also grateful for your ongoing support of treatment courts. After three decades, we have thousands of successful treatment court graduates who are testaments to how well these programs work. If you haven't already, please attend a local treatment court graduation. But bring a tissue, as every ceremony abounds with inspiring stories of lives restored and families healed. Here is one example:

Loretta Huff came from a broken home. Just as Johnny Lee once sang, she went lookin' for love in all the wrong places. She ended up incarcerated five times for a variety of convictions. She was in a dark place, believing there was no room in society for someone with her criminal history. But then she was accepted into Boone County's treatment court. She credits this with saving her life. Upon graduation, she began helping others. She now works as a counselor and helps lead a support group for treatment court alumni in Callaway County. She has gratitude for her treatment court experience and is proud of her new pattern of making good choices. Loretta is here – let's give her our gratitude for her success and for paying it forward!

We are grateful you are considering adding mental health courts to the list of approved treatment courts, expanding our ability to serve even more people.

Impact of mental health issues on our courts

Speaking of mental health, these issues – either alone or in tandem with substance abuse – increasingly impact our courts on a daily basis in all types of cases. These problems compound in our communities, taking a toll on our law enforcement officers, our jails, our hospitals and our nursing homes as everyone struggles for solutions.

Our jails have become the largest mental health facilities in our counties. But that is not how jails are designed, nor how their staff are trained. Jails should be used in the short term to detain people accused of crimes or found guilty of minor crimes. Concrete cell blocks are not conducive for treating mental health or addiction issues.

Individuals with mental health issues pose a danger to themselves and others in jail. One judge in outstate Missouri recently told me, despite the court ordering a much-needed mental health competency evaluation, the inmate had to wait eight months – creating difficult, if not impossible, conditions for deputies trying to keep control in the jail.

Unfortunately, I hear similar stories all over our state. The longer inmates with mental health problems remain detained – without treatment or without being *tried* for a crime, let alone *convicted* – the worse they get.

So, what do we do about it? We work together. Growing up on a farm, I learned that silos are great for holding grain. But government *cannot* operate in silos. We *cannot* afford to say “not our problem” and kick the proverbial can down the road. Because these are not cans – they are our loved ones, our neighbors, all the people who make up our local communities.

Instead, we must work together – across all branches of government, at the state and local levels, and with the nonprofit and private sectors. Only by sharing our best ideas and pooling our limited resources can we make a positive difference.

All areas of the state are in dire need of mental health services for defendants. Together, we *can* build networks to help keep those in need of mental health services out of our courts and jails so they can live safely and successfully in *all* our local communities. Simply put: *justice cannot be by geography*.

Pretrial services programs

We owe our gratitude to court and community leaders paving the way with new programs to help defendants with mental health issues. To address mental health and other needs at the earliest opportunity, pretrial services programs are proving efficient and effective. Like treatment courts, these programs are community-driven, with judges, prosecutors, public defenders, law enforcement officers and mental health professionals all collaborating to get offenders the help they need.

Consider Montgomery County – one of only five pilot sites in the nation, selected to improve pretrial diversion for defendants with mental health needs. I had a chance to visit with its pretrial services staff a few months ago. Although in its early stages, the program shows great promise. It has also been received well by victims, who are pleased to learn there are local options for those who *don't* need incarceration, but *do* need help with mental health issues.

Other defendants who qualify for pretrial release need different types of structure and support. Resources for these defendants can also include basic assistance such as locating a place to live, getting a GED, finding a job, applying for a driver's license and even transportation.

This support helped one Montgomery County man turn his life around since last summer. At the time of his arrest, with a barely livable home, he had no regular mental health assistance, abused alcohol and was surrounded by criminal activity. Then he was released into the prosecutor's mental health diversion program. Now, six months later, he is sober, receives regular mental health treatment, has severed his relationships with criminal associates, and lives in a structurally safe home. He credits pretrial services with kick-starting him onto a pathway to success.

We know the success of these programs can be far-reaching. Consider Sheila Santillan, one of Jasper County's earliest pretrial services program successes. She spent her teens bouncing around foster homes. As a young adult, she became entangled with drugs, got clean, but then had trouble finding stable housing. She took care of her father as he battled cancer, but after he died, she slipped again and was arrested for felony drug possession. Thanks to the pretrial services she received, Sheila was able to keep her job at a local restaurant, checking in with her pretrial release officer twice a week. Ultimately, she pleaded guilty, received a suspended execution of sentence and performed community service.

In the six years since, she has not returned to our criminal justice system and is happy to have moved on with her life. Sheila, I know you are watching online; please hear our applause showing how proud we are of your accomplishments!

It is our courts – through your local judges and court staff – who are keeping people like Sheila out of needless incarceration, instead making sure they receive life-changing treatment. We owe our heartfelt gratitude to these court heroes for protecting our communities and helping defendants like Sheila and so many others live up to their potential.

Members of our Jasper and Montgomery county pretrial services teams are here today; please join me in showing them our gratitude for the investment they are making in the lives of our fellow Missourians!

But unfortunately, not every county has a pretrial services team. Regardless of geography, defendants everywhere deserve the same opportunities. We are grateful for your consideration of our request to establish a statewide pretrial services program.

Juvenile detention

There is one final area in which we really need your partnership. Unfortunately, many juveniles suffer from mental health issues, too. During my visits to your districts, I have heard a lot about the need for increased mental health and security services in our juvenile detention facilities.

These facilities are housing more, and older, youth. There is a lack of available beds for juvenile offenders who need to be detained, especially outstate. Older, more streetwise youth are now being housed with younger juveniles, who I fear may *not* be learning good things from their older peers.

In addition, more youth are being certified to stand trial as adults. This is due to the seriousness of their alleged offenses. And more of these youth are remaining in secure juvenile facilities until their cases in adult courts are final. Having more high-risk, high-need youth staying longer in detention impacts the overall safety, security and rehabilitative focus of our entire juvenile justice system.

I admire the dedication and fortitude of all your local juvenile office staff, detention personnel and judges who serve these youth and families under increasingly difficult circumstances.

We are grateful for your consideration of our budget request to help us better serve youth in detention.

Conclusion

In conclusion, we have many challenging issues facing us, but I am grateful for the opportunity to work with you in tackling them. I am confident, working together as constitutional partners, we can succeed.

Every session brings a unique blend of stress, challenges and opportunities. I know how hard it is to leave your loved ones behind, week in and week out, to come here, plowing through thousands of bills, as you set out to do the people's business.

And I know you, like me, are grateful for our families who support us in our public service. The public may identify us by "fancy titles," like representative or senator or judge. But the titles that our loved ones give us are far more dear. My heart just melts when my grandkids call me "Mimi."

Ultimately, you and I all owe a debt of gratitude to the people of our great state of Missouri for entrusting us to be their public servants. I imagine our younger selves never dreamed of such incredible opportunities or such tremendous responsibilities.

I am grateful for our time together this morning. Please take care of yourselves this session. It is stressful, and easy to dwell on conflicts and negativity. So I encourage you – just as I encourage my family at Sunday dinners – to focus on gratitude.

God bless you, and God bless this great state of Missouri, the home of our Kansas City Chiefs!!!

The Joint Session was dissolved by Senator O'Laughlin.

Speaker Plocher resumed the Chair.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

TWENTY-SECOND DAY, THURSDAY, FEBRUARY 8, 2024

The House met pursuant to adjournment.

Speaker Pro Tem Henderson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The ways of the Lord are right and the just shall walk in them. (Hosea 14:9)

O God of all goodness and of all grace, we assemble here in this historic House Chamber to pray to You once again for guidance and enlightenment.

We call upon You to grant us willingness and courage during difficult votes and devotion to the principles of righteousness and justice to champion the cause of freedom in our Show Me State.

Above all, we thank You for our faith and hope, which time and time again we use to remain with You in order to serve and love.

Finally, and He who is like a mighty Reid in a superbowl, who does not fall or fail as protection is given to our homes, their homes, and Mahomes now and forever, from sea to shining Kelce.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-first day was approved as printed by the following vote:

Prayer by Representative Brian Seitz.

Father, thank You for time and opportunity to gather to represent those who have entrusted us to be their advocates in the Statehouse. I ask these things in Jesus's name, amen.

The Speaker appointed the following to act as an Honorary Page for the Day, without compensation: Ziynat Abdullaeva.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

SIXTEENTH DAY, TUESDAY, JANUARY 30, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

If you believe in goodness, if you value the approval of God, fix your mind on the things which are holy and right and pure and beautiful and good. (Philippians 4:8)

Our Loving God, who has taught us that only the pure in heart can see You, cleanse our hearts of all impurity, all impenitence, and all impatience. Give to us such a love for that which is good and true and beautiful that we may be strong in resisting all that is ugly and harmful.

Let not our strength fail, our steps falter, or our spirits faint as we labor for the good of our beloved show me state.

This day, and every day, may we place our trust in You, look up to You, and face the hours with faith and fortitude knowing You are with us and we are with You as we labor to guide our people in the ways of justice and peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifteenth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

SEVENTEENTH DAY, WEDNESDAY, JANUARY 31, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

And the Lord went before them by day in a pillar of cloud to lead them along the way, and by night in a pillar of fire to give them light. (Exodus 13:21)

O God, from generation to generation people have sought You and have found that Your faithfulness never fails, Your love never falters, and Your strength never fades. Our ancestors walked by the guidance of Your spirit and rested in Your mercy, so to us, their children, be a pillar of cloud by day and a pillar of fire by night to give us light upon our way, strength to walk along it, and peace in our hearts so that we would not be lost.

Remove the veil from every heart and unite us into one people as we walk together toward the promised land, where Missourians shall dwell together in peace and harmony.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixteenth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

EIGHTEENTH DAY, THURSDAY, FEBRUARY 1, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Jamie Gragg.

Heavenly Father, we're thankful for the watch care that You provide over the affairs of these men and women.

We are grateful that nothing escapes Your care or notice. You are never asleep and You never change. The ideology and philosophies of the times change often, but You never do.

Your immutability gives us great comfort knowing that You always keep Your word and Your promises are true. Help us not to be so enamored by our own talents and abilities that we fail to submit ourselves to You and Your ways.

You tell us in Colossians 3 that we are to demonstrate compassionate hearts, kindness, humility, meekness, and patience, bearing with one another and forgiving each other as You have forgiven us.

I pray that You would find each of us faithful in pursuing those qualities in our hearts and minds, and convict us when we are falling short.

Father, many things vie for our attention...would You grant wisdom and clarity to these men and women as they do the work of serving the needs of the people of Missouri. We need Your help and guidance.

And the House says..... Amen!

The Pledge of Allegiance to the flag was recited.

The Journal of the seventeenth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

TWELFTH DAY, TUESDAY, JANUARY 23, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

I will lift up mine eyes unto the hills from whence cometh my help. (Psalm 121:1)

O Lord, our God, take our impatient spirits into Your patient hands and breathe into them the power and the peace of Your presence. Lift us above the clamor which is about us and the confusion which is around us and lead us to the high hills from whence cometh our help for the present and our hope for the future. O Spirit of the living God, make Yourself real to us as we pray.

Unto Your loving care we commit our state of Missouri. Save us from the folly of our own foolishness, and by sterling character, strong integrity, and steadfast faith, may our state become a real blessing to our nation and our citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the ninth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

THIRTEENTH DAY, WEDNESDAY, JANUARY 24, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Be strong in the Lord and in the power of His might. (Ephesians 6:10)

O God and Creator of us all, may we follow the leading of Your spirit as we face another day. Bless us with Your presence and help us always to be receptive to You and responsive to the needs of our fellow citizens.

In this House chamber, which will be the heart of our state today, we pray for our Governor, Lt. Governor, Speaker, Members, Staff, and all who labor with them, that they may be strengthened to meet confidently the demands of this winter day for the future of Missouri.

Keep ever before us the goal of a better state with justice alive in our thoughts, with peace between parties, and with goodwill in the hearts of our people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twelfth day was approved as printed by the following vote:

The Sergeant-at-Arms announced the approach of the Honorable Michael L. Parson, Governor of the State of Missouri. The Governor was duly escorted to the House Chamber and the Speaker's dais, where he delivered the following message to the Assembly in Joint Session.

**STATE OF THE STATE
ADDRESS BY
GOVERNOR MICHAEL L. PARSON**

Thank you Lieutenant Governor Kehoe, Mr. Speaker, statewide officials, members of the General Assembly, esteemed guests...

AND it is my honor to welcome...for the first time in our state's history... Judges of the first ever female-majority Supreme Court of Missouri.

It is an honor to be joined by the First Lady as I'm welcomed to the dais for the final time as the 57th Governor of the Great State of Missouri.

During our time as Governor, we've accomplished more than any of us probably thought was ever possible. BUT I wouldn't be standing here today without my support system...my family. AND that's where I want to start.

First and foremost, the First Lady... Teresa has been by my side every step of the way. AND after 38 years of marriage, I wouldn't be the Husband, Father, Gramps, or Governor I am today without her.

Thank you for serving in a role you never asked for but doing it each and every day with grace and a passionate commitment to best serve the people of Missouri.

Ladies and gentlemen, your distinguished First Lady of the great state of Missouri...

Would my family please stand to be recognized?

Like the legislators in this room and Missourians across the state...my faith, family, and the next generations are the driving force behind the change we have made in Missouri.

AND last year when I stood before you, I highlighted many of our historic achievements we've accomplished together...

As we laid out bold and historic proposals, I declared that this Governor...this Dad...and this Gramps...is not done yet...

We are not done yet...and while that's still true, I'm here to tell you...We're getting close.

After serving six sessions in the House, six sessions in the Senate, two sessions as Lt. Governor, and now my sixth and final session as your 57th Governor...I am expected to say this is a bittersweet moment.

BUT while the view from this dais facing all of you is a fine sight to see...it's no comparison to the view of the Polk County fields behind the windshield of my John Deere tractor.

But look...I promise to think of all of you...on occasion.

BUT in all seriousness, I'll be leaving here with my head held high...

Because like many of you who came here for the right reasons...We never wavered from those wise words on our Capitol and inscribed in our state seal...

"Let the good of the people be the supreme law."

In every decision we make, we must look to the effects on the next generations and the ability for them to achieve their American Dream. In every decision, we must PUT PEOPLE FIRST.

Easy said, but hard to do...it's a simple idea that has been our guiding principle since the very beginning.

AND that's our final commitment to you. Until our final day...we'll continue to put people first.

When I became Governor, Missourians were tired of the turmoil, political infighting, and self-involved personalities. They were tired of quitters...

AND when I first stepped into the Governor's Office, amidst the thousands of camera clicks, hundreds of shouting questions, and countless state, local, and national media...we CLOSED the chapter on scandal and began a new direction...because there was NO TURNIN' BACK.

We declared a fresh start and the return of stability. We committed to ensuring the next generations have their opportunity at the American Dream. We promised the return of integrity to state government...

AND above all we promised to return a people first mentality. AND today, I firmly believe we have DONE just that.

Every year, we have approved conservative and balanced budgets. We have maintained our AAA credit rating and we've ALWAYS left funds on the bottom line.

Actually, with the budget we outline today...we will leave office with over \$1.5 billion dollars on the bottom line, which has never been done before in our state's history.

We're also pleased to report that we have paid down Missouri's debt by over \$600 million dollars, leaving the state with 53 percent less debt than when we started.

That is quite the contrast compared to what we are seeing happen in Washington D.C. In Missouri, we don't leave future generations to pick up the tab. We pay our bills, and we put people first...

Working with all of you, balanced and conservative budgets have always been the norm never the exception.

AND we've always been more interested in giving back Missourians' hard-earned dollars rather than spending them.

In turn, that creates jobs, business growth, and increased revenues to the state.

In fact, state revenues have increased 40 percent since 2018. With significant growth coming from sales revenue...not income taxes, not corporate taxes, and not fuel taxes...but from revenue created by Missourians spending their own money. Not government programs.

AND ONE HUGE FACTOR was the three separate tax CUTS we approved... including the largest in our state's history.

We have decreased Missourians' tax burdens by over 20 percent. Unleashing an economic powerhouse in the State of Missouri.

When I became Governor, we were ranked 42nd for GDP growth and last among our Midwest neighbors. Today, we are ranked 23rd in the nation and Top 5 in the Midwest for GDP growth.

That's a real reckoning here in Jefferson City. That's not all talk and hot air, that's a true reckoning of growth and opportunity that Missourians have come to expect from this administration and state government.

That's our leadership creating a real formula for success, and that's something all of us should celebrate in this chamber.

Overall, Missouri now has the 13th lowest tax burden of any state in the nation.

AND under our Administration, our unemployment rate fell to 2.1 percent, the lowest rate ever recorded in our state's history. Actually, it has been so low that our problem is not creating jobs but filling jobs.

Since becoming Governor, we've added more than 110,000 jobs to our economy and closed out the year ranked 15th nationally for job creation.

Today, as I stand before you for the final time as Missouri's 57th Governor... I declare that the State of our State is stronger than it has ever been.

We've done it all by putting people first...AND that started with state government.

Nothing we do in this room is possible without the dedicated public servants across the state to implement these ideas. BUT when I became Governor, state government was quickly becoming underappreciated, understaffed, and underpaid.

That's why we approved three historic pay increases to recruit and retain quality talent across state government - raising team member pay by over 20 percent since 2018.

AND let me just say: investments in our state employees have been worth EVERY penny.

AND that's why this year we are proposing an additional 3.2 percent cost of living increase for all state employees.

AND representing our more than 47,000 state team members here today is my Cabinet.

Through every crisis, I turned to my Cabinet and their teams not the federal government...AND I always maintained that the answers to our problems are in this state and among our people...

If we just allow ourselves to put egos and self-importance to the side and listen.

AND while they may have already been recognized, I want to ask my Cabinet to stand with me for one last time...

I always say that being a good leader is not about being the best but making those around you better. AND today I thank you and your teams for proving that to be true.

Please join me in giving them another round of applause.

Putting people first is something we implemented across state government because we set the example from the Governor's Office.

From the start, we got straight to work. We completed the largest de-regulation effort in state history, eliminating nearly one out of every five state regulations.

AND during COVID-19, we waived over 600 more regulations. By working with the General Assembly, we made many of these changes permanent in statute and improved the regulatory environment in Missouri.

Because to be honest, many of these rules and laws should have never existed in the first place.

When I became Governor, we also inherited nearly 4,000 pending clemency applications. While I'm a law and order Governor, 4,000 people in limbo waiting for an answer is not how we do good business.

Whether approved or denied, we set out to provide answers. Today, I'm proud to announce that the clemency backlog we inherited has been totally cleared for the first time in decades.

BUT as a former sheriff, this reform did not mean we were letting people out of prisons or forgiving violent criminals, we pardoned people who deserved it...people who had truly turned their lives around...

People like Kenny Batson who joins us here today. In his youth, Kenny was drinking, getting into fights, and found himself on the wrong side of the law. BUT today, Kenny has turned his life completely around.

Kenny is a proud husband and father of three kids. He earned both a bachelor's and master's degree and has been a pastor for more than 20 years, including serving as a hospice chaplain.

Kenny and others like him might have made some mistakes when they were young...but he earned a second chance.

Please join me in recognizing Kenny Batson.

Another way our office has been able to capitalize on historic opportunity is appointing over 155 Missouri judges and three Supreme Court Judges.... Meaning more than 40 percent of the judiciary has been appointed by our administration.

That is more appointments than any Governor in our state's history.

By focusing on core conservative values, we've truly reshaped the judiciary for generations to come. AND guaranteed a judiciary that upholds the law, NOT the politics of the moment.

Additionally, in putting the people of Missouri first, our office put politics aside and appointed five strong statewide office holders, which has never happened before in our state's history.

Lt. Governor Kehoe, Attorney General Bailey, Auditor Fitzpatrick, Treasurer Malek, and though he's not here today, Senator Schmitt...thank you for stepping up and answering the call to serve Missourians. I trust you will never quit on our people and the great State of Missouri.

Today, I want to highlight another one of our quality appointments in the City of St. Louis Circuit Attorney Gabe Gore.

We didn't pick Mr. Gore because of his politics...matter of fact we never even asked...it was because he clearly cared for the people of St. Louis. He valued strong communities, fighting crime, returning law and order...and putting people first.

The level of professionalism between the Circuit Attorney's Office, Metro police, the courts, the Attorney General's Office, and our office is greater than I have ever experienced.

Please join me in recognizing St. Louis Circuit Attorney Gabe Gore.

When the history books tell the story of Missouri's 57th Governor, I hope it's our workforce development and infrastructure accomplishments that stand out.

AND this year, as we propose our final priorities as Governor...there is NO TURNIN' BACK.

We know that guaranteeing Missouri's strong foundation starts with a quality education for our children.

This year, we will once again fully fund the K-12 Foundation Formula with an additional \$120 million dollars over last year's levels.

AND we are also fully funding school transportation across the state of Missouri.

In total, our administration has increased funding for K-12 education by \$700 million dollars since 2018. AND I'll note, that's all state funding...not the federal government.

AND at the same time, our administration and this General Assembly took the first step towards school choice for more Missouri families through our education savings account program.

Whether it be public, private, charter, or Christian... we don't care where Missourians are getting a quality education just as long as they get one.

This year, to do our part on teacher pay, we are including funding to increase teacher baseline pay to \$40,000 dollars per year. This represents a \$15,000 dollar increase for teacher pay during our administration.

We are also recommending \$6 million dollars for Career Ladder.

Together, these programs have benefited tens of thousands of teachers in every corner of our state.

We've also made historic investments in Missouri higher education.

We've increased higher education core funding by 24 percent...and invested \$1.2 billion dollars in state-of-the-art capital improvements and upgrades on our college campuses.

In this year's budget, we included another 3 percent core increase for our four-year institutions and community colleges

AND \$54 million dollars for MoExcels workforce training programs on our college campuses.

When I graduated high school, I went straight into the workforce and joined the United States Army...and for me there was no turnin' back.

My path is similar to many Missourians, as nearly 60 percent of our workforce don't have college degrees. AND that's okay because we all know it doesn't take a college education to be successful.

Since 2018, we have helped establish, upgrade, and transform 57 career and technical education institutions across our state. More of our young people are earning a quality skill, certificate, or credential that will help secure them a good-paying job without a college degree.

We are also upskilling our current workforce and helping them secure the skills they need to succeed. Since its upgrade in 2019, Missouri One Start has helped train more than 173,000 workers.

Additionally, since its creation, our Fast Track program has benefited over 1,700 students, with more than 55 percent going into healthcare AND more than two-thirds being women.

We have also made tremendous progress by prioritizing apprenticeships in this state. AND joining us today are some of the individuals who have benefited from our historic support. In the upper gallery, we have...

- Isaac Lough from Four Rivers Career Center.
- Kayla Putnam, an apprentice and Army Reservist from Springfield.
- AND Ricky Schmoll, who is a trucking apprentice from Pleasant Hill.

I firmly believe that with hard work, determination, and a skill of some kind anyone can achieve the American Dream. AND these individuals are proving it.

Please join me in recognizing these hard-working folks and others like them across our state.

This group represents just a sample of the more than 57,000 new apprenticeships we have added since becoming Governor. Under our administration, yearly apprenticeship activity in Missouri has grown by 100 percent.

That's why this year we are including another \$3 million dollar investment to support even more youth apprenticeship opportunities. As you can see, these targeted investments truly make a difference in the lives of Missourians.

AND thanks to our past efforts, I'm proud to report that Missouri is ranked 2nd in the United States for apprenticeships. AND that's something we should all be proud of.

Like any challenge in this state, we rise to it...not hide from it. This year, we are also investing another \$10 million dollars for advanced semiconductor research, development, and skills training...as well as nearly \$7 million dollars to support critical mineral development in Missouri.

Missouri ranks 4th in the nation for new manufacturing...when it comes to semiconductors and critical minerals...we can lead...AND we will lead to ensure we never have to rely on nations like China again.

Another focus in the workforce development arena that the First Lady and I are especially proud of is JAG Missouri.

JAG includes students who may be struggling academically, who may have found themselves in some trouble, or are high-risk.

When we first began the JAG initiative back in our Lt. Governor days, JAG was supporting just six programs and serving 225 students.

Today, JAG Missouri supports 112 programs and serves more than 4,000 Missouri students with a high school graduation rate of 98 percent.

AND that's thanks in large part to the First Lady for taking this program under her wing.

In the upper gallery, we have current and former JAG students joining us today. Thanks to JAG, these students are well on their way...whether that's college, the military, or straight into the workforce.

AND with your help, we can support this life-changing program with an investment of \$3.8 million dollars.

BUT if you choose not to stand behind these students in the upper gallery and the thousands like them across the state...it won't be me you have to answer to...but the First Lady herself.

Please join me in giving the JAG students and specialists here with us today a round of applause for their exceptional work.

When it comes to preparing Missourians for the workforce, we know we are on solid ground. The biggest thing we can do is simply continue.

But today our state is in critical need of quality early learning programs.

Business leaders estimate that lack of early learning programs is costing our state over \$1 billion dollars annually. AND over 85 percent of Missourians believe early childhood learning supports a child's success, parents' success, and business success.

BUT today, we have the capacity to serve just 39 percent of Missouri children in licensed facilities. It's time for change.

This year, alongside Senator Arthur and Representative Shields, we are again proposing three new child care tax credit programs.

These programs will help improve access and affordability for families seeking child care across the state of Missouri.

Additionally, we are continuing funding for the expansion of pre-kindergarten programs.

These are commonsense measures that are good for business, great for families, and best for all Missouri children.

Joining us today is Katherine Godier and her child Theo who utilize Missouri's child care subsidy. Yet, Katherine still finds it difficult to afford quality child care.

Katherine is a full-time nursing student that uses Mineral Area College's early learning program...without help, she's not sure she could afford or find care for Theo.

Katherine only wants the best possible education for Theo. Something I think we can all agree should be the minimum for every child in Missouri.

That's why this year we are proposing a \$52 million dollar investment in Missouri's child care subsidy program to make sure infants, toddlers, and children like Theo can receive the quality care they need and deserve.

Please join me in welcoming Katherine, Theo, and Program Director Jennifer Sikes from Mineral Area College.

Another issue affecting Missouri children is the fentanyl crisis.

Drugs pouring into our country through the southern border is devastating Missouri families. Last year, dozens of Missouri children were lost due to fentanyl exposure.

This year, alongside Senator Thompson-Rehder and Representative Parker, we are proposing legislation that guarantees stricter punishments for exposing children and minors to fentanyl.

The fentanyl crisis is here and is tearing families and communities apart. Children dying from fentanyl is 100 percent preventable.

AND while President Biden and the federal government fail to do their job by securing our southern border...Missouri WILL ACT.

We are also protecting Missouri children and our most vulnerable by supporting Attorney General Andrew Bailey's plan to find, prosecute, and punish human traffickers in the State of Missouri.

Together, these initiatives are not only pro-children and pro-family BUT pro-life as well.

AND speaking of pro-life, I want to take this opportunity to highlight our historic success in Missouri's FIGHT FOR LIFE.

When I came to Jefferson City, nearly 8,000 elective abortions were performed annually in Missouri. As I stand before you today...I'm proud to report that number is ZERO.

Now, on to another priority of this administration - roads, bridges, and Missouri's infrastructure. While road and bridge repair might not be the most exciting topic...it is one that impacts all Missourians the most.

Infrastructure was one of the first major initiatives we took on.

AND five and half years ago, working with all of you, we set out to repair or replace 250 of Missouri's poorest bridges.

For the first time in our state's history, we leveraged general revenue and bonding authority to fund our Focus on Bridges program.

The way in which we created this program allowed us to pull down additional funds to not only repair 250 overlooked and crumbling Missouri bridges...

BUT it freed up additional resources for major projects like the Buck O'Neil bridge, I-270 North, and the new Rocheport bridge.

Many doubted it could ever happen, but as I stand before you today, I say mission accomplished.

Focus On Bridges...COMPLETE. I-270 North...FINISHED...AND by this time next year, we fully expect Rocheport and Buck O' Neil to be completed... as... promised.

We truly believe that our Focus on Bridges program will be THE model moving forward...because although focus was in the name, it doesn't mean everything else stopped.

In total, under our administration, we have repaired or replaced over 1,000 bridges across our state.

We've repaired nearly 17,000 miles of Missouri roadway in five short years. That's about 50 percent of Missouri's entire highway system that has been repaired or replaced.

AND I'll remind you, we have the 7th largest system in the nation.

As for rural Missouri, with an unprecedented funding of \$200 million dollars, nearly 2,000 miles of lettered roads have... been... completed.

When I became Governor, our Statewide Transportation Improvement Program for infrastructure projects across the entire state stood at \$2.5 billion dollars. Today, our STIP is funded at nearly \$14 billion dollars.

AND joining us today in the upper gallery are the men and women who are making it all happen.

Each of these eight men and women represent over 130 years of experience and the more than 4,600 MoDOT employees across our state.

Under our administration, we've kept this group busy. So please join me in recognizing their contributions to our state.

The expansion of I-70 has been talked about in this building for decades...decades of hot air...decades of passing the buck...under our administration, this General Assembly, and the leadership of Senator Hough...decades of inaction turned to ACTION.

This summer, construction on I-70 is set to begin in Columbia. AND from there...well let's just say there is No Turnin' Back.

BUT it's the strategic way in how we chose to fund I-70 that I bring up the project today.

With the smart use of our resources and efficient and effective work ...we are projecting an I-70 completion not only on time but with SAVINGS too.

AND two days ago, we received great news from Congressman Graves that we will be receiving over \$90 million dollars in additional funds to put towards projects on I-70.

With these additional funds and those savings, today, we are announcing our recommendation to establish the I-44 Improvement Fund.

This fund will build on the nearly \$150 million dollars already included in the current STIP.

That's right, we aren't just laying the foundation to expand and improve one interstate across our state... but TWO interstates.

Now, that all sounds good... but, I have more...

Today, we are also ranked 2nd in the United State for capital and bridge projects...9th for improving rural roads, and 11th for the cost-effectiveness and condition of our roadways.

Another important piece of infrastructure is broadband. Working with you, our administration has invested over \$400 million dollars toward broadband expansion ...making tens of thousands of homes, businesses, and farm connections across the state.

Thanks to these efforts, and now, another \$1.7 billion dollars coming to our state through federal funds that former Senator Blunt helped to secure...we believe that in the next five years, the digital divide in Missouri will be closed ONCE AND FOR ALL.

In less than six years, we've accomplished more than most Governors are able to in eight years. AND I'll remind you, we did it all while challenged with some of the most unprecedented events in our state's history.

Whether it was the duck boat crisis, floods, drought, tornadoes, civil unrest, train derailments...Or in 2020, when a global pandemic came knocking at our doors - a crisis that came with no roadmap or playbook...We never backed down or passed the buck.

Have there been critics? Sure... but critics are a dime a dozen.

AND one thing I've learned in life...you'll never be criticized by someone doing more than you...It will always be the person doing less who makes the most noise...

Through all the criticism, we never stopped working for the people of Missouri.

AND for all my like-minded colleagues who stood with me...fought alongside me...and who came here to be a good public servant and PUT PEOPLE FIRST...

I want you to listen closely to what I say next, because these are your wins too.

TOGETHER...We've reshaped our Supreme Court and judiciary as a whole.

We've protected second amendment rights, focused on law and order, and safeguarded Missouri's landmark castle doctrine.

We fought the fight for life – and reduced the number of abortions in our state from 8,000 annually to zero.

We've streamlined state agencies, supported our team members, and reduced the size of state government.

We've built over 1,000 bridges, repaired 50 percent of our entire highway system, and crafted lasting partnerships.

We've cut through nearly 20 percent of regulations on the books and made state government more efficient and effective while unleashing economic development.

We've maintained our AAA credit rating and achieved the lowest unemployment ever recorded in our state's history.

We've paid our bills and left the State of Missouri with 50 percent less debt than when we started.

We've left \$1.5 billion dollars on the bottom line.

We've created over 110,000 jobs and brought \$15 billion dollars in new business investment.

We've cut taxes three times and reduced income tax burdens by over 20 percent with the largest income tax cut in our state's history.

No one and I mean no one has gone to bat for the people of Missouri like this administration and you. AND today...WE...HAVE... WON...

As I begin to wrap up here, I want to recognize another group of special people who helped us make it all happen...

These individuals are truly the best of the best. I couldn't have asked for better people to serve with in the Office of Governor and the six million Missourians across our great state.

They're often overlooked and overworked, but their impact on this state is beyond measure. We've taken on challenges that no one could ever imagine. But they never complained, they never gave up, and, above all, they believed.

They believe in the mission, they believe in our people, and they believe in the extraordinary capabilities of Missourians to achieve an even better tomorrow.

I'm filled with pride that we have public servants of such caliber serving our great state. As the sun begins to set on my public service career, I know their talents will continue benefiting Missourians today, tomorrow, and in the years to come.

To the most loyal and hard-working people I have ever had the honor of working alongside...from the bottom of my heart and on behalf of this entire state...I say THANK YOU!

Would members of my staff, both past and present, please stand to be recognized.

As a final message to this body, I'm reminded of an old saying: "A society grows great when old men and women plant trees... the shade of which they know they will never sit in."

To summarize...it's all about putting people first.

Ladies and gentlemen...that's been the focus of this administration. We've planted the seeds today for a better Missouri tomorrow. The First Lady and I may never be able to fully realize the work we've done here alongside all of you.

But that was never the purpose in the first place. The point is that all of our kids and grandkids across this state...THEY WILL.

With Faith, family, and freedom at the forefront...honoring the Constitution and leading with the ideas of the Declaration of Independence...putting people first...that's what leadership has been to us.

In Missouri, our economy is strong, our democracy is strong, our people are strong...and we can keep it that way...If we continue to PUT PEOPLE FIRST.

Missourians took a chance on me and placed their confidence in me and my team to put the people of this state first...you gave me the largest victory margin of any Republican Governor in modern history...and I will forever be grateful.

When I got the call to become Governor, my big brother told me... "LITTLE BROTHER... come back home the same way you're leaving here today...with your head held high."

Well, I'll be keeping that promise... The First Lady and I will be returning to the farm with our heads held high...

AND if we're honored enough to be considered by Missourians as a "pretty good Governor", "decent guy" or "someone who never forgot where he came from"... then it will all be worth it.

Words cannot express the sincere appreciation I have for this state and our people...

So... for one final time before this chamber today... I simply say to the more than 6 million Missourians who I have had the absolute privilege of serving...

It has truly been the honor of my life to be your 57th Governor of the great State of Missouri.

God bless you...God bless the great state of Missouri...and God bless the United States of America.

The Joint Session was dissolved by Senator O'Laughlin.

Speaker Plocher resumed the chair.

FOREWORD

This is the first report of the Missouri statutorily authorized Substance Abuse Prevention and Treatment Task Force. The goal of this first report is to provide an overview of the efforts of the state of Missouri to address the tragedy of substance use, both from a financial and programmatic perspective, and to summarize our findings and recommendations.

In five evidentiary hearings, the task force heard hours of expert testimony from 7 state departments and multiple organizations that implement multiple programs to combat substance misuse. Details of programs were compiled and used to generate charts, tables and the budget overview. Hearing testimony is summarized and formed the basis for recommended next steps. The appendix contains over 80 pages of programmatic and budgetary information provided by the state departments, and over 20 pages of additional descriptive information from the departments as well as organizations receiving state funding.

This first report of the Substance Abuse Prevention and Treatment Task Force would have been impossible without the significant cooperation of the state departments, analysis provided by the Missouri MOST Policy Initiative, participation of task force members, and support from the House Research team.

Special thanks to task force member Del Taylor (District 84) who actively participated in all hearings, designed this report's templates, guided MOST Fellow efforts and contributed to the content and final editing of this document.

MOST Fellows Drs. Sarah Anderson, Madeleine Roberts, Isabel Warner and Rieka Yu contributed hours organizing department data into a useful document without cost to the state (see note regarding MOST on page 152). The assistance of the House Research staff, and particularly Colin Zentmeyer, is most appreciated.

Undoubtedly there are errors in attempting to assemble such a volume of information. Those have been minimized by offering review of the product to the state departments prior to issuing the final report. Any remaining will be addressed in subsequent reports.

This is intended to be only the first in the efforts of this task force. Requirements of the traditional session limit hearings primarily to the period after the General Assembly has adjourned. The Recommendations provided in this report identify important and plentiful subjects for future investigation. The plan is to continue that investigation in 2024.

John Black, Task Force Chair, 102nd General Assembly, State of Missouri.

EXECUTIVE SUMMARY

Illicit drug overdose deaths in the United States have doubled from 2015 to 2021. The total number of all drug overdose deaths in 2021 was 106,699.¹ By comparison, 58,220 American soldiers were killed in the Vietnam War.² Opioids caused the largest number of deaths with 80,411 fatal overdoses in 2021. Cocaine, stimulants (including methamphetamine), psychostimulants, benzodiazepine, and antidepressants contributed to over 55,000 overdose deaths in 2021. In addition to drug overdoses, alcohol and tobacco use has greatly contributed to deaths in the United States. Between 2015 and 2019, more than 140,000 people per year died from excessive alcohol use.³ Between 1965 and 2014, there have been more than 425,000 tobacco related deaths per year. These deaths were due to cancer and other diseases as well as secondhand smoke inhalation and residential fires.⁴

In Missouri, the most used substances are alcohol, tobacco, and marijuana. Frequency of tobacco use in Missouri is higher than the national average with 27.93% of Missourians having used tobacco within the last month compared to 19.55% nationally.⁵ In 2021, about 18% of Missourians had a substance use disorder (SUD).⁶ In 2022, more than 2,000 Missourians died from a drug overdose. Most of these deaths were due to non-heroin opioid overdoses. In addition to drug-related deaths, more than 910 Missourians died due to alcohol use and almost 10,000 Missourians died from smoking-attributable causes in 2022 (Figure 1, Table 1).^{7, 8}

Deaths in Missouri from substance use range from approximately 10,000 smoking-related; to more than 1500 opioid-involved; over 700 methamphetamine-involved; and 910 alcohol induced in 2022. (Table 1 page 10). It should be noted that the deaths related to alcohol is contradicted in the testimony. The Department Mental Health testified that 6% of overall deaths are related to the use of alcohol, which would result in a number for Missouri greater than 910. That being the case, alcohol would join tobacco in resulting in more deaths in Missouri than opioids or methamphetamine.

By accumulating the information provided by Missouri departments, the amount spent in Missouri in FY 2023 on SUD is estimated at approximately \$244 million, with the appropriation for FY 24 to be approximately \$350 million (Figure 9). This compares to the state budgets of \$47.1 billion, and \$51.8 billion for the fiscal years, or percentage of expenditure of 0.52% and 0.68%, if all the FY 24 appropriation is spent. (All figures include both federal and state funds) The first and obvious question is whether approximately 0.5% to 0.7% of the state budget spent on substance use is an adequate expenditure.

Table 2 summarizes information provided by the departments and compares the amounts spent & appropriated on the various addictive substances. Not all substances are explicitly budgeted separately. For example, all the expenditures specifically identifying opioids is in the range of \$68 million. Funds explicitly spent on tobacco in FY 23 was \$725,000, and there was no specifically identified funding for alcohol misuse. To be fair, many more millions are not specifically identified and could include alcohol and tobacco, but the testimony indicated the bulk of that money is spent on opioids and stimulants. Table 2 provides that approximately \$30 million is spent for a combination of opioids and alcohol.

The next question might be how much is spent on prevention versus treatment. Table 4 attempts to address that question by identifying FY24 Appropriations and FY23 Spending for Treatment only, Prevention Only, Recovery Only and combinations of these three. The bulk of moneys went to Treatment Only programs with FY23 Spending exceeding \$153 million and FY24 appropriation exceeding 224 million.

What is Missouri doing with the money provided? A lot. Table 6 breaks down the spending between the state departments, with the Department of Mental Health (DMH) receiving over 70% of the funding. DMH is the state authority for coordinating a statewide response to substance use disorders. The Department of Health and Senior Services (DHSS) received approximately 13% and the Department of Corrections (DOC) about 8% in FY 23. Figure 3 charts the number of programs per department, with DMH at 31 of a total of 61. It may or may not be surprising that the largest source of funding for substance use disorders is ultimately MOHealthNet (Medicaid) as a result of the percentage of participants that are Medicaid eligible.

⁸ For additional information relating to substance use frequency, please see the summary of testimony for the Department of Health and Senior Services from the July 2023 hearing, beginning on page 27.

Of course, ultimately, a most significant question is the effectiveness of these programs. With a few exceptions, the testimony did not provide clear answers to that question, which should be a major issue in future task force hearings. Some testimony was offered with regard to the number of persons served and percentage expenditure of appropriations allotted, which provides some basis for recommendation. There was testimony that participation in federal programs requires data collection, and a strong preference for evidence-based practices. Again, more detail on program effectiveness is needed in the future.

As required by statute, this report will offer recommendations, like the need for statistics on program effectiveness. Without these details we cannot make budgetary recommendations about some programs. In other cases, the Missouri treatment court statistics demonstrate high rates of effectiveness. This was attributed to the value of a broad-based treatment methodology which involves medication and community supports. Programs such as Recovery Services providers were identified. Similarly, the need for reduced time for service was recognized. The value of a recovery “coach”, who can help a person identify and stay in treatment, was repeated. Programs such as those offered by Engaging Patients in the Care Coordination (EP ICC), the Federally Qualified Health Centers (FQHC) comprehensive model, and services offered by the state public defender’s office are examples. The need for qualified personnel to provide the services, known as Certified Peer Specialist and Community Behavioral Health Liaisons, working with both youth and adult populations, was identified as extremely valuable.

The connection between mental health and substance use is apparent. The fact that many persons suffering from substance use disorders utilize many addictive substances makes simple categorization impossible. The impact of substance use on maternal and infant health, on young people served for example by the DSS Divisions of Children and Youth Services, the need for early intervention in primary settings and schools, the essential coordination with community organizations such as Certified Community Behavioral Health Organizations (CCBHO), and the ten DMH Prevention Resource Centers around the state, were all repeated themes.

There are positive indications. The emphasis on evidence-based practices in many cases appear to be achieving results and create the ability for better metrics and analysis. The reports of coordination and cooperation between the departments of the state of Missouri, spearheaded by the Department of Mental Health were virtually universal. Yet, the concept of a substance use prevention and treatment coordinator between the departments, perhaps located in the Department of Mental Health or the Governor’s office, was acknowledged as worthy of consideration.

Table 9 lists recommendations including subjects for further investigation, in addition to those subjects previously mentioned. Among those are analysis of the societal cost for the state of Missouri from substance use/misuse; the impact of recreational marijuana based on experiences of other states; and to date controversial subjects in the state of Missouri such as needle exchange programs. The issue of whether the state would well be served by a substance use “Czar” to coordinate programs of various departments is to be further discussed, even in view of the often-reported cooperation between the departments tasked with the major efforts to address substance abuse. The Table follows the report details and summaries of witness testimony, in the hope the reader will review at least those portions of the report. Certainly, the department summaries and supplemental information in the appendices are recommended.

REPORT DETAILS

Deaths by Substance

Figure 1. Number of deaths in Missouri per addictive substance. Data provided by DHSS for 2022.

Table 1. Number of deaths in Missouri per addictive substance. Data provided by DHSS for 2022. (See Figure 1).

Cause***	Deaths (2022)
Smoking-Attributable*	9,959
Alcohol Induced**	910
Opioid Involved	1,577
Methamphetamine Involved	724
Cocaine Involved	319

*Derived from a formula that assigns a certain percentage of various causes of death to tobacco smoking. Smoking also attributes to heart disease, cancer, and chronic lower respiratory disease, all of which are the three highest leading causes of death in Missouri. Secondhand smoke is also a significant cause.

** A broad definition that includes: alcohol induced pseudo-Cushing's syndrome; mental and behavioral disorders due to use of alcohol; degeneration of nervous system due to alcohol; alcoholic polyneuropathy; alcoholic myopathy; alcoholic cardiomyopathy; alcoholic gastritis; alcoholic liver disease; alcohol induced pancreatitis (chronic and acute); fetal induced alcohol syndrome (dysmorphic); excess alcohol blood levels; accidental poisoning by and exposure to alcohol (intentional, accidental, or undetermined intent); fetal alcohol syndrome.

***Drug types are not mutually exclusive, meaning a death record may have more than one drug listed, and would therefore be counted in both categories.

Funding

To assess these deaths and related substance use disorders (SUDs), the state of Missouri has appropriated funds to programs aimed at treatment, recovery, and prevention, as well as to support the associated administrative costs to run these programs. Per substance, Missouri spends the most on programs addressing all substances (\$115,630,624.16) and programs where substances were unspecified (\$109,384,816) (Table 2, Figure 2). The highest number of programs are dedicated to these two groups, and they constitute the highest and second highest increases in budget from FY23 to FY24. By contrast, no money has been appropriated to programs that deal specifically with either alcohol or stimulants only. Despite smoking attributable deaths constituting the majority of SUD related deaths in Missouri, there are only three tobacco related programs*, and they are only appropriated \$833,145. A new FY24 program focused on cannabis SUDs includes a \$955,000 budget, however, this program is not solely focused on smoking. The third highest budget increase (\$11,552,022.78) is explicitly for programs excluding those that work with alcohol-related SUDs.

The Missouri Department of Mental Health (DMH) is the state authority for coordinating a statewide response to substance use disorders. In addition to DMH, the Department of Health and Senior Services (DHSS), Department of Corrections (DOC), Department of Social Services (DSS), Department of Elementary and Secondary Education (DESE), Office of State Courts Administrator (OSCA), and Office of Administration (OA) all have programs supporting the prevention and treatment of substance use disorders in Missouri.

The Task Force held hearings during the 2023 interim session. The Missouri state departments provided the bulk of the testimony. (The cooperation of the departments throughout this process has been invaluable and exceptional.) As a first report as required by statute, the goals are seemingly modest: to identify the amount spent by Missouri departments on substance use/misuse, the major programs; the number of persons suffering from the various addictions; the number of persons receiving care as a result of the expenditures; the source of the funding, whether state or federal; the amount spent on prevention versus treatment; all to establish basic findings and recommendations. Even those modest goals have not been fully met. This report will include recommendations for further Task Force areas of investigation.

Programs

The majority of programs related to SUDs are housed in the DMH (Figure 3), and where the data were provided, the majority of programs are between 1-10 years old (Figure 4). The oldest programs are housed within DMH and DOC, and DHSS is mainly comprised of younger programs (Figure 5). The ages of programs were not provided by the OA.

Figure 5. The number of programs addressing SUDs in each department by age of the program.

Newly initiated programs in FY24 and FY23 are separately listed in Table 3; examples include medication assisted treatment expansion in the DOC and marijuana substance use prevention in the DESE.

Prevention vs. Treatment

As mentioned above, programs may have specific focuses with respect to substances targeted. They also have specific focuses on the type of services offered, including whether these focus on prevention, treatment, and/or recovery, or are used for administration costs. In FY24, the greatest amount was appropriated to programs that only focused on treatment (Table 4, Figure 6). The largest number of programs focused on prevention only, and constituted the second highest spend for FY24, however this was still \$51.7 million less than treatment programs.

Two programs focused on treatment and recovery receive the third highest budget, and the six programs focused on treatment and prevention received the fourth highest amount of money in FY24 (Table 4).

The types of programs vary across departments. The DMH houses the greatest number of total programs, and the majority of most program focus types (prevention, treatment, recovery etc.) (Figure 7). DMH includes most programs focused on treatment only, with the second most housed within the DSS. The DMH also houses the majority of programs focused on prevention only, with DHSS housing most of the remaining prevention programs. The DOC houses all programs pertaining to treatment and prevention, which receives the fourth highest budgetary appropriation in FY24 (Table 4, Figure 8). The DOA houses all programs explicitly handling administration.

BUDGET OVERVIEW

Fiscal year 2024 (FY24) appropriations for substance use disorders were calculated to be \$350,259,330.82, an increase from FY23 spending of \$243,837,833.90 (Figure 9). This number is approximate. Some programs are appropriated billions of dollars, only a portion of which is spent on substance use disorders. Because the amount spent is discretionary, the FY24 appropriations in this report represents the FY23 dollar amount spent for these programs, plus an additional \$3,000,000 to approximate undetermined budget increases, increased costs, and anticipated additional spending on substance use disorders in FY24. A breakdown of this approximation is available in Table 5.

Figure 9. Differences in appropriation and spending between fiscal years 23 (FY23) and FY24 in millions of dollars.

Table 5. The Department of Social Services (DSS) includes the MOHealthNet Medicaid program. Funding for programs in other departments are generally contained in those department budgets, and Medicaid spending then accessed for Medicaid eligible participants. DSS has provided some direct funding for SUD, the bulk within their pharmacy medication assisted treatment. Table 5 describes the FY 23 funding for SUD maintained within the DSS budget.

Program	FY23 Spend
Medicaid Assisted Treatment – Drugs	\$13,079,852
Medicaid Assisted Treatment – Drugs (AEG Population)	\$11,874,908
Naloxone	\$3,384,061.66
Assessment/Testing/Screening/Referral for SUD Treatment	\$1,088,196
Treatment for Therapy (Family/Group/Individual)	\$1,754,283

Of the FY23 spending on substance use disorders, 73% was spent by the Department of Mental Health (Figure 10), which administers major programs funded by Medicaid, and the majority of programs focused on SUDs generally (Figure 3). DMH accounted for more than \$179 million of the dollars spent on SUDs in FY23. By contrast, DESE spent only \$9,999 in FY23 on SUDs, less than a hundredth of a percent of the total spending on SUDs.

All budgets for programs dealing with SUDs increased in FY24 appropriations (Table 6, Figure 12). This caused a change in the proportions of SUD funding for each department (Figure 11). For example, the addition of a program and its appropriation administered by DESE caused its share of SUD funding to increase from 0.004% to 0.3%. While some departments such as DMH saw decreases in the percentage of total SUD funding to support their programming, they are still the recipients of increased funding overall (Table 6, Figure 12). The decrease in percentage of SUD funding for some departments is the result of additional programs in other departments introduced and funded in FY24 (Table 3) rather than any decrease in the actual amount of funding.

Figure 10. The percentage of FY23 spending on substance use disorders across departments. The amount spent is listed in the figure legend.

Table 6. FY23 spending and FY24 appropriation by department

Department	FY23 Spend	Percentage of FY23 Spend on SUDs	FY24 Appropriation	Percentage of FY24 Appropriations on SUDs
DMH	\$179,009,533	73%	\$249,613,637.16	71%
DOC	\$19,196,028.90	8%	\$35,605,831	10%
Judiciary	\$9,642,143	4%	\$11,953,607	4%

DHSS	\$4,565,148.34	2%	\$7,557,418	2%
DSS	\$31,181,372.66	13%	\$41,485,714.66	12%
DOA	\$233,609	0.1%	\$2,832,523	1%

Figure 11. Appropriation and spending differences across the different Missouri state departments containing programs related to substance use disorders.

An additional \$106 million was appropriated for programs related to SUDs in FY24 (Figure 13). Of this additional funding, the majority (66%) was allocated to DMH (Table 7, Figure 14). This was the result of budget increases for existing programs and a single, one-time payment to a new program (Table 3, Table 7). The DOC similarly saw increased funding but is introducing two additional programs in FY24. DSS was the third largest dollar increase, and similarly has a single new program (Table 7).

Figure 13. Breakdown of the additional moneys appropriated in FY24 by the additional money received by each department.

Table 7. Additional money appropriated to each department in FY24 and the percentage of the additional appropriation allocated to each department. *One-time payment, not an ongoing program

Department	FY24 Additional Funds	Percentage of Total FY24 Additional Funds for SUD Programs	Number of New Programs in FY24
DMH	\$70,604,104.16	66%	1 *
DOC	\$16,409,802.10	15%	0
Judiciary	\$2,311,464	2%	0
DESE	\$1,200,601	1%	0
DHSS	\$2,992,269.66	3%	1
DSS*	\$10,304,342	10%	1
DOA	\$2,598,914	2%	0

Finally, the total number of SUD programs in each department is compared to the FY24 appropriations to that department for SUD programming (Figure 15). As demonstrated with previous figures, the DMH contains the most programs and receives the highest budgeted amount for SUD programming. The DSS and DOC follow in both program number and funding amounts, and the DHSS and DOA administer several programs with relatively little funding in comparison.

SUMMARY OF TESTIMONY

I. June 22, 2023 Hearing

Department of Social Services

At the June 22, 2023, hearing in Jefferson City, testimony was offered by the Department of Social Services and the Office of Administration.

The Pharmacy Director of the MO HealthNet Division within the Department testified that the shift from prior-authorization implementation towards a risk-based model has been demonstrated to be successful. Previously, DSS used to only allow treatment to occur for a certain duration; when compared to examples of the provision of insulin to manage diabetes, the model was not sensible. Rather, the allowance of providers and patients to determine the duration of their treatment, even if it is for the patient's lifetime, is paramount. The stated goal during the hearing was to increase the number of patients treated for opioid use disorder (hereinafter "OUD").

Member Dr. Winograd commented that as overdose crises continue to worsen, there has been an overcorrection in pulling back on prescription opioids, and advised caution to the Department as there is danger in cutting off patients still in need of certain prescriptions. The Director reported increases in patient participants receiving Narcan, an increase of about 19,000. Chairman Black highlighted a discrepancy between the amounts appropriated versus spent; questioned the possibility of double-reporting; and inquired whether current appropriations would be sufficient for spending on new treatment programs, as well as available funding. The CFO of MO HealthNet testified that discrepancies do not necessarily mean a lapse in funding, and that these moneys go to total Medicaid expenditures; that federal reporting requirements separate the expenditures for addiction treatments and naloxone, and therefore actual expenditure amounts for each item are reported differently; and that DSS policy is open-access, that misinformation can result from the confusion on what is and is not permitted at the provider level, and that the intention is not for the Department to be an additional barrier to receiving treatment.

Beyond opioids, the Director testified that the Department offers informational materials to providers and referred to treatment products that are available without prior authorizations; and that there is not currently a proven methodology for appropriately treating methamphetamine use.

The Director of Behavioral Health Services within the Department's MO HealthNet Division testified that specialized services for substance use largely fall under programs in the Department of Mental Health (DMH) and the Comprehensive Substance Treatment and Rehabilitation (CSTAR) program. He stated that providers offering care through MO HealthNet are for general mental and behavioral health disorders. Mental health services for substance use generally go through the CSTAR program, and are reported through DMH. Medicaid eligible persons in the CSTAR program are funded by MO HealthNet. The MO HealthNet program offers complementary or alternative therapies for chronic pains, and that is intended to prevent opioid dependence; coverage for these services, moreover, is another approach to reduce unnecessary reliance on opioids.

Member Dr. Winograd commented that clinical programs are tools to help with treatment, which can include continuing to prescribe certain medications.

Office of Administration

The Executive Director for the state Prescription Drug Monitoring Program (hereinafter PDMP) testified that the Office is currently around a third of the way done with its implementation stage, and is working closely with a third-party service contractor. He stated that the program's goal is to provide more information for providers in considering which care may be most appropriate, and which will result in the best practice of care for their patients. The Office was in the process of conducting a "communication campaign" with providers and dispensers; there was a deadline of August 1 for all counties to agree and submit information, and the Executive Director estimated that the rollout for the program would be between 4-6 weeks if all counties had agreed and submitted materials – up to 120 weeks if not.

Closing Remarks

Chairman Black closed the hearing by offering the following remarks:

- MO HealthNet has significant funding that may not be utilized to the extent possible – why? What can the Task Force do to support increased treatment and access to treatment?
- It is counterproductive to implement prescription coverage cutoffs;
- Effective treatment for alcohol abuse disorder is not well utilized among the MO HealthNet population;
- Metrics and benchmarks to measure success are complex – however, it is important to move forward benchmarking results and to do comparative reports with other jurisdictions;

- While requiring counseling may not save lives, treatment courts show that medication alone does not necessarily resolve a person’s addiction, and that it is important to try to motivate patient participants to consider alternative treatment methods;
- There need to be different measures of success for different quadrants of patients; and
- There is still a large population that is not seeking treatment – this is the portion of the population that is at the highest risk and is seeing the highest death rates.

II. July 26, 2023 Hearing

Department of Health and Senior Services

At the July 26, 2023, hearing in Jefferson City, testimony was offered by the Department of Health and Senior Services and the Office of State Courts Administrator.

Perinatal Quality Collaborative

The Chief of the Office of Women’s Health and the Assistant Deputy Director of the Division of Community and Public Health testified to the Perinatal Quality Collaborative and their efforts on identifying causes of and preventing pregnancy-related deaths, of which SUDs are potential factors. The Perinatal Quality Collaborative has increased data transparency and access for both public and private stakeholders, with one of the involved committees assisting hospitals in implementation. About one-third of Missouri’s birthing hospitals are working on implementing groups of evidence-based practice, giving strategies that will offer additional support for the state.

Tobacco Cessation

The Tobacco Control Program Manager testified to the state’s smoking rate, and associated issues and health consequences. As the leading cause of preventable disease and death nationwide, smoking causes more deaths per year than HIV, illicit drug use, alcohol use, motor vehicle injuries, and firearm injuries combined. \$3.5 billion is spent annually in treating tobacco usage and its health consequences. In Missouri 11,000 people die per year, and an additional 1,100 people die from complications associated with secondhand smoke exposure.

Missouri’s rate for adults is 17.3%, or about one in six who smoke, placing Missouri tenth in the country for adult smokers; and for teenagers is 19.3%, or about one in five high school-age children who are vaping. More students are vaping than adults smoking, and the Program Manager testified that there has not been a noticeable reduction in use from the student population. The Department focused on a number of prevention and control efforts, as well as reducing secondhand smoke exposure, including:

- 1) Price and taxation increases;
- 2) Access to cessation services;
- 3) Smoke-free policies; and
- 4) Hard-hitting media campaigns.

Funding goals are primarily to prevent youth initiation into smoking; increasing access for individuals to smoke-free environments; offering programs to encourage cessation; and eliminating disparities that exist among marginalized groups, including people living in poverty, people who are suffering from mental illnesses, and people with lower educational attainment levels.⁹

Adult-Use Cannabis

The Bureau Chief for Community Health and Wellness testified to changes for the state since the passage of adult-use recreational cannabis. Part of what was passed included language to develop community grants with very specific categories; and to increase access to treatment, housing, employment, and overdose prevention assistance.

⁹ For additional information and testimony on tobacco usage, please see the summary of testimony from the American Cancer Society on the October 2023 hearing, beginning on page 40.

Internally, Department stakeholders examined possible impacts to public health: increased impaired driving, injuries among children, and lung and respiratory issues were among concerns raised. The Department does not have any dedicated funding or staff.

To the Bureau Chief, members of the Task Force inquired about methods to test impairment; implementation of “cannabis-free” zones observed in other states; expanding educational materials through forums or community partnerships; possible statutory or regulatory updates; and what impacts are being observed in other states with legal recreational cannabis.

Office of State Courts Administrator

The Deputy State Courts Administrator and the Director of Court Business Services offered testimony relating to treatment court programs. They centered their efforts as collaborative engagement with treatment services for drug and alcohol use, while also protecting due process rights for participants. While remarking that, at its core, the treatment court program is designed as a means of prison and/or jail diversion for those persons with high criminogenic risk as well as high need for treatment services, in addition to other impacts, treatment courts:

- 1) Are a proven cost-effective way to avoid incarceration;
- 2) Help to lower recidivism rates of offenders, as compared the rate of recidivism relative to incarceration or probation;
- 3) Allow offenders the opportunity to remain connected to their communities, including to work, support their families, and pay taxes;
- 4) Contribute to reduced instances of babies born either prenatally exposed, or already physically dependent on drugs or alcohol, which saves millions of dollars in lifetime costs;
- 5) Reduce crime, as well as family separation and the need for foster care; and
- 6) Help ensure that child support payments are made on time.

Eligible offenders are selected through a process by which an assessment is conducted to ensure appropriate offenders are involved in programs. The key indicator to success for participants in the treatment court programs is ongoing judicial interaction and regular engagement.

Members of the Task Force inquired about funding sources, full-time employees, commissioners, and administrative staff; the decentralized nature of the treatment courts described in testimony as opposed to other state agencies; whether all counties throughout the state have access to treatment courts; if moneys from the Opioid Settlement Fund are being utilized; various performance metrics, including additional information on the relationship to recidivism; juvenile participation; sharing of best practices; and recommendations for possible statutory changes that could encourage early intervention.

There is currently no statutory authorization for Mental Health Courts to work as part of treatment courts.

III. August 22, 2023 Hearing

On August 22nd, the Director of the Department of Mental Health and the Director of the Division of Behavioral Health offered testimony on the Department of Mental Health’s efforts addressing substance use.

The overarching goals of the Division of Behavioral Health center on treatment, prevention, and recovery, all in alignment with the Substance Abuse and Mental Health Services Administration (SAMHSA). Specifically, the Division’s intent is to:

- 1) Prevent or delay substance use, misuse, and/or death;
- 2) Intervene when necessary to reduce negative impacts of substance use;
- 3) Develop illness management plans;
- 4) Coordinate with other systems, state agencies, and stakeholders to enhance impact; and
- 5) Obtain the highest possible level of functioning for participants in the least restrictive settings.

Specific functions from community programs and leveraged by the Division include:

- 1) Prevention programming;
- 2) Driver’s license restoration;
- 3) Clinical treatment;

- 4) Crisis intervention;
- 5) Diversion programs;
- 6) Evidence-based practice implementation;
- 7) Recovery support; and
- 8) Improving access to communities and other stakeholders.

The Behavioral Health Division Director described alcohol as the most-used intoxicant in the world, and the repercussions of unhealthy use are of corresponding magnitude. 6% of overall deaths, as well as a six-fold increase in all-cause mortality, are related to the use of alcohol. Intoxication from alcohol is strongly tied to serious trauma; suicide; domestic abuse and sexual assault; crime; and deaths from alcohol poisoning, which can particularly impact young people. Moreover, alcohol addiction, which is estimated to impact over 14 million Americans, leads to the destruction of relationships, families, and social function, including unemployment, homelessness, or justice involvement.

Mortality among patients with alcohol use disorder increased during the beginning of the COVID-19 pandemic by over 20% in 2020 and 2021, and as with other conditions that result in medical, psychological, and/or social deterioration, patients who have alcohol use disorder present frequently to the emergency room for care. These visits are rapidly escalating, and the patients themselves are at higher risk for poorer health outcomes, especially those who frequently present for care, with nearly 10% of them expected to die within one year. The routine nature of these visits, the gradual pace of their decline, and their occurrence within the broader context of alcohol's social ubiquity and acceptance all help to conceal the reality: every harm that is caused by alcohol is preventable.

There is currently no FDA-approved medication to treat methamphetamine addiction, and instead, contingency management is an evidence-based practice utilized to promote positive changes in behavior. The State Opioid Response (SOR) grant allows the use of moneys for contingency management, but at a rate of about \$75 per person, the scope of such support is limited. At the time of the hearing, the DBH Director testified that there were eight Missouri providers working in the field of methamphetamine addiction, but that there is a substantial need for further technical assistance.

Prevention Resource Centers

The realm of prevention work is primarily conducted through the ten Prevention Resource Centers (PRCs), which are allocated a set budget and utilize data to determine community-specific needs, as well as what the community is able to provide in order to meet those needs. Each PRC is able to provide all levels of service, but due to community need and staff expertise, as well as capacity, what is provided by each center may vary. Because this is data-based, implementation varies from year to year, and the Division of Behavioral Health accordingly requires each PRC to submit an annual plan that describes the center's focus for the upcoming year. In addition to these, other prevention providers include:

- 1) Big Brothers and Big Sisters of Eastern Missouri;
- 2) Missouri Alliance of Boys and Girls Clubs;
- 3) Burrell Behavioral Health;
- 4) DeafLEAD;
- 5) Lincoln University;
- 6) Missouri Police Chiefs; and
- 7) Partners in Prevention.

Each of these programs is allocated a set budget to provide specific programming targeting high-risk populations identified in the community. All PRCs, the Missouri Alliance of Boys and Girls Clubs, Partners in Prevention, and DeafLEAD, are highly skilled in primary prevention, and have contacts within the community to help disseminate the work to wider targets. Some PRCs, Big Brothers Big Sisters of Eastern Missouri, and Burrell Behavioral Health work on secondary prevention.

Crisis Intervention and Diversion Programs

Crisis intervention is split up primarily into three different segments: someone to talk to, someone to respond, and somewhere to go.

The 988 suicide and crisis hotline, launched in July 2022, has features for calling, texting, and chatting; has six call centers, and one text/chat center; has received over 5,000 calls in July of 2023, with a 95% in-state answer rate; and offers follow-ups and other support services.

Behavioral Health Crisis centers serve as alternatives to emergency rooms or jails for individuals who are experiencing crises, and offer interventions by multidisciplinary teams, including peer support specialists. There are current 18 open across the state, with four additional centers planned for FY25.

Engaging Patients in Care Coordination (EPICC) is a 24/7 referral and linkage service for those residing in targeted regions, primarily for individuals post overdose, but who also may present to hospitals with issues relating to opioid, stimulant, and/or alcohol use disorders. The goal is to establish immediate connections to recovery support services, and substance use treatment.

Community Behavioral Health Liaisons help divert individuals from unnecessary stays in jails, prisons, emergency departments, and hospitals; support working towards improved outcomes for those with behavioral health needs; assist law enforcement, jails, and courts with linking individuals with behavioral health needs to treatment; and provide law enforcement training, support, and referral to care to assist with stress and trauma, as well as promote officer wellbeing.

Treatment

The Division Director testified that most admissions involve more than one substance, and these substances may vary among age groups – the top three substances consistently encountered are alcohol, methamphetamine, and opioids.

The Substance Use Block Grant prioritize the following populations:

- 1) Pregnant women injecting drugs;
- 2) Pregnant women
- 3) Women with dependent children; and
- 4) People who inject drugs.

Further priority is given to individuals in crisis; MO HealthNet recipients; and referrals received from the Department of Corrections.

Approaches and interventions for treatment:

- 1) Are individualized;
- 2) Incorporate medication-assisted treatment, when clinically appropriate;
- 3) Use peer support specialists;
- 4) Involve motivational interviewing and other evidence-based treatments;
- 5) Feature integrated treatment for co-occurring disorders; and
- 6) Are trauma-sensitive, trauma-informed, and trauma-capable.

Comprehensive Substance Treatment and Rehabilitation (CSTAR) is the only comprehensive substance use disorder program that is covered by MO HealthNet, and provides counseling, medications, education, case management, and peer services, as well as a variety of subspecialty programs for adolescents, women and children, and individuals with OUD. CSTAR features an updated clinical treatment approach, and features an enhanced payment methodology to incentivize quality treatment and the use of evidence-based practices. CSTAR also requires that their providers must meet specific criteria related to clinical staffing.

Certified Community Behavioral Health Organizations (CCBHOs) are eligible providers for Medicaid reimbursement if CSTAR or component services are utilized, and feature a cost-based reimbursement method as well as performance incentives. These organizations have helped proliferate the usage of medication-assisted treatment (MAT).

The Substance Awareness Traffic Offender Program (SATOP) is a statewide system of comprehensive, accessible, community-based education and treatment programs designed for individuals who have pled guilty or were found guilty of an impaired driving offense with administrative action. SATOP is also required for offenses for individuals

under the age of 21, charged as a Minor in Possession, an Abuse and Lose, or Zero Tolerance offense. Completion of a SATOP is a statutory condition of license reinstatement, and incorporates a comprehensive assessment to determine placement in any one of the four levels of educational- and/or treatment-based interventions.

Recovery Support Services include faith-based organizations and community-based organizations that focus on behavioral health, and most organizations are represented by the Missouri Coalition of Recovery Support Providers (MCRSP).¹⁰ Recovery support includes, but is not necessarily limited to:

- 1) Services available before, during, and after treatment and in coordination with substance use disorder providers;
- 2) Care coordination;
- 3) Recovery coaching;
- 4) Spiritual counseling;
- 5) Group support;
- 6) Recovery housing; and
- 7) Transportation services.

DBH collaborates with MCRSP, which is a network of faith-based, peer, and community organizations that work to restore and rebuild lives and families seeking recovery from substance use disorders, both through immediate access and with long-term relationships.

Certified peer specialists are credentialed by the Missouri Credentialing Board, with a total at the time of the hearing of 1,517 actively credentialed specialists. Peer- driven organizations called Recovery Community Centers are responsible for the following:

- 1) 6,307 social activities offered;
- 2) 6,084 individuals reached through street outreach;
- 3) Provided 15,923 telephone support calls;
- 4) Distributed over 8,800 boxes of Narcan; and
- 5) Though underreported, saved at least 680 lives through Narcan intervention.

MO HealthNet (Medicaid) covers mental health, which could include substance use, and that can be done through their behavioral health program. However, participants are then limited to the services of psychiatrists or licensed behavioral health professionals, not a broad array of services. Medicaid managed care flows through that program, but MOHealthNet also covers the CSTAR program as a payer for Medicaid recipients, including the adult expansion funds.

The Division Director drew a parallel to SUD and other chronic disorders such as high blood pressure, and compared usage of those medications intended to treat such chronic disorders, which may be for a lifetime, with the use of MAT for SUD. If an individual takes medication that helps encourage them to further their recovery, the Behavioral Health Division Director asserted that should be considered a net positive. Patients on MAT differ vastly from patients who are actively using; patients are being provided a stabilizing effect, which can have benefits such as improving their social relationships, access to housing, or employment, and cravings of the substance may be reduced through the administration of medication.

Effectiveness as it relates to recovery and the achievement of specific goals can be categorized within five domains that could signify efficacy by means of noted improvement in patients:

- 1) Decrease in symptoms;
- 2) Improved social connectedness;
- 3) Stable housing;
- 4) Employment; and
- 5) Cessation of illegal activity.

¹⁰ For additional testimony from representatives of the Missouri Coalition of Recovery Support Providers, please see the summary of testimony from the October 2023 hearing, beginning on page 43.

The Director and Member Dr. Winograd addressed fentanyl test strips by clarifying the process and usage of a test strip before the consumption of an illicit substance. These can be particularly beneficial for users of stimulants such as methamphetamine or cocaine, or for pills.

Challenges

Challenges were identified as stigma and misinformation around behavioral health and substance use; temporary funding resources coming to an end without replacement funding; workforce shortages across the board; and barriers to housing and employment.

IV. September 14, 2023 Hearing

Department of Social Services

The Department continued its testimony from June 22 regarding primarily non-Medicaid concerns, with testimony offered by the Director. Regarding MO HealthNet, the Director described the department's role as serving other state departments with funding for Medicaid-eligible recipients, in addition to the department's standalone pharmacy program. The Director stated that communication between the state agencies is stronger than it has ever been.

The Department of Social Services' other three program divisions – Children's, Family Support, and Youth Services – are confronted with the downstream impacts of untreated substance use. The Director described those impacts as traumatic, especially for children, and at tremendous cost to the state. Some children have died in Missouri from fentanyl poisoning and some have tested positive for meth. Success will be determined by capacity, capability, and the speed at which treatment can be provided. Recidivism is linked to whether there are available avenues for treatment.

Reducing time to care and bridging coordinated services are vital components in getting someone out of the cycle of substance use. Between 2019 and 2021, Missouri experienced a 45% increase in opioid related deaths, with 90% of those being fentanyl-related. Coordination between state departments, local and state law enforcement, emergency management training, and additional resources are required. The cyclical nature of substance use and the related trauma on children, workers and communities is, in the Director's description, shocking.

The Director provided the following recommendations:

- 1) Build treatment capacity across the state;
- 2) Work on tools to remove barriers to downstream treatment services;
- 3) Engage community, social and faith – based groups;
- 4) Reduce time to service; and
- 5) Bring certified substance use counselors back into the Youth Services Division.

When asked by Member Wright regarding the possibility of a “quarterback” or oversight position, the Director indicated that was a concept meriting further consideration.

Department of Corrections

In recent years, more resources have been directed to incarcerated people with SUD. About 40% of all entrants into DOC are referred to treatment, and 25% require psychotropic medication, many with co-occurring disorders. The traditional institutional-based treatment is being reassessed to incorporate community based-resources, particularly upon release. An external assessment has identified that a contract-based model is more effective, and has been implemented since November 2022. Certification and licensure rates for staff have also improved. The data indicate that residential-based care is only effective when coupled with aftercare in the community. Recent funding increases have allowed for medication assisted treatment in all DOC facilities. The emphasis of the department is to rely on evidence-based practices, rather than traditional programs.

V. October 17, 2023 Hearing

During the October 17 Hearing in Jefferson City, testimony was offered by several organizations relating to the programs and services provided to clients.

University Health, Kansas City

The Medical Director for Addiction Services at University Hospital in Kansas City described the hospital as the largest Level 1 Trauma Center in western Missouri, with two hospitals (one downtown and one in Lee's Summit), and also connected to a large mental health system, as well as the University of Missouri–Kansas City (UMKC). Most funding comes from government sources, receiving money from Medicare, Medicaid, Jackson County, and the City of Kansas City.

University Health's addiction programs serve between 800-900 unique patients and 10-12,000 visits each year. Services includes intensive case management; telehealth mental health services; psychiatry residents offering care; group and individual counseling; and working alongside community providers. Federal grant funding has allowed for every UMKC medical student to receive training in SUD treatment through both online modules and real-world practical experience with patients experiencing SUD in their clinics, regardless if the student eventually goes into practice as a psychiatrist.

The federal State Opioid Response (SOR) funding has been helpful, according to the Medical Director, but is distributed through community behavioral health sources and other programs statewide. Certified Community Behavioral Health Organizations (CCBHOs) have set standards for organizations working in the state that want to be certified as such, and part of those standards include the requirement to provide evidence-based treatment for SUDs. The Medical Director said that it can be difficult for providers to let go of older models. Additionally, the Department of Mental Health has adapted a medication-first approach for Opioid Use Disorder (OUD). Because individuals with this disorder require medical stabilization, they can be so ill that they are unable to participate in certain interventions.

The Medical Director outlined several challenges to their work:

- 1) Addressing SUD in pregnancy;
- 2) The dearth of evidence-based resources in the legal system;
- 3) Expanding access to nontraditional settings;
- 4) Funding sources;
- 5) Rural community access and engagement;
- 6) Prevention and screening; and
- 7) Workforce shortages.

Missouri Association of Counties

The Boone County Commissioner, appearing on behalf of the Missouri Association, provided testimony relating to the Sequential Intercept Model, which is a tool to help map and identify how people with mental illnesses and substance use disorders interact with the legal system and further identify resources and gaps in services. Diversion happens, if possible, but a lot of their work comes down to reducing recidivism. From a local government perspective, people in communities throughout the state with SUD or mental illnesses are ending up in county jails (which are the largest mental health providers nationwide), emergency rooms, and with public administrators.

The Commissioner testified to a need for a "quarterback" type of role, either as a jail navigator or a health and justice coordinating council. Both of these positions have been identified as critical, supported by best practices, and are in use across counties throughout the country. A jail navigator is a person that would be able to support individuals leaving jails by connecting them to resources that the offender may require upon exit. A health and justice coordinating council would allow for collaboration across disciplines, connect people among resources, and identify any barriers or opportunities before taking action.

County jails are also contending with the dearth of placements at DMH for people who have been determined incompetent. There are over 300 people detained in county jails who have been adjudicated incompetent, but are still sitting in county jails awaiting competency restoration. An individual had waited seven months for an evaluation, was at nine months post-evaluation at the time of the hearing, and waiting for a court order. Despite the situation in this country that our jails act as our largest mental health facilities, they are not mental health facilities. The Commissioner identified a key sticking point as the effects of the Community Mental Health Act. When institutions were closed, that reduced the supply of appropriate placements for individuals that are now in communities with few resources. The public administrators have clients, but because there is no placement, they're being placed in nursing homes. That may go along for a while, but were that individual to become justice-involved, then the cycle continues.

PreventEd

Representatives from PreventEd testified to the “dramatic change” in how prevention efforts are addressed. Strategies were implemented in decades past that were thought to work well, but there was not confirmation that improvements were made until 25 years ago, when a new body of research was developed around the science of prevention. This body of work identifying risk and protective factors, developed strategies for implementation in communities.

The organization receives funding from the SAMHSA block grant, which mandates that 20% of funds support prevention efforts. For PreventEd, that translates to about \$5.8 million divided among ten providers. PreventEd also leverages local grants to expand their work, and in looking to the future, the representatives argued that 20% is a low threshold for prevention efforts.

The representatives testified to the data that addiction is a disease that usually begins in childhood, with 90% of individuals who have SUD using an addictive substance before the age of 18. Early initiation of use is the strongest risk factor for SUD.

Return on investment is paramount, but one study cited stated that for every dollar spent on prevention, \$18 is saved. When engaging in SUD prevention, it is not just alcohol and other drug use that requires attention, but factors like stressors, costs relating to healthcare and employment; and connections between mental health, violence, and teen pregnancy. The representatives pointed to school-based curriculums as an example of effective prevention programs – about 65,000 young people are served daily, only about 20% of whom the organization is in front of. Some of the best evidence gleaned from schools are peer to peer programs, teaching students to teach other students.

As prevention resource centers are structured, there are ten in the state that are funded by DMH, and they serve 166 community coalitions. Knowing that needs differ in areas across the state, these centers coordinate and educate, as well as work to raise public awareness and increase access to relevant information.

Missouri Primary Care Association

Representatives from the Missouri Primary Care Association offered testimony relating to funding, challenges, and services.

In 2022, Missouri Federally Qualified Health Centers (FQHCs) reported having over 230,000 visits for substance use. The need is great, so too must be the capacity to respond. Addiction is a chronic disease that can be managed with preventive and primary care.

State funding that goes to FQHCs include just under \$2 million from DMH, which goes to medication-assisted treatment, and only to three centers. The other funding goes to ten collaborative efforts or CSTAR facilities to provide whole-person care. The organization has recently received an appropriation of \$4.5 million dollars to support same day or next day care and immediate coordination with coaches (a “Network”), a combination of general revenue, opioid settlement funds and Medicaid, but issues in receiving approval from Medicaid have interrupted some of that funding. Early reports of effectiveness are favorable. The funding for FQHCs are limited to some extent to identified locations and expansion to other areas in the state is needed.

A key challenge that was identified was the earmarking of certain funds for very specific uses. As FQHCs are community-driven, and each community has different needs, funding that can only be applied to certain services can place restrictive burdens on the ability to provide care. Moreover, there are services like peer support and wraparound services that there is not a code for FQHCs receive reimbursement.

When someone comes to receive services, there are typically outstanding needs beyond medical treatment. Transportation, food stability, housing, all need provided alongside clinical care. At an FQHC, that is built into the systems as a whole. The organization worked with MO HealthNet for emergency approval for those dealing with substance use disorder. The other portion of wraparound services is that the connection to care, those pathways and community connections engaging patients in care coordination, peer support, medication-assisted treatment, and community health support exist in the EPICC program. Patient referrals work two ways. They can be referred out to the same individuals the organization is in network with. Another integral part is what services are provided in jails, and provided in treatment court services, behavioral health, peer support, and clinical care to people in treatment court as well as at the courthouse for that person, due to the existing challenges facing them.

State Public Defenders

Representatives of the State Public Defenders Office testified to their collaboration efforts with courts and community actors. They are not in need of clients, but there are individuals with SUD that require support. They do not force services with clients, and work to build trusting, voluntary relationships.

The Office obtained grant funding from the Missouri Foundation for Health to ensure appropriate training, and also to create a resource guide to identify what is available, in every county, and how to access it. It is updated daily. The Office has also obtained 22 advocates through grant funding, with the goal for an advocate in all 33 trial offices statewide; many offices will require more than one advocate due to intake. The Office wants to accomplish these goals in ways that will save the state money.

A lot of their work is done at the request of the Court, or on needs expressed by the Court. Oftentimes, attorneys are in front of judges trying to get individuals out on bond, but either they do not have home plans, or struggle with SUD or another mental illness and may be considered a flight risk. Without the unique role between courts and service providers, the Office would not be able to overcome concerns and community issues, but those of courts, jails, and prosecutors looking for solutions.

A large misconception about public defenders is that they mainly deal with violent crime, which is not true – the representatives testified that so much of their work is an “addiction docket”, either for possession, probation violations, or possession while on probation. The representatives also testified that the public defenders contending with out-of-control caseloads is directly correlated to the introduction and widespread use of methamphetamines in the state.

The American Cancer Society

A representative from the American Cancer Society testified to the importance of public policy in affecting cancer in the country. The organization does not receive state funding, and are advocating for funding to address tobacco cessation efforts.

11,000 Missourians die every year of smoking related causes, and nationally the number is closer to one in five deaths. This substance has become so normalized to so many people that it is not considered a SUD issue. 34.3% of cancer deaths in the state are caused by smoking, the fifth highest in the country. The adult smoking rate, at 17.3%, makes Missouri the ninth highest in the US. This data, based in 2021, may lag a bit, but is still notably higher than the national average. 5,716 new lung cancer cases have been estimated, and 3,200 lung cancer deaths have occurred this year. 80% of lung cancer deaths are caused by smoking. The group heard partners in PreventEd mention there has been improvement in the teen smoking rate, but the overall rate is 21.3%; while teens are not using traditional cigarettes as much, they continue to use e-cigarettes and other tobacco products. That is a significant problem, as when kids start using at a young age, they go on to have a lifelong addiction. Estimates of direct healthcare costs are around \$3.52 billion, almost \$700 million in Medicaid, and \$7 billion in lost productivity. On the financial side, the state receives \$139 million from the tobacco makers settlement. Compare that to how much of the overall budget

(\$2.9 million) was for tobacco cessation. In looking at the scope of the amount of revenue brought by the state, not even counting the scope of revenue from tobacco tax, it's a drop in the bucket. For comparison's sake, \$359 million is spent annually on marketing by the tobacco industry in the state.

There has been an observable impact of media campaigns, including one that spanned nationwide from 2012-2018 and featured "tips" from former smokers, which resulted in 1 million people successfully quitting. The challenge, much of the time, is that the state can run these campaigns, but they tend not to spend very much to do so.

Another area for additional investment is the "Quit Now" line; when that number is called, it is routed to the state, and they can provide the individual with cessation resources and certain counseling assistance. There were substantial restrictions, and costs prevent the full utilization of this measure. The Department had once expanded to 8-12 weeks of support, but that has been cut down to 4 weeks. There are specific populations that the organization intends to provide support for, but if people want to quit and stay quitting, they require the support to successfully do so.

The state also has an issue with pregnant and postpartum smokers, having the fourth-highest pregnant smoking rate in the nation, and more investment would work to address the needs of these individuals.

Engaging Patients in Care Coordination (EPICC)

The Vice President of Substance Use Programming with the Missouri Hospital Association testified to the increase of almost 40% of opioid overdose deaths pre- and post-pandemic. The majority of these Missourians are dying in their own homes. The organization coordinates the services provided by certified peer specialists (recovery coaches) available to meet people where they are, at emergency departments or police stations or in their homes, 24 hours per day, to connect people with community resources and treatment.

The organization received a bio-surveillance grant, which allowed them to beef up infrastructure in targeted hospitals in order to get a better reading of what is making its way into individuals' systems. This also allows for the analysis and screening of over 30 substances, and is kicked up to national partners for informed decision making. The organization recognizes that the cyclical behavior must stop, that people will make poor decisions at all hours, and in order to be responsive to that, must be able to meet people where they are, no matter the time of day or location.

EPICC has been integrated in the eastern region and has replicated it in Columbia, Springfield, and Kansas City, all in 2019. In 2023, another program was launched in South-Central, Lake of the Ozarks, Lebanon area. MHA-led EPICC, as of 2021, expanded eligibility criteria for treatment of opioid, alcohol, and stimulant use disorder. One of the frames built is recovery-oriented systems of care, which is an evidence-based model, something Missouri has tried to engrain in development, as well as SBIRT. Screening to discern need, then embedding and using evidence-based brief interventions, such as overdose education and naloxone distribution. The referral to treatment is where SUD providers come into play, but this goes beyond the use disorder. To set community members up for success, the state must address social determinants of health. Getting community members to engage in their own recovery, and addressing barriers and gaps that persist, is vital.

Aspire Advocates

A representative from Aspire Advocates offered testimony to the amount of young people engaged in substance misuse. Between 60-70% of students who have addiction problems relapse upon their return to high schools. For most youth, SUD and other mental health concerns are closely connected. Treatment is not one size fits all, and with that in mind, the organization advances two priorities: the establishment of a public recovery high school in partnership with St. Louis area school districts offering free recovery services, and the expansion of dialectical behavioral therapy (DBT).

Up to four pilot recovery high schools have been authorized, and all are trying to garner partnerships. An important component is to offer recovery services and other support avenues after school years are completed, as healthy peer support and influences can have a positive impact on recovering teens even beyond their educational setting. Recovery high schools and services can strengthen family relationships as they manage substance use, and could be replicated throughout the state, although dedicated funding would be required.

Dialectical behavioral therapy is delivered with fidelity to the treatment model and is eligible for partial reimbursement under Medicaid rules. DBT allows students to see their individual therapist, attend group skills training, retain access to 24/7 therapy coaching, and engage in counseling team meetings on a weekly basis. Because there is no reimbursement for the full model, the initiatives proposed by the Aspire Advocates representatives are intended to help youth and their families thrive, as well as expand access to this evidence-based treatment.

Missouri Association of Public Administrators

The Webster County Public Administrator, speaking on behalf of the Missouri Association of Public Administrators, testified that public administrators are essentially public guardians of last resort at the county level, only becoming appointed in cases where family, friends, or other possible guardians are unwilling or unable to undertake the task. They are also guardians for individuals unable to meet their own needs. The lack of availability for effective treatment for persons with mental health and substance use disorders, particularly in rural areas, results in Public Administrators serving as guardians for persons not well-suited for the Public Administrator system.

The Administrator testified that family members or loved ones who may be seeking assistance look to guardianship as a solution, but that is not necessarily an accurate representation of what guardianship is, or what it can achieve for those experiencing SUD. Administrators have no resources outside of those already available to those people not under guardianship. That population can be difficult to treat, as they cannot be mandated into care, and cannot be mandated into not using. The most possible that an administrator can do is a temporary placement or restriction. However, substance use should not be used as justification to strip people of their rights.

About 5% of the Administrator's caseload were individuals for whom substance misuse was the only (or primary) diagnosis, but around 33% of the population are those who struggle with mental illness, and the majority of these individuals also suffer from substance use issues. As a county office, the Administrator does not receive state funding; they manage their wards on county budgets, and differences emerge across the state depending on what funding or other resources may be available. The Administrator, at the time of their testimony, stated that they have 110 people under their care, and is unable to ensure that all of those people do not engage in substance use.

As public administrators, they have varying caseloads and resources with which to treat people. They want to focus on vulnerable individuals unable to help themselves, rather than those choosing to make decisions related to substance use. As public administrators, a lot of times they are viewed as an alternative to the criminal legal system, but they are not an extension of probation or parole. They do their best with what they have to provide oversight and utilize support, but cannot mandate care or force people to be drug-free. Restoration is the ultimate goal, without a guardian.

Recovery Services Providers

Two representatives of the Missouri Coalition of Recovery Support Providers, one of whom is also the owner of Healing House KC, offered testimony relating to recovery support services, which are person-centered and self-directed and involve care coordination, coaching, spiritual counseling, and support with housing and transportation, all before, during, after, and in coordination with other substance use disorder service providers.

Recovery support service providers received \$3.1 million from the Missouri Department of Mental Health, and \$700,000 from the Opioid Settlement Fund, through FY2025. According to testimony, most of that funding had already been expended, but they continue to provide support services to clients, allocated around \$2,000 per person, though they are in effect out of funding. The organization represents recovery support agencies that have 192 accredited houses, 109 men's and 85 women's, a total of 2,192 accredited beds, and 1,600 certified peer support specialists. Emphasizing the importance of medication-assisted and direct treatment, the witnesses underscored the necessity of peer-supported treatment and lived experience in serving individuals experiencing substance use disorder.

Of clients supported with recovery support services:

- 1) 98% have not experienced a new arrest;
- 2) 90% of clients under her care are in stable housing;
- 3) 88% are abstaining from alcohol or improper drug use;

- 4) 71% are employed;
- 5) 91% demonstrate improved social connectivity; and
- 6) 97% are satisfied or very satisfied.

One of the witnesses described the process by which many individuals arrive to her: many come out of prison with no ID, Social Security Card, or medication, and few have anything beyond the clothing garments they are wearing. She additionally testified that some of the services provided for individuals include, but are not limited to, signing people up for Medicaid; meeting with physicians; offering employment support through their employment specialist; and securing additional resources such as temporary housing, phones, feminine hygiene products, and diapers.

The witness emphasized to the Task Force that she sees nothing short of miracles each day. There are 60 contract recovery support operations statewide, and the inherent strength in these programs revolves around the peer-based support from those who share a lived experience of substance use.

RECOMMENDATIONS

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

NINTH DAY, WEDNESDAY, JANUARY 17, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Thou shalt remember all the way the Lord thy God led thee. (Deuteronomy 8:2)

Eternal God, who did lead our ancestors to this land that they may bring forth a just and free nation, give Your grace to us, their children, that we may be ever mindful of Your presence and ever eager to do Your will.

Grant that by the aid of Your spirit true democracy may come to new life in our state, that government and industry and labor shall faithfully serve our citizens, and that our people in a real spirit of unity shall love our country with undying devotion.

Make our House wise with Your wisdom, strong in Your strength, good through Your goodness, and may our Representatives lead us in the paths of peace and cooperation.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

Second Regular Session, 102nd General Assembly

FOURTH DAY, MONDAY, JANUARY 8, 2024

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Brad Hudson.

Gracious Heavenly Father,

Thank You for keeping Your hand upon us and bringing us together for another legislative session, another reminder of how blessed we are to live in this beautiful state and serve in this beautiful building. Though our time here is short, the decisions we make have potential to impact generations that are yet to be born.

I pray that You grant us the wisdom and courage that we need to make the right decisions, to protect and preserve our rights that come from You, to be good stewards of the resources we've been entrusted with, to faithfully serve the people who have placed us here, and to be a good example to those who are observing our conduct. None of these things are possible without Your help. We are flawed creatures, yet in spite of those flaws You love us and You are here to guide us. For that, and for all of the other blessings You have bestowed upon us, thank You, Lord!

In Jesus's name,

Amen!

The Pledge of Allegiance to the flag was recited.

Journal of the House

ONE HUNDRED SECOND GENERAL ASSEMBLY of the STATE OF MISSOURI

SECOND REGULAR SESSION

FIRST DAY, WEDNESDAY, JANUARY 3, 2024

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Whosoever heareth these sayings of Mine and doeth them, will be like a wise man who built his house upon a rock.
(Matthew 7:24)

Eternal God, who is the refuge of the humble and the strength of the faithful, help us to realize more than ever that the only firm foundation upon which our state can build safely is a true faith in You and in a real devotion to our political and spiritual values.

May the security of our American way, the survival of our democratic spirit, and the support of our free institutions find inspiration in the assurance of Your power, Your wisdom, and Your love.

Each day may we keep ourselves committed to You whose love never falters, whose light never fades, and whose life never fails. May we face each day with courage and faith knowing You are with us always and forever here in the People's House.

And the House says, "Amen!"

The Missouri State Highway Patrol Troop F Color Guard presented the Colors.

ADDRESS BY SPEAKER DEAN PLOCHER

I would like to wish everyone a happy New Year and welcome all of you back to the People's House.

As we all know, Missouri is the show me state. We therefore can't just talk a big game but must show results.

I've thought about my time here in the House over the past eight years.

I am proud to say that we have:

- Cut income taxes several times – To give the people back their money.
- Protected life – and eliminated abortion in Missouri!
- In 2023 there were 0 abortions.
- Defended our 2nd amendment rights with some of the strongest laws in the country with Stand Your Ground and The Castle Doctrine.
- We passed the NO PATIENT LEFT ALONE ACT and pushed back against federal overreach regarding COVID visitation and protected our citizens' rights to have an advocate by their side in a hospital.

This past year we continued to show Missourians why we are here:

- By passing many conservative priorities and a fiscally sound budget that made solid investments for the future of our state.
- I am proud to say that we cut taxes for Missourians, provided real relief for our seniors, improved access to healthcare for our most vulnerable, and protected our children from indoctrination and mutilation.
- We stood by our budget priorities and supported our men and women in law enforcement and our veterans, while standing behind investments in our state's infrastructure to keep our state moving forward.

These are things we all can be proud of!!!

Today marks the formal beginning of this year's legislative efforts. And when I think about all the things I have seen over my eight years that keep us from achieving the goal of making the welfare of the people the supreme law, things like:

- Party influences
- Regional interest
- Political self-interest
- Pandering for an election year,

these forces will be working against us even more this year, and keeping the welfare of the people the supreme law should be first!

The desire to have a bill passed with your name on it, to bring home the bacon for your district or region will be great. But I also know that we don't want these petty issues to cause bills to die when Missouri's interests are at stake.

In this election year, I'm confident we will all do what we believe is the right thing, and I want each of us, Republicans and Democrats, to come together and vigorously debate the laws that affect our citizens.

Last year we worked together to pass good laws. We had fair, open and honest debates on key bills that passed this House. I want to thank the Lady from Greene and the Gentlemen from Jackson that despite disagreements they worked together.

We must continue to treat each other as friends, respect each other's intentions, and work together to improve our great state.

With the second legislative session of the 102nd General Assembly beginning today, I know there is more to accomplish:

- First, our citizens should be safe!
- We must fight crime and improve public safety - we need to recruit and retain more police officers.
- This will help our continued efforts to reduce violent crime and protect our citizens.

- We must fight the scourge fentanyl trade.
- We should always strive to improve our children's future! One prominent key to building on the American dream is education. Getting parents more involved in their child's education is a must!

To accomplish this, providing parents choices and passing a Parents Bill of Rights would be a great step to help Missouri's parents be more involved and help our children achieve the American dream.

And part of the American dream is owning your own home.

We know it is difficult saving for a down payment and making monthly payments to buy a home. So why are we leaving unchecked egregious property tax increases that are serving to erode the American dream? I will be forming a special committee to review the reassessment process in Missouri and find a way to control these increases.

We must all work together to protect our homeowners, particularly our seniors and those on fixed incomes.

This will be a different year for the budget.

Gone are the federal dollars thrown at the states that have helped grow inflation. We must again budget wisely and protect the surplus we've worked so hard to build up.

The consensus revenue estimate is almost flat.

We need to be responsible with the surplus and ensure Missouri is prepared for a future rainy day because they always come. Along the lines of fiscal responsibility, we must also pass the Federal Reimbursement Allowance (FRA). The FRA has been continually passed in Missouri since 1992 by both parties and not passing it this year would be an almost 3.5 billion dollar annual hit to our state budget. I ask you to join me in passing the FRA because we simply cannot let Missourians down.

Additionally, many other important issues must be addressed:

- IP reform.
- Protecting our energy production and infrastructure.
- Helping small businesses.
- Protecting our citizens from unlawful immigration.
- Reducing healthcare costs and protecting access to healthcare providers.
- Continuing to protect the property rights of Missourians.
- We must acknowledge the legitimacy, independence, and our support of Israel and its people just as fellow Missourian and President Harry Truman did in 1948.
- And finally, we must ensure the survival and success of Missouri's farmers. After all farming is our state's #1 industry.

We are all here because we believe in public service. Let us place statesmanship and the welfare of the people before petty politics and personal interests.

I know we can work together and get things done. We've done it before, we'll do it again.

And when we do, we will keep Missouri moving forward and meet the challenges our state faces and seek the opportunities to make Missouri the best place to live, work, and raise a family.

May God bless this session, the House of Representatives, and the great state of Missouri! Thank you!

Pursuant to Section 9.141, RSMo, the United States Bill of Rights was read by Mike Lear, House Communications.

MESSAGES FROM THE GOVERNOR

The following proclamation was received from His Excellency, Governor Michael L. Parson.

GOVERNOR'S PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly "whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in "equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly "when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based."

NOW THEREFORE, I, Michael L. Parson, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the One Hundred Second General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that through the first quarter of fiscal year 2024, the rate of expenditure for each of the appropriation lines in the fiscal year 2024 budget attached as Exhibit A is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.

I further notify the General Assembly, pursuant to Article IV, Section 27.3 of the Missouri Constitution, that I have taken no action to permanently reduce one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based in the fiscal year 2024 budget.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, this 16th day of October, 2023.

Introduction

In the 2019 session, the General Assembly passed Senate Bill 391, sponsored by Senator Mike Bernskoetter, which modified the laws relating to agricultural operations. The bill also established the "Joint Committee on Agriculture." The joint committee met and issued a report in 2020, 2021, 2022 and has continued its efforts in 2023.

The joint committee is tasked with studying the economic impact of the agricultural industry in the state, the industry's ongoing efforts to improve environmental stewardship while also improving the economic sustainability of agriculture, ways to incentivize members of the industry to adopt best practices to address Missouri's carbon footprint, and the public's views on agricultural issues in general. As required by the legislation, the joint committee must issue a report by January 15 of each year. In 2023, the joint committee continued to build on the work it had completed the preceding two years. The joint committee held two public hearings on June 27 and September 28, 2023, in Jefferson City.

Archived video of each hearing can be found on the House of Representatives website at <https://house.mo.gov/MediaCenter.aspx?selected=DebateArchive>.

Summary of Public Testimony

I. June 27, 2023 Hearing

At the June 27, 2023, hearing in Jefferson City, the joint committee heard testimony from representatives from different sectors of the agriculture industry. Most of the testimony spoke to the challenges the agriculture industry faces.

Dr. Scott Brown, from the University of Missouri's Food and Agricultural Policy Research Institute, discussed the volatility in the industry and its impacts on policy decisions, including the effects of inflation and labor availability. A copy of his presentation can be found in Appendix B.

Chris Klenklen, Deputy Director of the Department of Agriculture, testified on the ongoing drought in the state. In parts of the state, it was the driest it has been since 1988, with 93 percent of the state in drought conditions and 34 counties experiencing severe drought. The state Drought Assessment Committee has met and made recommendations. Several state agencies have opened property up for haying and pumping water. There are also drought assistance programs for farmers from the federal government.

Jim Anderson with the Wine and Grape Board spoke about the effects from weather over the past year on the wine and grape industry in Missouri. The early and late frosts and the drought starting this spring have damaged the 1,800 acres of grape vines in the state. Even with lower yields this year, growers must spend the summer working their vines to ensure future year's crops. Steve Carroll presented on behalf of the Missouri Wine Alliance and Missouri Vintners Association regarding the future of Missouri wine industry. The Wine Alliance plan to ask the General Assembly to request an appropriation for a research fermentation center at the University of Missouri in order to reach the next level of grape and wine production. A handout from the Missouri Wine and Grape Board can be found in Appendix C.

Tony Clayton, with Clayton Agri-Marketing in Jefferson City, gave testimony on how world markets are driving changes in the agricultural industry, especially for meat and milk. Clayton discussed the impact of livestock diseases on markets throughout the world and the ability to export to certain countries. He discussed how animal disease and testing of animals can affect the timing and cost of transporting animals; and the benefits of detailed animal tracking when exporting animals to foreign nations. A copy of his presentation can be found in Appendix D.

Casey Wasser with Missouri Soybean Association spoke to the committee about China's reduction in use of soy meal in animal feed and its impact on soybean farmers in the state. Brazil is our major competitor to U.S. soy. China has been aligning itself with Brazil for supply of its soybeans.

Missouri is a top producer of soy-based biodiesel and has a huge market for Missouri soybeans. Currently, the state of California is proposing requirements for engine manufacturers for electric vehicles. In the 1970's, EPA granted California authority to implement its own requirements beyond the federal Clean Air Act. If California reduces or eliminates its consumption of biofuels, Missouri would lose a billion gallons of consumption of biofuels.

The Soybean Checkoff, USEC, has launched a promotion of the use of soy meal in 13 different languages. The Soybean Association also has the Bay Farm Research Facility in Columbia and plans to have the committee tour the farm at Veto Session. The state and national checkoff can help with conservation and sustainability practices.

Ben Travlos with Missouri Farm Bureau discussed the organization's priorities for the next legislative session. One of the biggest challenges is the cost of obtaining health care coverage. Missouri Farm Bureau would like the authority to offer health care coverage to its members. Travlos also spoke about the organization's concerns regarding property rights, including ensuring that there is representation by those involved in agriculture on the Public Service Commission.

Darrick Steen with the Missouri Corn Growers Association testified to the committee about an EPA proposal for light and medium duty vehicles. The rulemaking would force manufacturers to phase out internal combustion vehicles by increasing the vehicle emission standards. This would reduce demand for biofuels, such as corn-based ethanol. Steen also discussed the effects of moving to electric vehicles and how that will effect rural Missourians.

Brent Hemphill, Missouri Pork Association, spoke to the committee regarding a U.S. Supreme Court decisions relating to California's Proposition 12. Proposition 12, passed by the voters of the state of California in 2018, established requirements for any pork producer that sells pork products in the state. The proposition set size requirements confinement buildings. The U.S. Pork Producers Association filed suit against the state claiming the proposition was a violation of the Commerce Clause of the United States Constitution. In May, the Supreme Court ruled in favor of California. Hemphill stated that for those Missouri producers that choose to comply with the California standards, this will be a new way of raising confined swine.

II. September 28, 2023 Hearing

At the September 28, 2023, hearing in Jefferson City, the committee heard presentations on legislative priorities from stakeholders and representatives. Below is a list of legislative priorities presented to the committee.

Critical Infrastructure Protection

Chair Haffner testified about his communication with staff from the offices of Senators Hawley and Schmidt and Congressman Alford regarding the "Enemies List" created by the Committee on Foreign Investment and impact on state legislation relating to foreign ownership of land, especially agricultural land. There is already a database managed by the Office of Foreign Assets Control within the federal Treasury Department and used by the financial industry in the state to ensure that transactions of land do not involve prohibited entities.

In addition, the Committee on Foreign Investment has proposed a rule change that would welcome military installations to the protected list, including Fort Leonard Wood. However, Whiteman Air Force Base and other critical infrastructure in the state are not on the proposed list.

Protecting critical security infrastructure cannot be separated from the protection of agricultural land from foreign ownership. There is a legislative framework being developed for the upcoming legislative session.

Environmental Social Governance (ESG)

Representative Terry Thompson express his concerns about the federal government's regulations of climate-related disclosures. Other countries are changing agricultural policies based on climate-related policies, including Canada enacting stringent regulations on the use of fertilizer and the Netherlands reducing livestock production in the country. There is a concern that federal environmental regulations will be used to implement ESG programs.

Last year, the House of Representatives adopted a resolution to urge the Missouri federal Congressional delegation to oppose any rules requiring companies to disclose climate change risk. However, legislation related to ESG did not move forward.

Taxation of Solar Panels and Property

Representative Kent Haden spoke about the development of large commercial solar farms in his district. In 2022, there was a task force to look into a taxation methodology but it did not come to a consensus. In 2023, there were several proposals filed to establish a methodology for taxing solar farms, but nothing was passed by the General Assembly. This leaves county assessors to determine the taxation methodology. This legislative session, the General Assembly will have to determine how to tax solar panels, both for private entities and for investor-owned utilities.

Rep. Haden also spoke to other concerns relating to the solar installations in his district. These concerns include the disposal of the panels after the useful life, the financial and legal protections for landowners entering contracts with solar companies, the loss of productive farmland, and county finances and infrastructure.

Eminent Domain and the Definition of an Electrical Corporation

Chair Haffner spoke about legislation proposed last year to ensure that the definition of “electrical corporation” does not give any person with a solar panel the ability to condemn land. This legislative session, there will be proposals to ensure that the ability to condemn land cannot be applied so broadly.

Ben Travlos with Missouri Farm Bureau testified in support of closing the statutory loophole that allows any energy producing structure to have condemnation authority. Missouri Farm Bureau has been working with stakeholders to find a legislative solution to the concern.

Public Service Commission

Travlos also testified regarding an effort to modernize the Public Service Commission. Farm Bureau has been working with utility stakeholders to find ways to protect farmers and other rural landowners while also protecting utility interests.

There are many utility projects on the horizon that will have an impact on private property owners. It is important that the rural voice is included in the decision-making process for utility projects. There are several proposals being looked at by stakeholders. One proposal Travlos discussed was a siting board model used in Kentucky. Last year, the legislative proposal aimed to increase rural representation and geographic representation.

Other Policy Issues

Rep. Thompson spoke regarding a proposal he sponsored last year to help fund the MO Bucks program within the Office of the Treasurer. With the MO Bucks program, participants can lower their interest rates by 30 percent. This legislation will help Missouri small businesses, including many farmers and rural Missourians.

Rep. Haden spoke about legislation that passed in the 2023 legislative session that increased the number of participants allowed in the large animal veterinary loan program to 12 veterinary students. However, in the 2024 session, the General Assembly will see a new proposal to increase the amount of the loan from \$20,000 to \$30,000 per academic year.
